

VisionHRM is a community-led initiative supported by HRM which focuses on the Penhorn area of Dartmouth, Woodlawn and surrounding neighbourhoods. The process is spearheaded by a Community Liaison Group (CLG), a working group of seven local residents. This is an opportunity for residents to think creatively about what is possible for the community as a whole 10, 15, 20 years into the future. The goal is to develop a Community Vision and an Action Plan.
