

SECTION 4

RECREATION

QUESTION 20a

About half of HRM residents do recreation activities three or more days a week. There are no significant differences in activity levels across non-Rural regions, while Rural residents appear to be much less active.

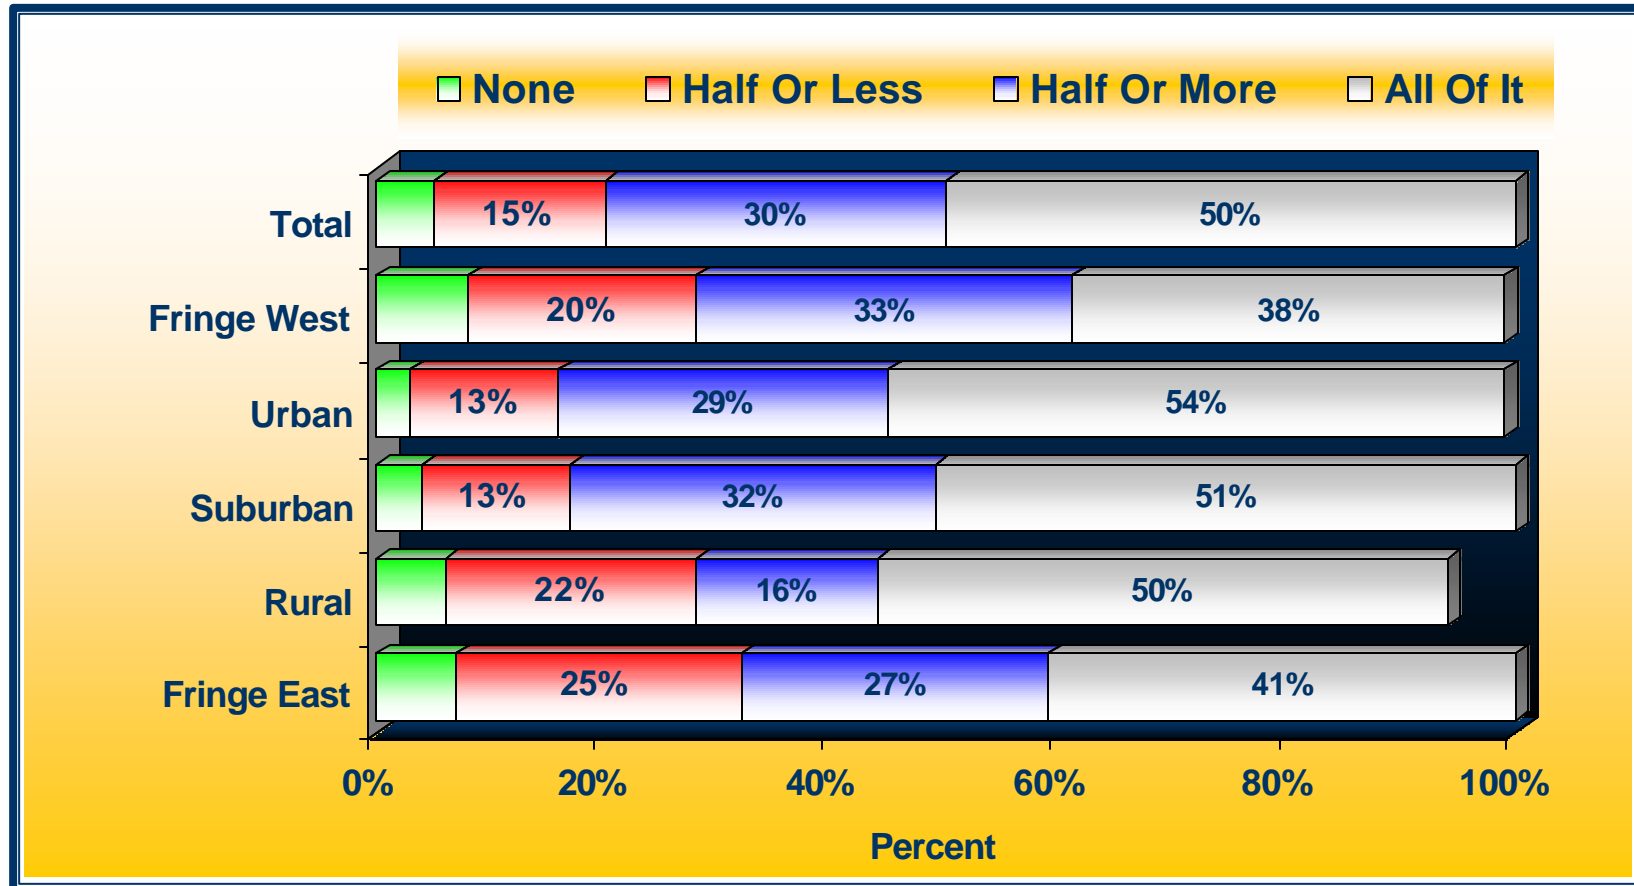

SECTION 4

RECREATION

QUESTION 20b

Half of HRM residents spend all recreation time in their community, while another 30% spend half or more in their community. Fringe West and East residents spend a lower percentage of recreation time in their community.

