## **Accessible Service Overview**

Metro Transit is pleased to offer its customers accessible service through the use of low floor (ALF) buses on the majority of its fixed-routes, with over 60% now accessible for mobility-impaired customers.

Amendments to Metro Transit's accessibility policy and procedures have resulted in increased access to other bus stops and routes for mobility-impaired customers. This booklet outlines the various fixed-route accessible service categories and definitions, and a list of bus stops that remain inaccessible to mobility-impaired customers.

---

### **What is an Accessible Low Floor (ALF) bus?**

ALF buses offer mobility-impaired customers greater freedom and flexibility when travelling on fixed-route bus service by offering many options and features including:

- » No step entry and exit
- » Bus lowers to curb level
- » Entry and exit ramp for quick and safe mobility device access
- » Two wheelchair safety secures per bus
- » Extra wide doors and aisles
- » Easy to read electronic exterior destination signs
- » Features the international accessibility symbol on all 4 sides of the bus

---

### **Which routes use ALF buses?**

Over 60% of Metro Transit's fixed-routes are designated as accessible for mobility-impaired customers with the following features:

- » Only ALF buses are used on these routes
- » Accessible bus stops with concrete landing pads (minimum size 1.5 m. x 2.5 m), leading to a sidewalk to continue your travel
- » Ability to deploy the accessible ramp for mobility-impaired customers

The following Metro Transit routes and services are deemed to be accessible, including fixed-route, MetroLink and MetroX bus services, and ferry services:

- » Route #1 Spring Garden\*\*
- » Route #2 Wedgewood
- » Route #3 Mumford
- » Route #4 Rosedale

## Which routes use ALF buses? (con't)

- » Route #6 Quinpool
- » Route #7 Robie
- » Route #8 Waterfront
- » Route #9 Barrington
- » Route #11 Dockyard\*\*
- » Route #14 Leiblin Park
- » Route #15 Purcells Cove
- » Route #16 Parkland\*
- » Route #17 Saint Mary's
- » Route #18 Universities
- » Route #19 Greystone
- » Route #21 Lakeside/Timberlea
- » Route #22 Armdale
- » Route #23 Timberlea/Mumford
- » Route #51 Windmill\*
- » Route #52 Crosstown\*
- » Route #53 Notting Park\*
- » Route #54 Montebello
- » Route #56 Dartmouth Crossing
- » Route #57 Russell Lake
- » Route #58 Woodlawn\*
- » Route #60 Eastern Passage/Heritage Hills\*
- » Route #61 Auburn/ North Preston\*
- » Route #62 Wildwood\*
- » Route #63 Woodside\*
- » Route #64 Akerley\*
- » Route #65 Caldwell
- » Route #66 Penhorn
- » Route #72 Portland Hills
- » Route #87 Glendale\*
- » Route #88 Bedford Commons
- » Route #89 Bedford
- » Route #90 Larry Uteck (effective Nov.21, 2011)
- » Route #159 Portland Hills Link
- » Route #165 Woodside Link
- » Route #185 Sackville Link
- » Route #330 Tantallon MetroX
- » Alderney, Halifax & Woodside ferry routes

*\* The Bridge Terminal is currently not accessible, however a new accessible terminal is under construction and scheduled for completion in the summer of 2012. Until that time, mobility-impaired customers are encouraged to use other standard ALF bus stops on streets adjacent to the Bridge Terminal including the stop in front of the Dartmouth Sportsplex, which has been assigned a 24-hour priority for snow clearance, to assist mobility-impaired customers until the new terminal is completed.*

*\*\*Routes #1 & 11 only service the Bridge Terminal platform on the Dartmouth side of the Macdonald Bridge; therefore mobility-impaired customers should use alternative routes in order to load or disembark near the Bridge Terminal in Dartmouth.*

## How do I find accessible service maps and schedules?

Schedule and route information is available in Metro Transit's Route Map & Riders' Guides, which are available at the following locations:

- » Website: [halifax.ca/metrotransit](http://halifax.ca/metrotransit)
- » Call: 490.4000, 7 days a week,  
7 am - 11 pm, excluding holidays
- » Email: [contactHRM@halifax.ca](mailto:contactHRM@halifax.ca)
- » Retail outlets: for a list, refer to the Riders' Guide or visit [halifax.ca/metrotransit](http://halifax.ca/metrotransit)

For trip planning assistance, call 490.4000; for bus departure times, call the GoTime # on your bus stop sign.

---

## How do I use an ALF bus?

When using ALF buses, mobility device customers are asked to respect the following guidelines:

### *Maximum Size Dimensions*

Wheelchairs: 48"L x 30"W

*(most manual & some electric models can be accommodated)*

3-wheel scooters: 40"L x 21.125"W

4-wheel scooters: 40.25"L x 21.25"W

### *Boarding & Disembarking Procedures*

- » Customers must be able to independently board and disembark the bus, deposit the fare, and manoeuvre into the allocated wheelchair space.
- » If a customer using a mobility device requires additional assistance, they must be accompanied by a personal care attendant; who, with Metro Transit approved identification travels at no extra charge. To register a personal care attendant and obtain proper identification, contact Metro Transit at 490.6681 or TTY/TDD 490.6664.
- » If both of the designated accessible spaces on the bus are occupied, or if the bus is full with a standing load and the operator cannot board a customer in a mobility device, the operator will advise the customer to wait for the next ALF bus. The operator will notify the Transit Communications Centre of the situation to alleviate wait times. The operator may ask another customer to voluntarily vacate a designated accessible space for a mobility device customer; however, the operator cannot displace another fare paying customer if they decline to move.

