#### Other Property(s) affected

PID	PID	PID

### ENCUMBRANCES

Describe any easements, restrictive covenants or other encumbrances affecting the subject land(s):
--

### CULTURE/ HERITAGE

<b>Is this a registered Heritage Property?</b>			
<input type="checkbox"/> Municipal	<input type="checkbox"/> Provincial	<input type="checkbox"/> Federal	<input type="checkbox"/> No
Does this property abut a registered Heritage Property?			
<input type="checkbox"/> Yes		<input type="checkbox"/> No	

## Planning Application Form

### MINOR Applications

**\$330 Processing Fee + \$450 Advertising Deposit\* = \$780.00**

- Time Extensions (Advertising Deposit not required)
- Discharge Development Agreement (Advertising Deposit not required)

\*Where costs differ from the deposit, the balance will be charged or refunded to the applicant.

### DRAWING STANDARDS

Plans shall be prepared by the appropriate qualified professionals (i.e., engineer, architect, landscape architect, surveyor, etc.) who are members in good standing with their professional associations, and are to be based on the best available and most current mapping or aerial photos. All plans are to include a north arrow, scale, legend, and drawing/ revision dates. The type of plan (e.g."Site Plan") shall appear in a title block in the lower right portion of the drawing.

#### **NOTE 1**      ***Detailed Site Plan***

The site plan shall include:

- Dimensions and area of all subject lands based on the most recent surveys and legal descriptions
- Location and names of all existing and proposed streets, registered easements, and rights-of-way,
- A key plan, property identification (PID #, lot number, and/or civic number), and name of property owner
- For developments involving new street construction, the same information required in the *Regional Subdivision By-law* (section 94) for Concept Plans
- The location of any municipal service boundary on the site (if applicable)
- The footprint and area of proposed buildings, setbacks from all property boundaries, and the location of any existing buildings or structures to be retained or demolished
- Existing and proposed grades and spot elevations at all building corners; (or a separate grading plan)
- Driveway locations and parking layout
- Surface type (e.g. asphalt, gravel, sod, woodland etc.) and areas of existing vegetation to be retained
- Proposed ground sign locations

#### **NOTE 2**      ***Preliminary Landscape Plan***

The preliminary landscape plan shall be prepared by a Landscape Architect and provide details on:

- General description of type and location of hard and soft surface materials
- General description of proposed plant material (e.g. deciduous trees, coniferous shrubs, sod) graphically shown on the plan
- General location and type of fencing, retaining walls and site furnishings
- Delineation of areas of existing trees to be retained
- Description or details of proposed method(s) of tree protection

#### **NOTE 3**      ***Building Drawings***

Building drawings shall be prepared by a qualified professional and include the following details:

- |   |   |
|---|---|
| <input type="checkbox"/> Height and number of storeys           | <input type="checkbox"/> Angle controls (if applicable)                                   |
| <input type="checkbox"/> View plane locations, where applicable | <input type="checkbox"/> Signage (if applicable)  |
| <input type="checkbox"/> Building materials and colours         | <input type="checkbox"/> Renderings of all elevations                                     |
| <input type="checkbox"/> Pattern and size of windows            | <input type="checkbox"/> Floor Plans with uses labelled, location, type & number of units |
| <input type="checkbox"/> Roof lines                             |   |

## Planning Application Form

### **NOTE 4**      **Traffic Impact Statement/Study**

The traffic impact statement/study shall be prepared and stamped by a Professional Engineer in accordance with the current version of HRM's *Guidelines for the Preparation of Transportation Impact Studies*. These studies may require input from the NS Department of Transportation and Infrastructure Renewal. Copies of these requirements are available upon request.

### **NOTE 5**      **Micro Climate Conditions**

- Shadow Study which evaluates the shadow impact for various times during the day on each of the following dates: March 21, June 21, September 21 & December 21
- Wind Mitigation Strategy which predicts wind impacts and advises of methods to reduce them

### **NOTE 6**      **Servicing Schematics**

The Preliminary Servicing Plans shall be prepared by a Professional Engineer in accordance with the *Municipal Service Systems Design Guidelines* and shall contain at a minimum:

*For Development not requiring street construction:*

- Lot layout and building footprint
- Preliminary lot grading showing grading/drainage directions (general intent)
- Driveway location(s) including dimensions
- Sewer lateral locations including size
- Water lateral locations including size
- Existing trunk services that will service the property
- Preliminary sanitary flow calculations
- Preliminary storm flow calculations (pre and post development)

*For Development requiring street construction:*

- Proposed street and lot layout
- Proposed central services size and location & direction of flow (water, sanitary and storm)
- Proposed forcemain and pumping station locations (if required)
- Existing trunk services that will service the project
- Existing street network abutting the project
- Preliminary lot grading showing grading/drainage directions (general intent)
- Preliminary sanitary flow calculations
- Preliminary storm flow calculations (pre and post development)

**The level of detail shown on servicing schematics shall be relative to the scale of the development.** The above represents minimum standards acceptable for typical planning applications.

### **NOTE 7**      **Preliminary Stormwater Management Plan/Drainage Plan**

These plans shall be prepared and stamped by a Professional Engineer in accordance with the *Municipal Service Systems Design Guidelines*, any applicable provincial requirements, and HRM's *Regional Subdivision By-law*.