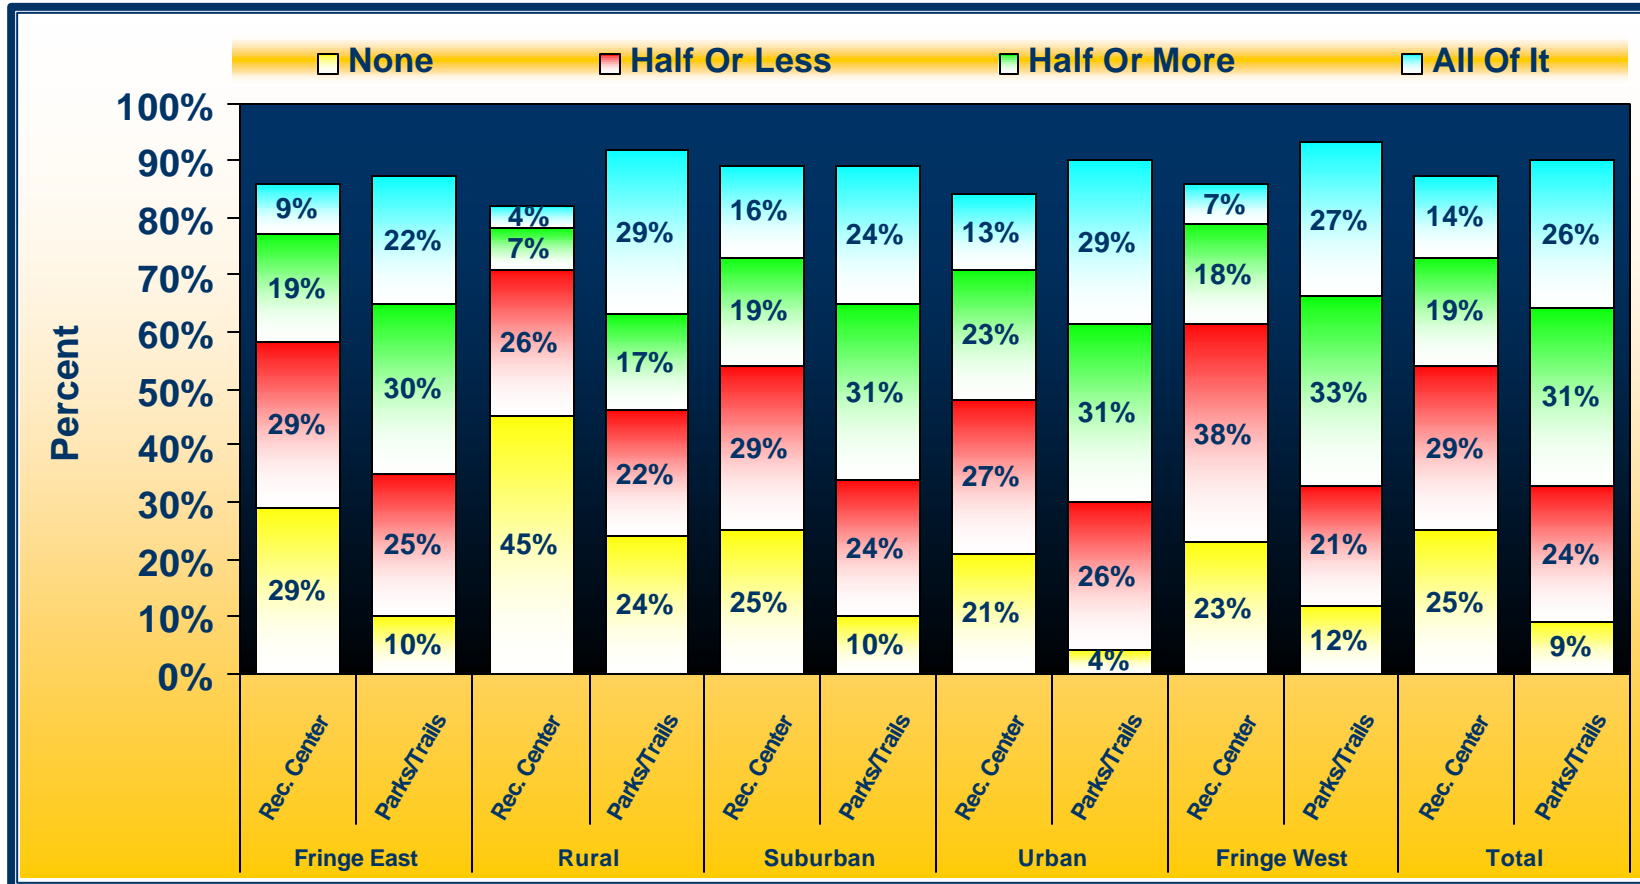

SECTION 4

RECREATION

QUESTION 20c

About 30% of residents spend half or less of their recreation activity in a Recreation Center, while 26% spend all of it on Parks/Trails. Recreation Centers seem to be a significantly less important place for Rural residents to conduct their recreation activities.

