#### Item No. 4 Budget Committee February 5, 2020

TO:	Chair and Members of Budget Committee
	(Standing Committee of the Whole on Budget)

SUBMITTED BY: ORIGINAL SIGNED

Carole McDougall, Acting Chair, Halifax Board of Police Commissioners

**DATE:** January 29, 2020

**SUBJECT:** Proposed 2020/21 Halifax Regional Police & Royal Canadian Mounted Police Budget and Business Plan

#### <u>ORIGIN</u>

As per Administrative Order 1 and the Budget and Business Plan consultation schedule presented to Regional Council on June 4, 2019, staff is required to present the draft 2020/21 Business Unit Budget and Business Plans to the Budget Committee for review and discussion prior to consideration by Regional Council.

#### LEGISLATIVE AUTHORITY

Halifax Charter, section 35 (1) The Chief Administrative Officer shall (b) ensure that an annual budget is prepared and submitted to the Council.

Nova Scotia Police Act, section 53(1): "The Board shall annually cause the chief to prepare a budget for the police department."

#### RECOMMENDATION

It is recommended that the Budget Committee direct the CAO to prepare the Halifax Regional Police 2020/21 Budget and Business Plan, incorporating Regional Council's fiscal direction as per the January 7, 2020 Budget Committee meeting and as proposed in the accompanying presentation, and furthermore to prepare Over and Under items for that Plan as directed by Regional Council's Committee of the Whole on Budget.

#### BACKGROUND

As part of the design of the 2020/21 Budget and Business Plan development process, the Budget Committee is reviewing each business unit's budget and proposed plans, in advance of completing detailed HRM Budget and Business Plan preparation.

At the October 29, 2019 Committee of the Whole meeting, Regional Council considered the 2020/21 Strategic Priorities Plan and at the November 12, 2019 session of Regional Council, confirmed and directed the CAO to proceed to prepare the 2020/21 Budget and Business Plan in support of Council's Priority Outcomes, consistent with the Outcome Plans as presented in Attachment C of the 2017-2021 Multi-year Priority Outcome Update.

The Board of Police Commissioners held meetings on December 16, 2019, and January 9, 2020 to review the proposed 2020/21 Halifax Regional Police Operating Budget as submitted by the Chief of Police. The budget reflects a proposed net budget of \$ 89,618,500. Following a review of the draft, the Board passed a motion to approve the Halifax Regional Police Operating budget as presented at the January 9, 2020 Board of Police commissioners Meeting.

#### DISCUSSION

Staff has prepared the proposed 2020/21 Halifax Regional Police Budget and Business Plan consistent with the 2020/21 Strategic Priorities Plan approved on November 12, 2019.

Following direction from the Budget Committee, staff will proceed to prepare the detailed Budget and Business Plan for inclusion in the proposed 2020/21 HRM Budget and Business Plan documents to be presented to Regional Council's Committee of the Whole, as per the process and schedule approved on June 4, 2019.

As part of the Budget process, Regional Council will be provided with a list of possible service increases and decreases that will allow them to more fully direct changes to the budget.

The HRM Board of Police Commissioners has studied the budget proposals and has recommended the attached proposed Budget and Business Plan.

#### FINANCIAL IMPLICATIONS

The recommendations in this report will lead to the development of a proposed 2020/21 Budget. There are no immediate financial implications from this recommendation. The broader financial implications will be discussed and debated as the budget is developed in more detail.

#### **RISK CONSIDERATION**

Although there is no immediate risk related to financial decisions, there may be risks associated with individual decisions during the budget debate that could favour short- term results over longer term strategic outcomes. Individual decisions made during budget debate will however, be considered for both short- and long-term impacts to levels of service, asset condition, and cost.

In addition, the administration seeks to reduce these risks in three ways: by providing Regional Council with several fiscal options to assist in the achievement of longer-term strategic outcomes, by assessing both corporate and capital project risk, and by providing the opportunity to draw Regional Council's attention to project or program related risks when reports are presented for consideration.

HRM implemented Enterprise Risk Management in 2015. Corporate and operational risks are evaluated annually during the business planning process and mitigating strategies are implemented to reduce the overall risk to the organization. Project related risk is evaluated during the capital planning process. Project managers use the same risk assessment tools as those used to assess corporate risk to rate each discrete project.

#### COMMUNITY ENGAGEMENT

An extensive public engagement was undertaken for the 2020/21 HRM Budget over the month of September. This engagement included nine community pop-up events and on-line survey through the Shape Your City community engagement portal. The results of the Shape Your City Budget engagement were provided in an information report presented to Reginal Council on October 29, 2019.

