

Councillors Linda Mosher and Russell Walker would appreciate your attendance and input at the:

Chain of Lakes Trail Association Public Meeting

Shaping the Future of the Greenway Corridor

Date: Thursday, February 9, 2012

Time: 7:00 p.m. – 9:00 p.m.

Location: Canada Games Centre, 26 Thomas Raddall Drive *

Details:

Last June the Chain of Lakes Trail Association held an Annual General Meeting and a public workshop to identify what other amenities residents would like to see as part of the new Chain of Lakes Trail. Suggestions included but were not limited to: connections to other communities, tree planting, benches, interpretative signage, and washrooms.

As a result of feedback from the meeting and correspondence to the committee, a ten year plan was developed.

We would like your feedback on the short term and long term priorities for this trail (as funding becomes available). Detailed plans and costing estimates for the Chain of Lakes Greenway Corridor Development Plan will be available at the meeting for public input.

*Meeting room is the “Board Room” – enter main door, turn right, meeting room is on the left.
