GENERAL PROVISIONS

5.(1) NON-CONFORMING USES & BUILDINGS

Buildings or uses of land lawfully in existence at the date of the first publication of notice of intention to pass this by-law and which do not conform to it may continue to exist subject to the provisions of the Municipal Government Act.

(2) STREET FRONTAGE

Unless otherwise permitted in this Bylaw, every lot used for residential, commercial, industrial or institutional purposes shall front on a street and a building shall be deemed to front on the street opposite to its principal entrance, or if such entrance is not opposite to a street, then upon the street from which it gains its principal access.

(3) NO LIVESTOCK

Horses, cattle, sheep, swine, and domestic fowl shall not be kept on any lot or within any building.

(4) EXISTING UNDERSIZED LOTS

Where a building has been erected on or before the effective date of this By-law on a lot having less than the minimum required frontage or area, or both required by this By-law, or having less than the minimum front yard or side yard or rear yard or separation distance required by this By-law, the building may be enlarged, reconstructed, repaired or renovated provided that:

- (a) the enlargement, reconstruction, repair or renovation does not further front yard, side yard, rear yard, or separation distance that does not conform with this By-law; and
- (b) All other applicable provisions of this by-law are satisfied.

- (5)
 - (a) Notwithstanding anything else in this By-law, the use of a building existing on a lot on the effective date of this By-law may be changed to a use permitted on the lot where the lot area or frontage or both is less than that required by this By-law provided that all other applicable provisions of this bylaw area satisfied.
 - (b) Notwithstanding anything else in this By-law, a vacant lot having less than the minimum required frontage or area or both required by this by-law, may be used for a purpose permitted in the zone in which the lot is located, and a building may be erected on the lot, provided that all other applicable provisions of this bylaw are satisfied.
 - (c) An existing undersized lot may be increased in area or frontage or both, and still remain an existing undersized lot if after the increase, the lot still remains undersized.

(6) **BOARDERS AND LODGERS**

The keeping of not more than three boarders or lodgers or leasing of not more than three rooms in any dwelling unit in a residential zone shall be permitted but no window display or sign of any kind in respect to the use permitted by this section shall be allowed.

(7) **COMMERCIAL VEHICLES**

Not more than one commercial vehicle shall be kept on any lot in any residential zone and no such commercial vehicle shall exceed a registered vehicle weight of five (5) tons (4.5 metric tonnes) nor be kept less than ten (10) feet (3 m) from any front lot line.

(8) **TEMPORARY CONSTRUCTION USES PERMITTED (HECC-Jan 20/09;E-Feb 7/09)**

- (c) **Nothing in this By-law shall prevent the use of land or the use or erection of a temporary building or structure which is necessary and accessory to construction in progress, such as a work camp or construction camp, mobile home, sales or rental office, tool or maintenance shed or scaffold, including a shipping container which serves as one of the foregoing, except as a mobile home, sales or rental offices, provided that a development permit has been issued.**
- (d) **A rock crusher may be used at the site of a demolition of a structure or building, the site of construction of primary or secondary services pursuant to the Regional Subdivision By-law, or at the site of development permitted pursuant to this By-law, provided a development permit has been issued for such use.**
- (e) **A development permit may only be issued for the temporary use of a rock crusher.**
- (f) **A development permit issued for the use of a temporary rock crusher accessory to demolition of a structure or building pursuant to this By-law or a development pursuant to this By-law shall be valid for any period specified not exceeding sixty (60) days. A development permit issued under this clause may be renewed for a period not to exceed thirty (30) days at a time, if a development officer determines that an extension of the period is necessary. No rock crusher shall be located or used within three (3) metres of any property boundary.**
- (g) **A development permit issued for the use of a temporary rock crusher accessory to the construction of primary or secondary services pursuant to the Regional Subdivision By-law shall be valid for any period which does not exceed the construction time schedule specified in the subdivision agreement. No rock crusher for which a permit has been issued under this clause shall be located or used within sixty (60) metres of any building used for residential or institutional purposes; with the exception of fire stations, police stations, public works facilities, cemeteries, historic sites and monuments, and recreational trails where no rock crusher shall be located or used within three (3) metres of any property boundary.**
 - 1) **Notwithstanding any other provision of this By-law, a temporary rock crusher accessory to construction in progress shall not be used to process**

material for export to another site nor to process material imported to the site.

- (h) A temporary rock crusher may be used as an accessory to demolition in progress to process demolished material for export to another site subject to disposal in accordance with the requirements of this By-law and the C&D Materials Recycling and Disposal License By-law.

(9) MOBILE/MINI HOMES

No mobile home or mini home as defined in section 4 of this Bylaw shall be located in any zone.

(10) RECREATIONAL VEHICLES

No travel trailer or recreational vehicle shall be used for business purposes or living or sleeping purposes.

(11) ACCESSORY BUILDINGS

No accessory building in any Downtown Neighbourhood (N) Zone shall be greater than 15 feet in height nor greater than 650 square feet in area.

- (11a) No accessory building shall be located closer to the front lot line than the dwelling on the property in any Downtown Neighbourhood (N) Zone. (HECC-Jul 12/01;E-Aug 5/01)

- (a) No accessory building shall be located closer than two feet (0.6 metres) from any rear or side lot line.

(13) REFUSE CONTAINERS

All commercial dumpsters, refuse containers and recycling bins located at any commercial, business, institutional or multiple unit dwelling use shall be fully enclosed and screened from public view, through the use of decorative brick or concrete block walls, or solid board fences which are of sufficient height to completely screen the bin.

SHIPPING CONTAINERS AS ACCESSORY BUILDINGS (HECC-Jun 6/02;E-Jun 30/02)

- 13A
 - (1) Shipping containers may be used as accessory buildings only in the Marine Business zone, or in conjunction with a recreation use, pursuant to applicable requirements for accessory buildings, and applicable zone standards.
 - (2) Shipping containers may not be placed in the front or flanking yard of any lot, or between the main building and any street.
 - (3) Where a shipping container is to be placed on an MB-zoned property which abuts a residential, park, or institutional zone, the shipping container shall be fully screened from view from any such property through the use of landscaping, opaque fencing or a combination of fencing and landscaping.
 - (4) No shipping container may be used in any zone as a dwelling or other form of accommodation, including offices.

(b) LIGHTING

All areas of any lot (exclusive of residential zones) which are accessible to the public, including walkways, alleys, parking lots and driveways and landscaped areas shall be adequately illuminated for personal safety purposes. Such lighting may be in the form of wall mounted fixtures, ground based fixtures with underground wiring, or pole mounted lighting not exceeding 30 feet (9.1 metres) in height.

(c) All illumination shall be directed away from adjoining properties and any adjacent streets.

(d) REDUCTION IN AREA AND FRONTAGE

The Development Officer may approve no more than two lots on a plan of subdivision which do not meet the lot frontage and area requirements, provided that no reduction of greater than ten percent (10 %) may be permitted.

(17) PERMITTED ENCROACHMENTS

Every part of any yard required by this By-law shall be open and unobstructed by any structure except to permit limited structural elements subject to the following provisions:

- (a) Uncovered patios, walkways, wheelchair ramps, lifting devices or steps may be located in any yard;
- (b) There may be erected or maintained in any yard, projections of structural elements such as sills, cornices, eaves, gutters, chimneys, pilasters, canopies or other architectural features, provided that no such structure or feature shall project more than two (2) feet (0.6 m) into any required yard;
- (c) Window bays and solar collectors may be permitted to project not more than three (3) feet (0.9 m) from the main wall into a required front, rear or flankage yard; and
- (d) Balconies, porches, verandas and sun decks shall not be permitted to project into any required yard;
- (e) The provisions of this Section shall not restrict the location of ornamental planting or landscaping in any yard.
- (f) Encroachments over the public street right-of-way are subject to the provisions of HRM's Encroachment Bylaw.

(18) ONE RESIDENTIAL BUILDING PER LOT (HECC- Sep 5/02;E-Sep 29/02)

There shall be no more than one building containing residential uses per lot, excepting multiple unit and townhouse dwellings in the DB Zone

(19) WATERCOURSE SETBACKS AND BUFFERS (RC-Jun 25/14;E-Oct 18/14)

- (a) No development permit shall be issued for any development within 20m of the ordinary highwater mark of any watercourse.
- (b) Where the average positive slopes within the 20m buffer are greater than 20%, the buffer shall be increased by 1 metre for each additional 2% of slope, to a maximum of 60m in relation to a development.

- (c) Within the required buffer pursuant to clauses (a) and (b), no excavation, infilling, tree, stump and other vegetation removal or any alteration of any kind shall be permitted.
 - (d) Within the required buffer pursuant to clauses (a) and (b), activity shall be limited to the placement of one accessory structure or one attached deck not exceeding a footprint of 20 m² or a combination of an accessory structure and attached deck not exceeding 20 m², fences, boardwalks, walkways and trails not exceeding 3 metres in width, wharfs, boat ramps, marine dependent uses, fisheries uses, conservation uses, parks on public lands, historic sites and monuments, and public road crossings, driveway crossings and wastewater, storm and water infrastructure, and water control structures.
 - (e) Notwithstanding clause (a), the required buffer for construction and demolition operations shall be as specified under the applicable CD Zone.
 - (f) Within the buffer required pursuant to clause (e), no excavation, infilling, tree, stump and other vegetation removal or any alteration of any kind shall be permitted in relation to a development.
- (20) Notwithstanding subsection (19), where an existing residential main building is located within the required buffer, accessory structures, subject to meeting other requirements of this by-law, shall be permitted provided they are located no closer to the watercourse than the existing main building.
- (21) Where the configuration of any existing lot, including lots approved as a result of completed tentative and final subdivisions applications on file prior to August 26, 2006, is such that no main building could be located on the lot, the buffer distance shall be reduced in a manner which would provide the greatest possible separation from a watercourse having regard to other yard requirements.
- (22) Notwithstanding subsection (19), nothing in this by-law shall prohibit the removal of windblown, diseased or dead trees, deemed to be hazardous or unsafe.
- (23) Notwithstanding subsection (19), the selective removal of vegetation to maintain the overall health of the buffer may be authorized by the Development Officer where a management plan is submitted by a qualified arborist, landscape architect, forester or forestry technician.
- (24) Every application for a development permit for a building or structure to be erected pursuant to this section, shall be accompanied by plans drawn to an appropriate scale showing the required buffers, existing vegetation limits and contours and other information including professional opinions, as the Development Officer may require, to determine that the proposed building or structure will meet the requirements of this section.
- (25) Subsection (19) does not apply to lands within the area designated on the Generalized Future Land Use Map in the Regional Municipal Planning Strategy as Harbour.
- (26) COASTAL AREAS (RC-Jun 25/14;E-Oct 18/14)
- (a) No development permit shall be issued for any dwelling on a lot abutting the

coast of the Atlantic Ocean, including its inlets, bays and harbours, within a 3.8 metre elevation above Canadian Geodetic Vertical Datum (CGVD 28).

- (b) clause (a) does not apply to any residential accessory structures, marine dependent uses, open space uses, parking lots and temporary uses permitted in a accordance with this by-law. (HW, HEMD and NWCC – Dec 11/18; E- D 29/18)
- (c) Notwithstanding clause (a), any existing dwelling situated less than the required elevation may expand provided that such expansion does not further reduce the existing elevation.
- (d) Every application for a development permit for a building or structure to be erected pursuant to this section shall be accompanied by plans drawn to an appropriate scale showing the required elevations, contours and lot grading information to determine that the proposed building or structure will meet the requirements of this section.

