**LAND USE BY-LAW FOR
EASTERN SHORE (EAST)**

MARCH 1996

A By-law to regulate the use of land and the erection and use of buildings and structures, and to regulate the height, bulk, location, size, spacing, character and use of buildings and structures within the Eastern Shore East Plan Area of the former Halifax County Municipality in the Province of Nova Scotia.

The Planning Act provides in Section 43(2) that “no development shall be undertaken where a land use by-law passed under this Act is in effect unless a development permit issued by the development officer has been obtained” and,

according to Section 1(e) of this Act, “development includes any erection, construction, addition, alteration, replacement or relocation of or to any building or structure and any change or alteration in the use made of land, buildings or structures”.

Please note that HRM Council at its meeting on May 9, 2000, approved a motion to insert the following notation in the Land Use By-Law as follows:

The provisions of the zones described in this bylaw do not apply to property owned or occupied by Her Majesty the Queen in right of the Province of Nova Scotia or Canada in respect of a use of the property made by the Crown. Where a privately owned or occupied property is to be used for a federally regulated activity, the federal jurisdiction may, depending on the particular circumstances, override the requirements of this bylaw.

This document has been prepared for convenience only and incorporates amendments made by the Council of the former Halifax County Municipality on March 4, 1996 and includes the Ministerial modifications which accompanied the approval of the Minister of Municipal Affairs on March 29, 1996. Amendments made after this approval date may not necessarily be included and for accurate reference, recourse should be made to the original documents.