The 2020/21 budget consultation process also seeks to solicit public comment on community priorities. Members of the public are invited to provide feedback following each business unit budget and business plan presentation. Furthermore, members of the public may use the "Budget Allocator" located on the Shape your City Webpage to offer opinions on spending priorities.

#### **ENVIRONMENTAL IMPLICATIONS**

N/A

#### ALTERNATIVES

The Budget Committee can choose to amend the Budget and Business Plan as proposed in the accompanying presentation through specific motion, and direct staff to proceed to prepare the Budget and Business Plan for inclusion in the proposed 2020/21 HRM Budget and Business Plan documents.

# GOVERNANCE

# BOPC MANDATE

The Board of Police Commissioners (BoPC) provides:

- **Civilian governance** regarding strategic policy planning
- **Policy driven budget planning** for Halifax Regional Police
- Advisory role in respect to police matters within the communities serviced by the RCMP Halifax District

# SIGNIFICANT FACTORS

- The Wortley Report and recommendations resulting from the report
- Risk management and mitigation
- Employee health and wellness
- The Cannabis Act

# CONSIDERATIONS FOR BOPC

## HALIFAX, NOVA SCOTIA: STREET CHECKS REPORT (March 2019) by Dr. Scot Wortley

- This report provided recommendations to address the disproportionate impact of street checks on African Nova Scotians in the following categories:
  - Ban on or Regulation of Street Checks
  - Data Collection on Police Stops
  - Improving Police-Community Relations
- The process to implement the recommendations is ongoing and has been, and will remain, a key focus of the BoPC.
- The Budget increase recommended to Regional Council includes provisions for new positions in Criminal Investigation Division (CID), Professional Standards Division (PSB), and the Prisoner Care Facility (PCF)
- The Wortley recommendations speak to these changes, directly and indirectly.

# CONSIDERATIONS FOR BOPC

## **Risk Management and Mitigation**

- Risk management is critical to all businesses, particularly in policing due to the complex nature of the work.
- Important for governance and policy development for HRP service delivery which fall under the responsibility of the BoPC
- The addition of new positions for enhanced supervision in the Prisoner Care Facility is a critical risk management strategy.

# CONSIDERATIONS FOR BOPC

## **Employee Health and Wellness**

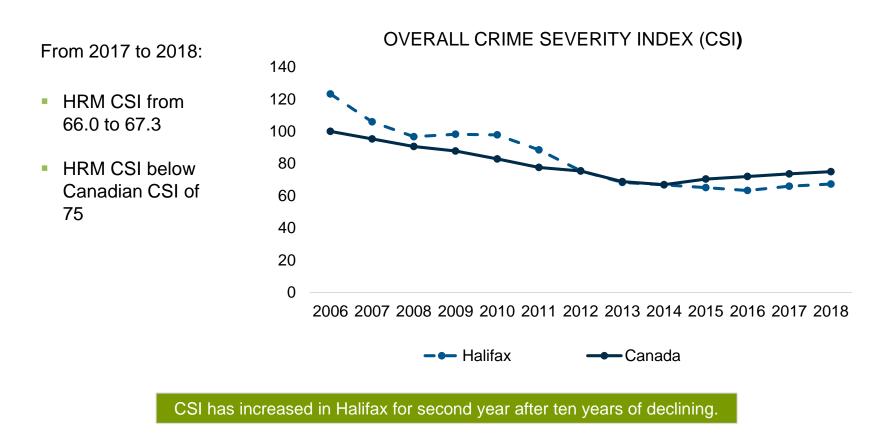

- Staffing costs make up the bulk of the budget
- Within staffing costs, the need for overtime cannot be eliminated, but should be reduced, as it impacts employees mentally, physically, and socially.
- The proposed new positions will help reduce the reliance on overtime in service delivery and mitigate the associated risks (e.g., lower performance, fatigue, decreased attentiveness, decreased work-life balance)

## Cannabis Act

• The implementation of the Cannabis Act has increased the service delivery requirements in October 2018 and again in December of 2019.