**(27) SCHEDULE D-AREAS OF ELEVATED ARCHAEOLOGICAL POTENTIAL
(RC-Jun 25/14;E-Oct 18/14)**

Where excavation is required for a development on any area identified on Schedule D attached to this by-law, a development permit may be issued and the application may be referred to the Nova Scotia Department of Communities, Culture and Heritage, Heritage Division for any action it deems necessary with respect to the preservation of archaeological resources in accordance with provincial requirements.

(28) PUBLIC TRANSIT FACILITIES (RC-Jun 25/14;E-Oct 18/14)

Public transit facilities shall be permitted in all zones with frontage on minor and major collector roads, arterial roads and expressways and shall not be required to conform to any zone requirements.

- (28) Notwithstanding any provision of this By-law, no building shall be erected, constructed, altered, reconstructed or located so as to protrude into any View Plane as described in Schedule C-1 and Schedule C-2.

- (29) To preserve waterfront view corridors, every structure shall be setback a minimum of 8 metres from the mean centre line of the prolongation of any street as shown on Schedule C-3. This setback shall be required along the entire length of each street prolongation to the ordinary high water mark of Halifax Harbour or to the furthest boundary of any water lot, whichever is greater.

- (30) Notwithstanding (29) existing buildings which protrude into a waterfront view corridor may be expanded, repaired or altered provided that there is no further encroachment of any part of a building into a waterfront view corridor.
(RC-Jul 23/13;E-Oc 5/13)

(31) CANNABIS-RELATED USES

Notwithstanding any other provisions of this By-law, cannabis retail sales and cannabis lounges are only permitted if such facilities are operated by the Nova Scotia Liquor Corporation (NSLC). (RC-Sep18/18; E-Nov 3/18)

PARKING REQUIREMENTS

6.(1) Unless otherwise permitted by this bylaw, every new building and every new extension or alteration to an existing building shall be provided with off-street automobile parking according to the following:

- (a) for single unit, two unit, and townhouse dwellings, one parking space per unit shall be provided;
- (b) for apartment buildings, one parking space shall be provided for each dwelling unit. On sites which are zoned residential visitor parking at the rate of one space per 5 units shall also be provided;
- (c) for senior citizens housing, one parking space for each four dwelling units shall be provided.
- (d) for auditoriums, theaters, stadiums and similar buildings, one parking space shall be provided for each ten seats;
- (e) for business and professional offices, banks, medical clinics, governmental buildings and buildings of a similar nature, one parking space per 1000 square feet of floor area shall be provided;
- (f) for general retail, trade and service, food store service, commercial, shopping centers, etc., in excess of 3000 square feet (278.7 square metres) of gross floor area, two parking spaces for each 1000 square feet (92.9 square metres) of floor area shall be provided; except that retail space located on Portland Street and Alderney Drive shall be exempt from this requirement;
- (g) for clubs, lounges, beverage rooms, taverns, restaurants and other eating establishments and buildings of a similar nature, one parking space per 10 persons of licensed capacity shall be provided;
- (h) for hotels, motels, tourist homes and buildings of a similar nature, one parking space shall be provided for each of the first 20 rooms, one parking space for every 4 rooms over 20;
- (i) industrial warehousing and manufacturing shall provide one parking space for each 2,000 square feet (185.8 square feet) of floor area, and also if a warehouse or manufacturing plant contains office space, parking for office space area shall be provided at the rate of one parking space per 1000 square feet (92.9 square metres) of floor area;
- (j) for purpose of this section, if equivalent off-street parking is available within 750 feet of the building, then parking requirements shall be deemed to be complied with;

(2) ACCESS

No new driveway accesses will be permitted to properties located on Alderney Drive or Portland Street between Alderney Drive and Canal Street, except where such driveways provide access to enclosed parking areas. Access to properties in this area may only be considered from adjacent streets.

