

## Public Service Announcement

### **Update-Water Main Work-Akerley Boulevard**

**(Wednesday, January 11, 2012)** – Repair work to a section of the 24 inch water main on Akerley Blvd. is continuing. It is anticipated the work will carry on well into the evening hours tonight, and possibly into early hours of Thursday morning. This planned work is part of Halifax Water’s Leak Detection Program.

The work is taking place in the outbound(westbound) lanes of Akerley Blvd. between Fielding Ave. and Isnor Drive. Both outbound(westbound) lanes of Akerley Blvd. will be closed to traffic between Fielding Ave. and Isnor Drive. The 2 inbound(eastbound) lanes of Akerley Blvd between Fielding Ave and Isnor Dr. will be converted to way traffic.

Experienced traffic control personnel are on-site to ensure smooth traffic flow. On site personnel will also maintain communication with local residents and businesses to help minimize disruption.

Motorists are asked to use alternate routes where possible and to proceed carefully through the work zone. **Motorists are also reminded that speed fines double in work zones.**

We apologize for any inconvenience this necessary infrastructure work may cause.