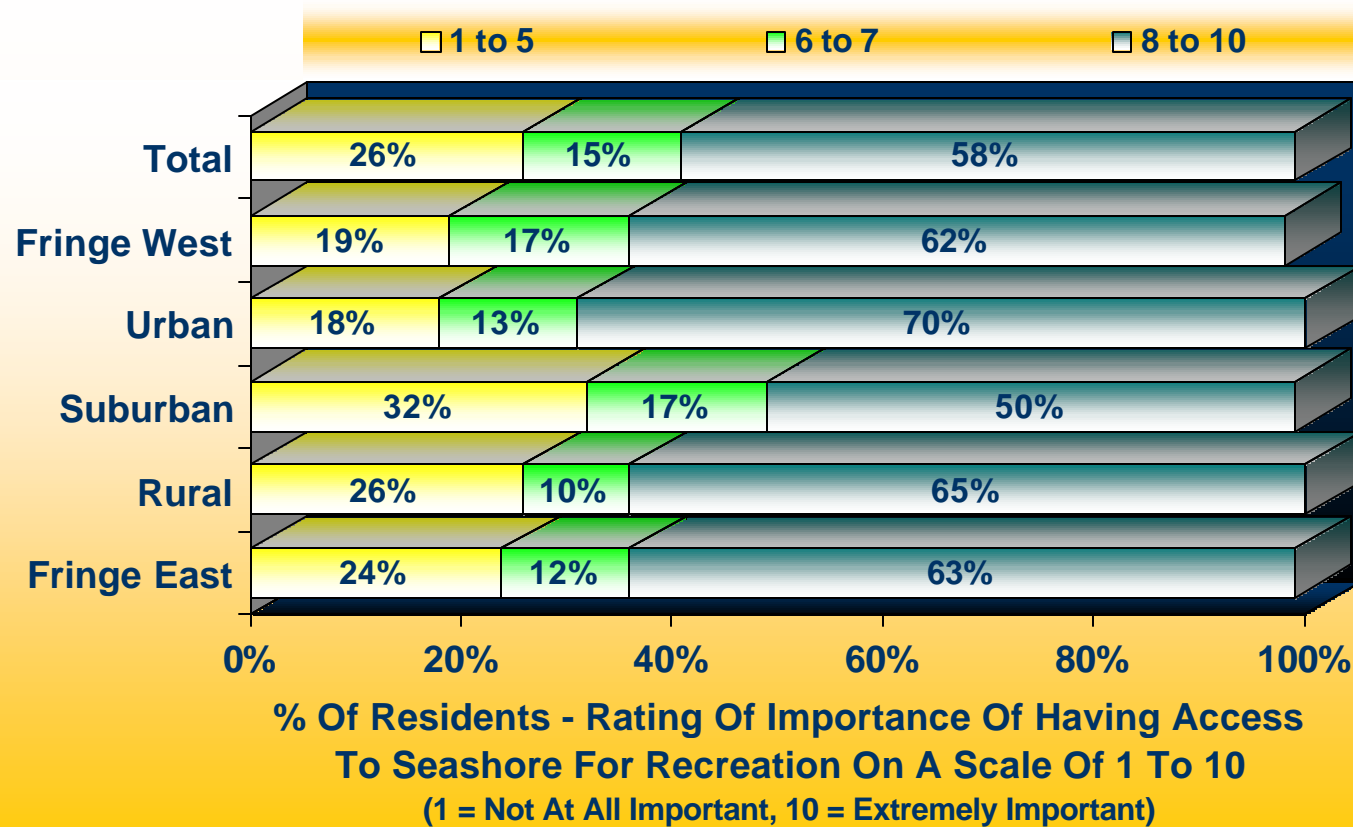

SECTION 4

RECREATION

QUESTION 21

Almost 60% of HRM residents rate having access to the Seashore for recreation as at least an 8 out of 10 in terms of importance. Suburban residents rate having access to the Seashore for recreation as being significantly less important than Urban residents do.

