

Public Information Meeting and Open House
Dartmouth Municipal Planning Strategy and Land Use By-law
Amendments: Former Penhorn Mall Property

Welcome!

Thank you for joining us to learn about, and provide feedback on proposed specific policy changes to the Dartmouth Municipal Planning Strategy and Land use By-law for the former Penhorn Mall property. There is currently no specific development proposal for the property. Current zoning allows as-of-right commercial development.

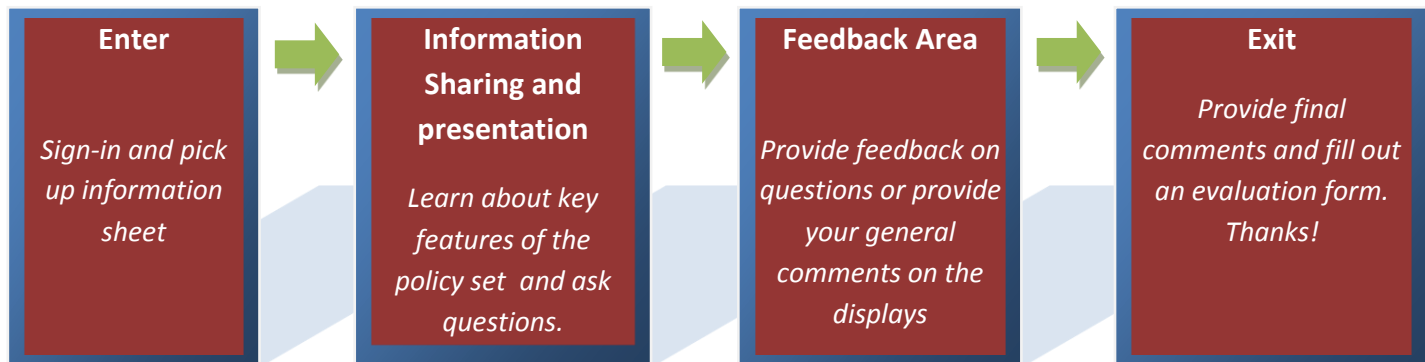

The purpose of the meeting and Open House is to:

- Share information about the process to date, including the proposed Plan policies that would enable mixed-use redevelopment of the property;
- Receive public feedback on key features of the proposed policies, such as environmental protection, zones, fit with the adjacent neighbourhood and look and feel;
- Share information on the implementation of the Penhorn/Woodlawn Community Vision.

Public feedback will shape proposed policy amendments that will be presented to Regional Council for approval. Written comments can be submitted until December 30, 2011. Further input can be provided through a public hearing process scheduled by Council and future Development Agreements.

Description of Today's Process

The room is divided into 6 general themes. A staff presentation will begin at 7:30 followed by a question and answer period. You are encouraged to follow the flow as described:
