### **Access-A-Bus Transit Study – Public Information Sessions**

Metro Transit and IBI Group are conducting two Public Information Sessions as part of its Access-A-Bus Transit study for 2010.

The study will determine how the Access-A-Bus transit service can better meet the needs of its clients through the review of its current Access-A-Bus policies and procedures; the development of service improvement options; and the development of an action plan to guide the implementation of Access-A-Bus transit service improvements over the next 5 to 10 years.

We invite you to attend one of the following Public Information Sessions to provide input into Metro Transit's Access-A-Bus service.

Wednesday February 24, 2010  
Saint Andrews Community Centre  
6955 Bayer's Road, Halifax  
From 5:30 pm to 8:30 pm

Thursday, February 25, 2010  
Dartmouth High School  
95 Victoria Road, Dartmouth  
From 5:30 pm to 8:30 pm

The session will consist of a 15-20 minute presentation at 5:45 pm and then again at 7 pm, each followed by a question and answer period.

For registered Access-A-Bus clients wishing to attend either session, please contact the AAB Scheduling Department at 490-6999.

For those travelling on conventional fixed route transit service, the Saint Andrews Community Centre is serviced by routes #2 Wedgewood, #17 Saint Mary's (ALF), #80 Sackville, and #81 Hemlock Ravine.

Transit service to Dartmouth High School is available via routes #10 Dalhousie, #53 Notting Park (ALF), and #55 Port Wallace (nearby on Thistle Street).

For detailed route and schedule information, visit [www.halifax.ca/metrotransit/Schedules/index](http://www.halifax.ca/metrotransit/Schedules/index) or contact the HRM Call Centre at 490-4000.
