

## **Metro Transit's Snow Plan for 2009-2010**

### *Re-Routing Transit Services during Winter Road Conditions*

During severe winter driving conditions, the safety of Metro Transit's operators and its passengers is of the utmost importance.

In consultation with the RCMP, the Halifax Regional Police and HRM Public Works, the snow plan is designed to maintain service levels while minimizing disruptions by re-routing buses in areas consistently known to be troublesome during severe winter weather conditions.

**Please note that while the snow plan is in effect, Accessible Low Floor Service (ALF) on regular bus service will be suspended until bus stops have been cleared.**

When the snow plan is put into operation, the following detours will be in effect (\*indicates ALF routes):