(3) LOADING SPACE

The owner of every hotel, retail store, warehouse, industrial building or any other building

of a similar nature shall provide off-street loading space according to the following:

- (a) for a floor area in excess of 5, 000 square feet (464.5 square metres), one space;
- (b) for a floor area of over 5, 000 square feet (464.5 square metres) and up to and including 10,000 square feet (929 square metres), two spaces;
- (c) for a floor area of over 10, 000 square feet (929 square metres), three spaces.

(4) PARKING LOTS

The following requirements shall apply to all parking lots which are designed to contain more than 4 vehicles:

- (a) **Surfacing:** All parking lots for more than 4 vehicles shall be hard surfaced with asphalt, concrete or pavers, and delineated by concrete curbing. All parking spaces and driving aisles shall be delineated with painted lines.
 - (b) **Landscaping:** All parking lots shall include a landscaped vegetated strip of at least 5 feet in width adjacent to any street, exclusive of driveway accesses, and a further strip of at least 3 feet (0.9 metres) in width along other lot lines. Landscaping shall consist of grassed areas or planters, with one shrub planted for every 6 feet (1.9 metres) of length along side and rear lot lines, and one tree, staked, with a minimum base caliper of 50mm, for every 15 feet (4.6 metres) abutting a street line.
 - (c) **Buffers:** Where a parking lot abuts either a residential zone or a residential use, an opaque wood fence of at least six feet (1.8 metres) in height shall be provided in addition to the landscaped strip.
 - (d) **Dimensions:** Individual parking spaces shall be 8 feet by 18 feet (2. 4 by 5.4 metres) except in the case of curb parking parallel to a driveway, in which case the length of the parking stall shall be increased to 22 feet (6.7 metres). Notwithstanding the foregoing, up to one third of the individual parking spaces may be reduced in size to 7 feet by 16 feet (2.1 by 4.9 metres) minimum except in the case of curb parking in which case the length of the stall shall be increased to 18 feet (5.4 metres). All parking areas, including driveways and maneuvering areas, shall be hard surfaced.
 - (e) **Layout:** All parking areas must permit ingress or egress of motor vehicles to a street or highway by means of driveways, aisles or maneuvering areas where no parking or storage of motor vehicles is permitted;
- (5) No parking spaces shall be immediately adjacent to doors or passageways from buildings;
 - (6) All parking areas shall be so arranged as to cause the least amount of interference with through traffic and all maneuvering areas must occur within the lot areas to permit vehicles to leave the property in a forward motion;
 - (7) All parking layouts shall make provision for the stockpiling of snow in a manner which will not reduce the amount of required parking space available.
 - (8) **Parking areas and driving aisles in a front yard are not permitted. A driveway in the front yard is permitted only to provide access to parking areas located in a side or rear yard. (HECC-Sep 5/02;E-Sep 29/02)**

- 7A (a) This By-law shall not apply to any sign regulated under HRM By-law S-800 (A By-law Respecting Requirements for the Licensing of Temporary Signs); and**
- (b) Any sign provision within this By-law referring to temporary signage, as regulated under HRM By-law S-800, is superceded.**

ARCHITECTURAL DESIGN REQUIREMENTS

- 8.(1) *PURPOSE:* These design requirements will ensure that new developments blend in with the small scale, traditional architecture which is prevalent in the area, and help maintain the overall character of the community.