## **How do I use an ALF bus? (con't)**

- » Mobility-impaired customers are reminded to board and disembark via the front door.

### *Restraint Procedures*

- » Customers using scooters must be able to manoeuvre the scooter into the docking area and transfer to a fixed transit seat while travelling.
- » Wheelchairs must be in good condition, with a webbing loop attached to the main frame whenever possible, to enable the operator to properly secure the mobility device.
- » All mobility scooters require (4) anchor/tie down points to secure the device on the bus. These can be purchased at local drugstores or mobility device dealers.
- » Operators are responsible for properly restraining the mobility device, using the tie-down system.

To arrange an orientation session, or if you are uncertain if your mobility device can be accommodated on an accessible low floor bus, or whether you will be able to manoeuvre it into the space provided, contact 490.4000.

---

## **If I see an ALF bus on a route not designated as accessible, can I use it?**

Accessible Low Floor (ALF) buses will pick up or drop off customers in wheelchairs regardless of the route, so long as the accessible ramp can be lowered to load or unload the customer. A list of the bus stops that are inaccessible, where the ramp cannot be deployed under any circumstance, is found at the back of this handbook.

### **Important Note**

Metro Transit cannot warrant the safety of customers with disabilities disembarking at locations not designated as standard ALF bus stops, and accepts no responsibility for risks to the customer associated with disembarking at these locations. It is incumbent on customers to evaluate, in light of their own individual circumstances, the suitability of disembarking at the selected location.

## Bus Stop Sign Categories

### Standard ALF Bus Stop

Bus stop that meets Metro Transit's accessible standards; where the ramp can be deployed, the bus stop has a concrete landing pad (minimum size 1.5 m. x 2.5 m) with access to a sidewalk, and ALF buses are used to serve designated accessible routes at this stop.

### Inaccessible Bus Stop

Bus stop where the ramp cannot be deployed.

### Non-Standard ALF Bus Stop

Bus stop where the ramp can be deployed, but these stops are not considered accessible under Metro Transit standards and may only be used at the individual's own determination and risk.

## Can I use the Request Stop program?

The Request Stop program provides all fixed-route customers with the opportunity to disembark at mutually agreed upon locations in between designated bus stops for safety at night. This program will be extended to mobility-impaired customers 24 hours a day, if it becomes reasonably necessary to accommodate them. This would likely occur in situations of adverse weather or for safety reasons.

## What if I require assisted accessible transit service?

Should customers require assisted accessible service, please contact Metro Transit's Access-A-Bus department at 490.6681 or TTY/TDD 490.6664, or visit [halifax.ca/metrotransit](http://halifax.ca/metrotransit). Access-A-Bus is a shared ride, door-to-door transit service for persons who are unable to use the fixed-route transit system due to physical or cognitive disabilities, and are declared eligible through a registration process. The Access-A-Bus service is meant to supplement Metro Transit's fixed-route system.

## INACCESSIBLE BUS STOP LIST

The following is a complete list of bus stops listed by route, that are inaccessible to mobility impaired customers because the accessible ramp on the bus cannot be lowered without damage resulting to the ramp. Metro Transit is committed to making the required improvements to these bus stops to convert them to accessible stops as capital budgets allow in future years.

To properly identify the inaccessible bus stop locations by route, see the sample below:

### Route #1 Spring Garden

**7151/8640/8641/8642** BRIDGE TERMINAL  
**8638** MACDONALD BRIDGE EXIT RAMP  
**6617** EAST PERIMETER RD <FS> MUMFORD RD  
**6618** EAST PERIMETER RD 2ND STOP

### Route #2 Wedgewood

**8481** WEDGEWOOD AVE <OP> CIVIC 47  
**8479** WEDGEWOOD AVE <NS> BEECHWOOD TERR  
**8480** WEDGEWOOD AVE <OP> CIVIC 17  
**7163** MAIN AVE <FS> FORD ST

### **Community Transit - Beaver Bank & Porter's Lake**

At this time, both the Beaver Bank and Porter's Lake Community Transit routes are inaccessible to mobility-impaired customers. Metro Transit plans to review these community routes to identify future fixed bus stop locations which may increase access to these routes for mobility-impaired customers.

For the most up to date version of this list, call 490.4000 or visit the Accessible Low Floor (ALF) link at [halifax.ca/metrotransit](http://halifax.ca/metrotransit).

## ACRONYM LEGEND

### Legend

OP = Opposite (side of street)

AT = At (in front of)

FS = Farside of intersection

NS = Nearside of intersection

EB = Eastbound

WB = Westbound

NB = Northbound

SB = Southbound

IB = Inbound (Towards Downtown Halifax or Bridge Terminal)

OB = Outbound (Away from Downtown Halifax or Bridge Terminal)

BT= Between

TBC= To be confirmed
