Council Chamber

INTERIM GROWTH MANAGEMENT PLAN AMENDMENTS

Regional Council passed the following motion:

- Move First Reading and set public hearing date(s) to consider adoption of proposed amendments to those documents contained within Attachment 7 as outlined in the report (Attachment 7)
- Request the Province of Nova Scotia provide HRM the authority to require hydrogeological assessments during the development application process.
- The policy and applicable pre-amble highlighted in italics below under "Discretionary Planning Approvals" shall be deleted from all municipal planning strategies:

"Further, the number of lots which can be subdivided created under a development agreement shall be limited to the same restriction applied to new roads under Concept Plans."
