

Fishermen's Memorial Monument Fundraising Event
Cheque Presentation
Saturday, May 3, 6:00 - 11:00 pm
Eastern Passage Fire Hall

Good evening,

I'm pleased to be here tonight in support of the Fishermen's Memorial Monument.

More than a tribute to an industry and the lives of its men and women, the monument will fill a special need for commercial fishing families. In many instances, those who are lost at sea simply vanish, leaving their loved ones without a word or a trace. The construction of this monument will provide their memory a residence, a site for family and friends to visit, to place flowers, to reflect and to heal. It also recognizes the community and our strong ties to the sea.

I commend the organizing committee for their efforts developing such a wonderful legacy project and I'm proud to offer my financial support.