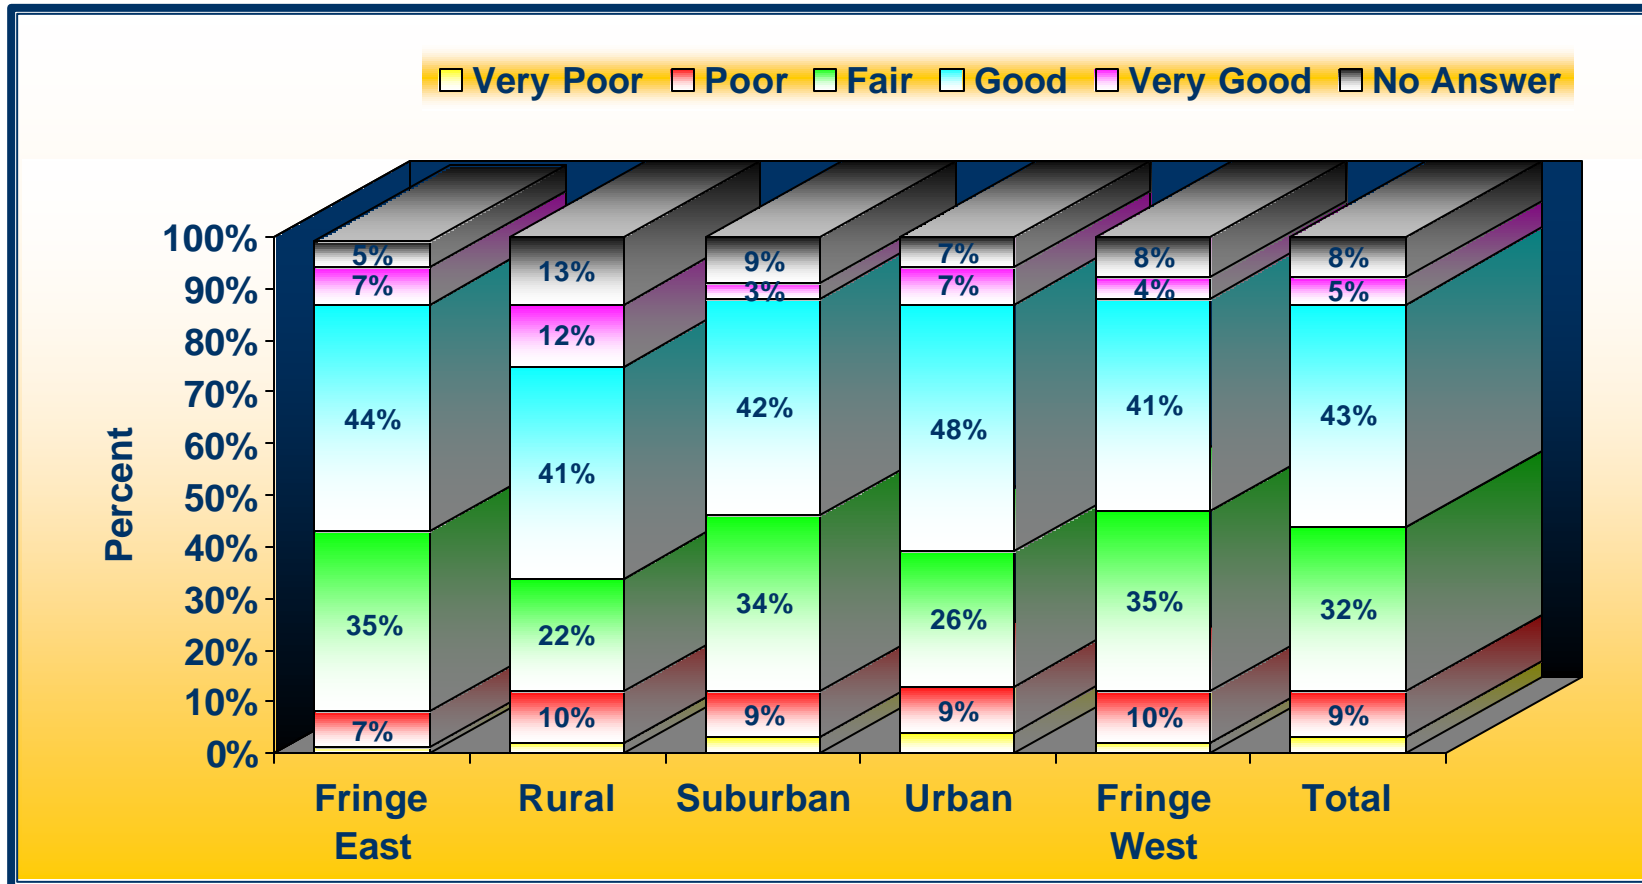

SECTION 4

RECREATION

QUESTION 22a

One-third of residents rate the quality of municipal parks and playgrounds in HRM as "Fair" in the area of "Cleanliness". Residents in all regions rate the quality of municipal parks and playgrounds in HRM about the same in this respect.

