

## **REQUEST FOR PROPOSALS**

### **OVERFLOW DETECTION & MEASUREMENT**

Sealed Request for Proposals plainly marked on the envelope “Overflow Detection & Measurement”, will be received by the undersigned until 3:00 p.m., local time, Wednesday, August 11, 2010.

The Halifax Regional Water Commission (Halifax Water) is soliciting proposals for consulting engineering services relating to design, tender and construction phases for the implementation of level measuring devices in selected wastewater pumping stations and development of the associated calculations to derive flow rates for overflows at these locations. This is the first phase of Halifax Water’s overflow monitoring program to be implemented over the next few years.

The RFP documents may be obtained from the cashier and information counter at Halifax Water, 200 Bluewater Road, Suite 201, Bedford, NS, free of charge. Documents will also be available via fax or email by sending your contact information to Melissa White at [MelissaW@halifaxwater.ca](mailto:MelissaW@halifaxwater.ca) or phone (902) 490-4271, specifying your preferred delivery method.

Proposals shall be completed in accordance with the RFP document. The right is reserved to reject any or all proposals or to accept any proposal that may be considered in the best interest of Halifax Water.

Further inquiries may be addressed to Peter Maynard, P.Eng., Project Engineer, via email at [peterma@halifaxwater.ca](mailto:peterma@halifaxwater.ca) or by phone at (902) 490-3685.
