

**FRONT ELEVATION**

SCALE 1/8" = 1'-0"

**REAR ELEVATION**

SCALE 1/8" = 1'-0"

**DESIGN NOTES:**  
 All prices and specifications related to this project are the property of UNIFAKES GROUP. Design may not be reproduced, copied, or used for construction purposes without the approval of the design professional in writing. This drawing may not be scaled. The architect has checked and verified all dimensions and specifications against actual project and site conditions, and reports any discrepancies to the designer before processing with the user.  
 The designer (s) will not be responsible whatsoever for any changes in design and/or construction materials on site, without his/her written consent from the designer.  
 The designer reserves the right to conduct periodic site reviews during the construction process to ensure conformance with the design and applicable NBCC and Municipal Bylaws and regulations.
