

Remarks
Walk for Muscular Dystrophy
Saturday, June 7, 2008 at 12:50 pm
Marriott Waterfront

Good Afternoon and Welcome...

Many of you gathered here today are all too familiar with Muscular Dystrophy. You have witnessed the impact that neuromuscular disorders have on the day to day lives of your friends, children and family members that are afflicted with MD.

We are here today to take action, in order to improve the lives of those that are affected by Muscular Dystrophy. Through your support of the Walk, you are helping to raise dollars that go towards education and various needed services.

The dollars that are raised here today, also go towards funding very important research, that bring improved treatment, therapies and resources to people living with MD, allowing them to live healthier and happier lives.

On behalf of my colleagues on Regional Council, I am pleased to bring greetings to the organizers and participants of the Walk for Muscular Dystrophy and to thank each and every one of you for your strong support of this most worthwhile cause.

Thank you very much!