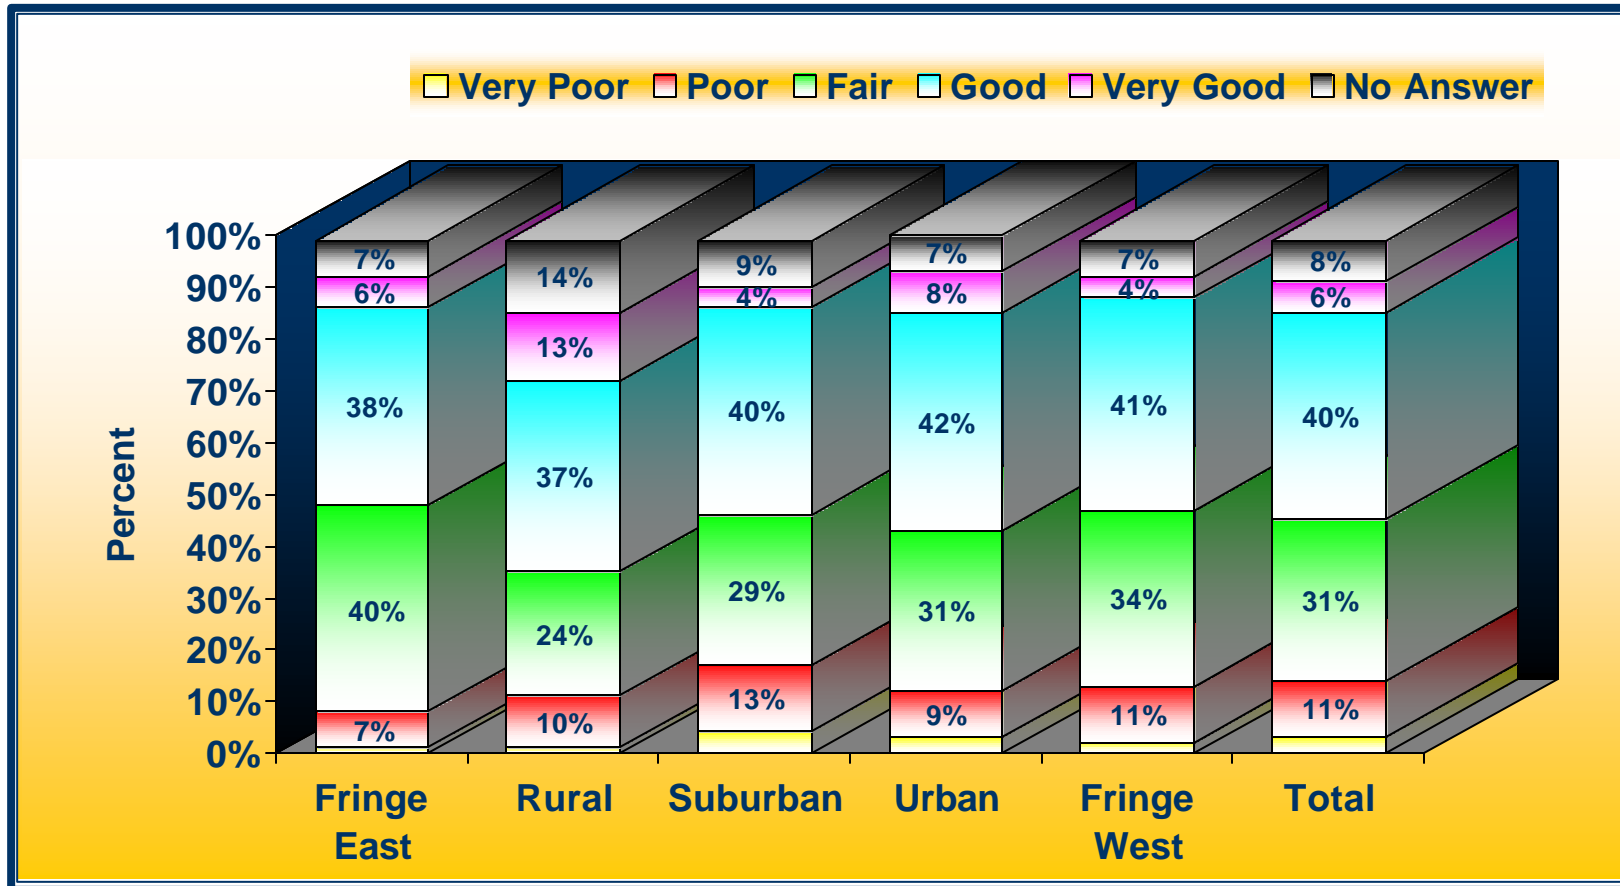

SECTION 4

RECREATION

QUESTION 22b

One-third of residents rate the quality of municipal parks and playgrounds in HRM as “Fair” in the area of “Grounds Maintenance”. Residents in all regions rate the quality of municipal parks and playgrounds in HRM about the same in this respect.

