How to use this bus schedule

This booklet contains timetables for all Metro Transit routes, in numerical order. The example below explains how schedule information is displayed, route names and numbers, destination, timing points, GoTime numbers, days of operation and frequency of service.

Listed below the routes are the times when buses are scheduled to leave each stop. Reading from left to right will provide the approximate travel time between stops (dashes indicate a halt in service).

Please check footnotes for additional route and schedule information.

GoTime

The four digit number at the top of the column is the stop's GoTime number. Dial 480+the GoTime number to hear when the next two buses for each route will be leaving the stop (see page 3 for details on the new GoTime system).

Policies & Guidelines

For the comfort and safety of Metro Transit passengers, we ask that all passengers follow our 'rules of the road and sea'. Please note that references to Metro Transit vehicles include both buses and ferries.

Smoking

Passengers are not permitted to smoke while on transit vehicles, at bus shelters and terminals, or in ferry terminals in accordance with the provincial Smoke Free Places Act.

Food and Beverages

Food and beverages are not permitted on buses due to specific safety issues related to sudden stops and starts; however they are permitted on the ferries. Passengers wishing to transport food or beverages are asked to store items in rigid containers with secure lids for the duration of their bus trip. Disposable cups with lids are not acceptable.

Animals

With the exception of working dogs in a harness, animals are not allowed on Metro Transit vehicles unless properly restrained in a closed cage. Large dogs and exotic animals are prohibited.

Clothing

Passengers are required to wear a shirt or top, pants/shorts or other appropriate bottoms and footwear while travelling on Metro Transit vehicles.

Scents

Passengers are asked to respect the comfort of others who are sensitive to fragrances and consider a 'scent free' environment.

Passenger Conduct

Metro Transit is committed to providing a safe and respectful environment for all customers and employees. Passengers are required to refrain from the use of offensive or aggressive language and behavior. Should a passenger demonstrate these behaviors, the Bus Operator has the right to use his/her discretion and ask the passenger to leave or refuse entrance to the bus.

Other Policies

- Passengers using audio/video equipment such as radios, walkman or DVD players are asked to use earphones and adjust the volume accordingly as to not disturb other passengers.
- Passengers entitled to a reduced fare must present required identification upon boarding. If ID is not available, the full adult fare must be paid.
- Rollerblades are prohibited on Metro Transit vehicles.

Important Information

Metro Transit operators do their best to follow the posted schedules in order for you to arrive at your destination safely and on time. However, on occasion, road construction, inclement weather or traffic tie-ups may cause delays in the schedule. Your patience and understanding is appreciated during these times.

Cost

Please see fare structure on the back cover of the booklet. Fares Subject to Change.

Transfers

Coloured transfers are valid for up to 90 minutes after the last time point on the route and can be used inbound or outbound on any Metro Transit routes & services.

Punch marks specify the issue date, while the tear away indicates the transfer's expiration time.

Metro Transit asks that passengers request the transfer when boarding the bus or ferry.

Additional transfer fare is required for MetroLink and MetroX..

GoTime system and bus stop signs

Metro Transit's GoTime system, which tracks the buses and provides real-time bus departure times for passengers, is being replaced and upgraded. The ongoing system upgrade includes a change in the GoTime numbers for each of our 2500 bus stops, in addition to a new prefix to access the system. **Instead of 465+the GoTime number, it will now be 480+GoTime number.** As a result of this major change, Metro Transit has also redesigned its standard bus stop signs. The new signs include the new Metro Transit branding, logo, and a new format to include the GoTime number at the bottom of the sign.

During the transition period of switching from the old to the new GoTime system, passengers will not have regular access to real time departures from each stop; however, scheduled time will still be available. Once it is operational, it will be much more efficient for both transit operations and our passengers. For more information on the new GoTime system, please contact the HRM Call Centre at 490-4000 or go to: www.halifax.ca/metrotransit.

Bicycles and Metro Transit

In order to provide sustainable transportation options to HRM, Metro Transit has introduced three new designated bike routes; the conventional routes #56, #72 & the new Tantallon MetroX service, route #330, in addition to the existing MetroLink #159, #165 and #185.