BUILDING DESIGN:

- (2) The requirements in this section apply to buildings within the Downtown Business District and Waterfront Zones:
- (3) Renovations:
The Development Officer shall review all development permit applications within the Downtown Business District Zone to determine that all renovation comply generally with the “Facade and Signage Improvements Plan for Downtown Dartmouth”. Where an individual building is not addressed in that plan, the following general principles shall be applied:
- (a) that exterior materials are of a traditional nature and design;
 - (b) that door and window openings are compatible in proportion with the majority of adjacent and facing buildings;
 - (c) that buildings are constructed to the street line or setbacks are consistent with the building setbacks for adjacent properties along the street.
 - (d) **that the street-level design of any building shall include multiple architectural treatments such as canopies, porches, planters, and other suitable architectural treatments to complement a human-scale, pedestrian environment. (HECC-Sep 5/02;E-Sep 29/02)**
- (4) **Height:** The height of a building in the Downtown Business District Zone shall be not more than 3 stories within a maximum height of 45 feet from established grade. However, this height may be increased to not more than 5 stories within a maximum height of 70 feet provided that above 3 stories within a maximum height of 45 feet, the building face when fronting a street, is stepped back.

On corner lots where there is a difference in existing grade on each lot frontage at the street line, the height requirement shall be measured from the street frontage with the lower grade.

Further, the maximum permitted height may be exceeded to accommodate a roof on the top storey of a building provided that no additional habitable space is created above the established height limit of 70 feet.

Notwithstanding the aforementioned, chimneys, antennae, flag poles, belltowers, spires, steeples, vents or other roof or building appurtenances extending from the surface of a roof shall not be measured in calculating building height; however, such appurtenances shall not:

- 1) be habitable living space,

- 2) extend more than ten (10) feet above the building height, and;
- 3) in no case shall an appurtenance or structure be permitted to penetrate view planes established in accordance with Schedule C of this by-law.

Special Requirement--Alderney Drive within the Main Street Corridor (RC-Jan 6/05;E-Jan 26/05)

- a) Notwithstanding section 8(4) lots that front on Alderney Drive within the Main Street corridor will not be required to step back. Further, no structure shall be permitted to penetrate a view plane as per ~~Schedule C~~ Schedules C1 and C2 of this by-law. For clarification, the Main Street corridor includes all properties fronting on Portland Street between Prince Albert Road and Alderney Drive and all properties on the west side of Alderney Drive that are contained within the Business District Zone. For these properties, architectural features such as canopies or sloping roofs will be required to minimize the impact on the street. *(RC Jul 23/13; E Oct 5/13)*

(5) **FACADES**

Commercial and institutional buildings of over 60 feet (18.2 metres) in width parallel to the street shall be similar in appearance of two or more buildings by altering the appearance of the facade or roof in increments no greater than 60 feet (18.2 metres).

(6) **ROOFS**

Pitched roofs shall have a minimum pitch of 4:12. Dormers and gables are permitted. Mansard roofs shall not project beyond the face of the wall below, except to permit eaves for ventilation.

(7) **CLADDING**

Exterior cladding for new commercial, institutional, multiple unit and townhouse buildings shall consist of bricks, stone, wood shingles, wood siding, wood clapboard, or vinyl siding or a combination thereof. Where vinyl or other synthetic siding is used, it shall have a narrow course width resembling traditional wooden clapboards and windows, doors, and corners must be trimmed in the traditional manner.

(8) **WINDOWS**

Windows, except commercial storefronts at grade, shall be treated as individual openings in the wall surface; continuous bands of horizontal glazing will not be permitted except for storefronts at grade. Windows shall have traditional proportions with the height exceeding the width. Total window area per building front shall not exceed 50 % of the area of the building front.

(9) **DETAILING**

Contrasting architectural detailing shall be provided to enhance the appearance of buildings. Windows, doors, and corners shall be accentuated by trim or other design details (moldings, decorative lintels, pediments, sills, etc.). In the case of brick or block buildings

a contrasting colour should be used. Other decorative elements shall also be encouraged.

(10) LANDSCAPE DESIGN

Front and Flanking Yard:

Any front or flanking yard area, except for that area required for stairs or wheelchair ramps, shall be landscaped. No front yard parking or driving aisles are permitted.

(11) REMAINING SPACE:

Any lot area not used for buildings, parking or driving aisles shall be landscaped.