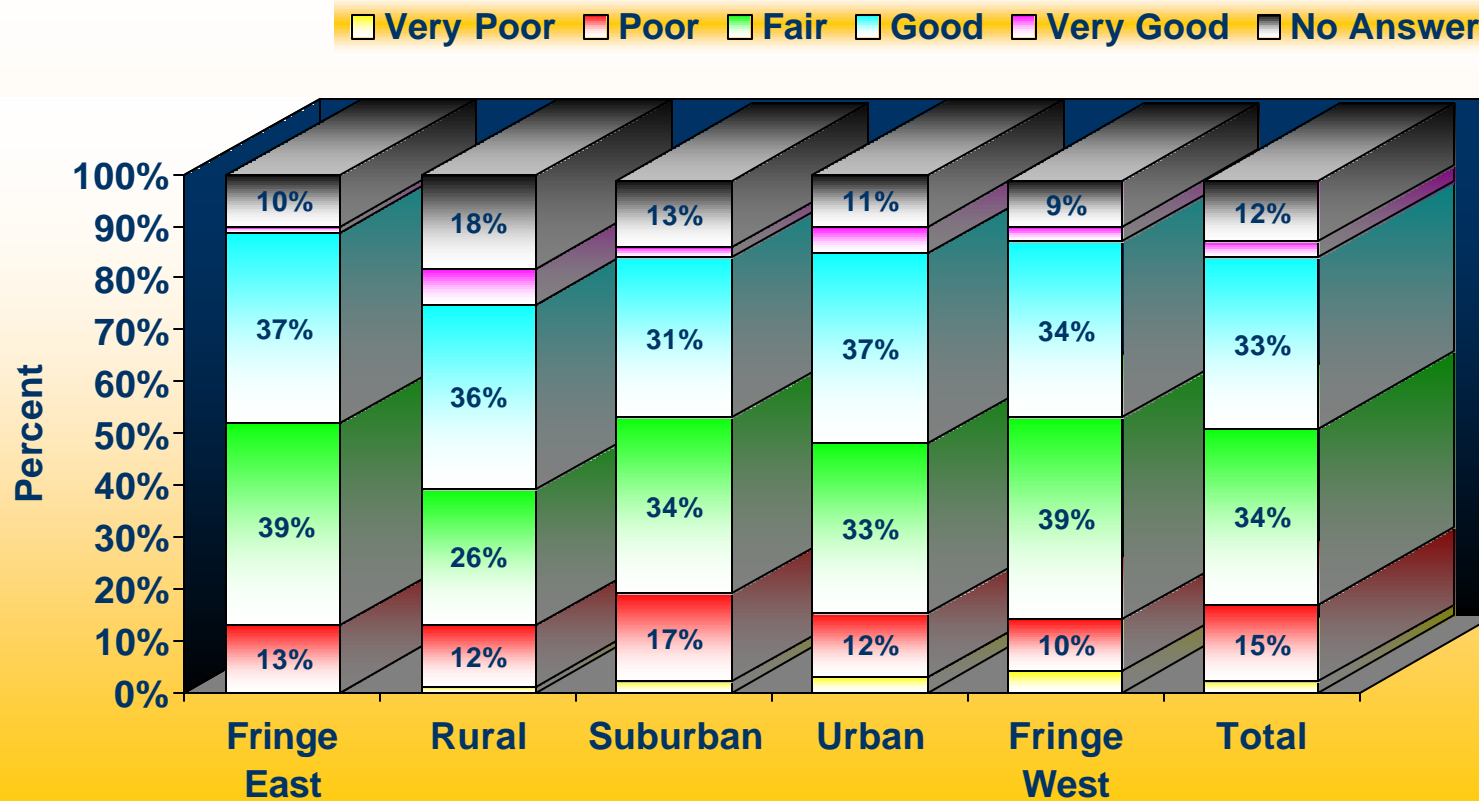

SECTION 4

RECREATION

QUESTION 22c

One-third of residents rate the quality of municipal parks and playgrounds in HRM as “Fair” in the area of “Equipment Maintenance”. Residents in all regions rate the quality of municipal parks and playgrounds in HRM about the same in this respect.

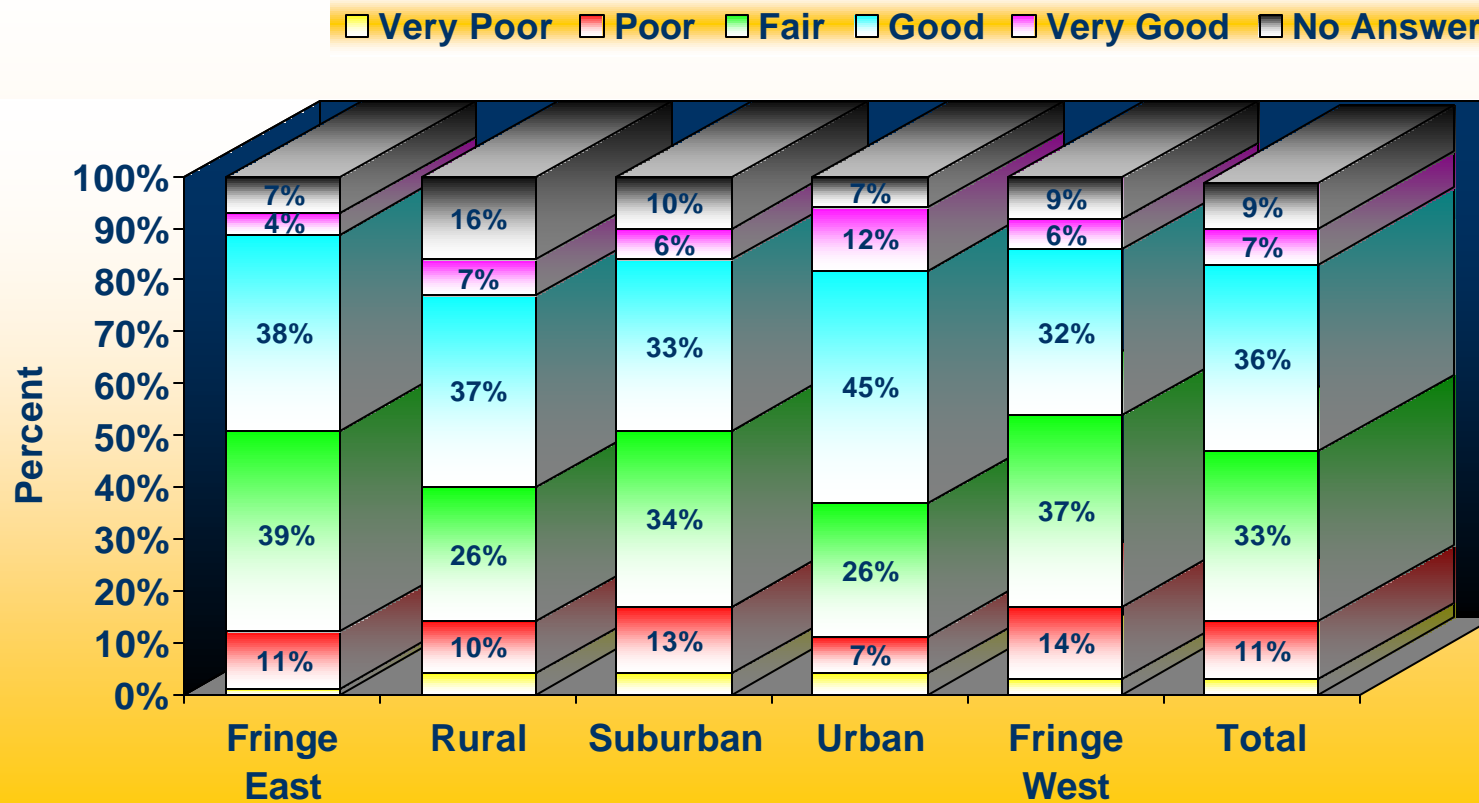

SECTION 4

RECREATION

QUESTION 22d

One-third of residents rate the quality of municipal parks and playgrounds in HRM as “Fair” in the area of “Landscaping/Plantings”. Residents in all regions rate the quality of municipal parks and playgrounds in HRM about the same in this respect.

SECTION 4

RECREATION

QUESTION 22e

One-third of residents rate the quality of municipal parks and playgrounds in HRM as “Fair” in the area of “Feeling Safe”. Residents in all regions rate the quality of municipal parks and playgrounds in HRM about the same in this respect.