For information on how to use the bike racks, visit www.halifax.ca/metrotransit/MetroLinkBikeRackGuide.

Schedule changes

Schedule adjustments are made at regular intervals throughout the year (Feb., May, Aug., & Nov.)

The next schedule adjustment is due on **Nov. 23 2009**

Please refer to the Go Times, Riders' Guide and Route Maps, visit our website www.halifax.ca/metrotransit or call the HRM Call Centre approximately 2 weeks prior to the schedule change for more information.

Lost & Found

For lost items, please call the Lost & Found at **490-6617** from 8a.m. to 4p.m., Monday to Friday.

Passenger Safety

We ask that you be aware of the following procedures for your comfort and safety.

Should a passenger be approached or menaced in any way by another passenger while on a Metro Transit vehicle, please remain on board and advise the operator of the incident. The operator will call for assistance, if required.

Request a Stop, a program initiated by the Metro Transit Safe Ride Committee, is offered to unaccompanied persons; particularly women, children & seniors using regular service after 6 p.m.

If you wish to disembark at a location other than a regular bus stop along the route, speak with the operator at least one stop before your desired stop. For safety reasons, exit via the front door of the bus.

In order to meet your request, the operator must be able to stop safely and obey transit safety regulations. Therefore, the operator has the the right to deny your request and choose an alternate stopping point.

Backpack Safety—Passengers with backpacks are asked to be considerate of other passengers, as backpacks take up additional space in the buses. If possible, please remove backpacks while on the bus and use caution as to not hit a fellow passenger.

Strollers and Children—Strollers are permitted on Metro Transit vehicles. After boarding, a child may be left in the stroller if space permits; however, the stroller cannot block the aisle or impede the movement of other passengers. The brakes must be engaged and the stroller must be held at all times. Should the adult choose to remove the child from the stroller, the stroller must be folded and stored in a safe position. Young children should be accompanied by an adult when travelling on Metro Transit vehicles.

Transfers on Metro Transit Buses & Ferries

Coloured transfers are valid for up to 90 minutes after the last time point on the route and can be used inbound or outbound on any Metro Transit routes & services.

Punch marks specify the issue date, while the tear away indicates the transfer's expiration time.

Metro Transit asks that passengers request the transfer when boarding the bus or ferry.

Additional transfer fare is required for MetroLink and Community Transit services.

Courtesy to mobility-impaired passengers

Ramp-equipped or low floor buses currently serve 26 of Metro Transit's 56 routes. With new accessible buses continuing to arrive each year, the number of accessible routes will continue to expand.

Passengers who request the use of a ramp should board and exit the accessible bus at an accessible stop. These are indicated with the blue international wheelchair symbol. Passengers may occasionally come across an accessible bus running on a non-accessible route. In these instances, Metro Transit unfortunately cannot provide service due to safety concerns.

At a crowded bus stop, as a courtesy, we ask passengers to allow mobility-impaired persons to board first and/or yield the courtesy seat at the front of the bus. In turn, when disembarking, mobility-impaired passengers are asked to exit the bus last.

Tax Credit for Public Transit Pass Holders

EFFECTIVE JULY 1ST, 2006, the Federal Government announced it would provide a tax credit to public transit pass holders. This includes the MetroPass offered by Metro Transit. The Canada Revenue Agency has outlined a list of conditions for people to receive their tax credit. Of the conditions listed, the only one transit systems did not practice was to print the price on their monthly passes. Beginning in June 2007, Metro Transit has printed the price on all of its passes. This means that passengers are only required to submit their pass for the tax credit instead of a receipt.

More information on how to obtain a tax credit for transit passes is available at www.transitpass.ca.

MetroPass Conditions of Use

- Passes are non-transferrable & non-refundable and may be confiscated for misuse. Unauthorized reproduction of MetroPasses constitutes fraud and offenders will be prosecuted.
- The MetroPass must be signed in ink.
- Metro Transit is not responsible for any lost or stolen passes.
- Any pass found should be returned to one of our employees.
- Student MetroPass: Upon boarding the bus or ferry, student pass holders must show a current, full-time student photo I.D.
- Child/Senior MetroPass: Seniors must show proof of age 65 or older. Children must be between the ages of 5 & 15 years—proof of age may be required.