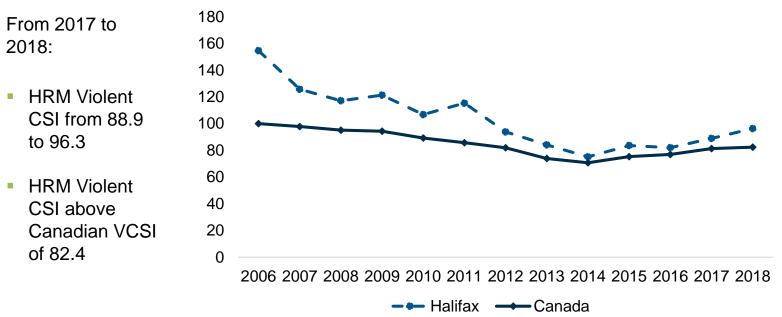

# **CURRENT SITUATION**

- Leadership changes in both organizations:
  - HRP welcomed Chief Dan Kinsella in July 2019
  - RCMP welcomed Chief Superintendent Janis Gray in July 2019
- Retirement of HRP senior leaders, and staff changes at RCMP
  - HRP welcomed three superintendents and two inspectors, and RCMP two inspectors
- HRP organizational review and realignment initiated by Chief Kinsella
  - Implementation of new organizational structure
  - Adjustments to staffing, resourcing, and policy to address public safety priorities
- Implementation of Department of Justice directive on street checks
- One year of legal cannabis implementation
- Hurricane Dorian and Extinction Rebellion protest required a significant response

\* Municipal Benchmarking Network Canada

Total cost for Police Services per capita increased in 2019/20 by \$9 due to a \$3.6M increase in operating costs, and a correction in population estimates from Statistics Canada (population baseline dropped from 431,701 to 430,512, which will increase per capita costs).

#### SERVICE DELIVERY MEASURES

Performance Measures	<b>2017/18</b> Actual	<b>2018/19</b> Actual	MBNC Median 2018*
Reported Number of Criminal Code Incidents (Non-Traffic) per 100,000 Population **	4,994	5,264	5,488 (National Average)
Reported Number of Violent Criminal Code Incidents per 100,000 Population **	1,254	1,373	1,144 (National Average)
Number of Criminal Code incidents (Non-Traffic) per Police Officer	31	33	36
Total Crime Severity Index	66	67	75 (National Average)
Violent Crime Severity Index	89	96	82 (National Average)

\* Municipal Benchmarking Network Canada

\*\* Population: 430, 512

For the second year in a row there is an increase in the Crime Severity Index for 2018. The increase has been attributed to several factors, including a change in unfounded coding, a change in reporting patterns on certain crime types, as well as a possible increase in high-volume, low-severity crime types such as Level 1 Assault and Uttering Threats. The changes in coding and reporting have impacted other Canadian jurisdictions as well and are part of a national pattern for 2017. For 2018, the increase in Halifax CMA appears to be an increase in reported Level 1 Sexual Assaults. This increase was in large part due to a single historical sexual assault investigation begun in 2018 in Halifax that included over 150 historical reports of sexual assault, which are now included in the 2018 crime statistics.

## OPERATIONS KEY DELIVERABLES (2020/21)

Enhanced Staffing in Critical Areas (Target: March 31, 2021)

HRP will evaluate resourcing levels in the Prisoner Care Facility, Criminal Investigations Division and Professional Standards to advance budget priorities for eight additional positions: two new staff sergeants, two new detective sergeants, and four new sergeants to mitigate public safety risks and improve supervision.

#### Our People – Engaged Workforce

Employee Recognition (Target: March 31, 2021)

HRP will review its employee recognition initiatives, determine what changes are needed to achieve intended goals and create an implementation plan.

HRP Police Science Cadet Program (Target: March 31, 2021)

#### Service Excellence – Performance Excellence

HRP Secure Online Communications Portal (Target: March 31, 2021)

#### 2020/21 Deliverables with Estimated Completion

Performance Excellence (Target: March 31, 2021)

Increase HRP's training capacity in HRM's Performance Excellence model and identify new opportunities to collaborate with other business units. Apply relevant PE tools and techniques for continuous improvement starting with identified priority HRP projects.

#### HRP Technology Road Map (Target: March 31, 2021)

HRP will build on the consultant report to implement a plan that includes multiple projects in various stages of completion; some of which are contingent upon securing a funding allocation.

#### **Operational Risk Management**

Cyber Security & ICT (Target: March 31, 2021)

There is a risk that HRP will not be able to meet security requirements for police operations. This is due to delay of implementation of the HRP Technology Roadmap resulting in security risk for HRP data/processes and inability to meet compliance standards. HRP will continue to implement the Technology Roadmap by securing the required project funding support to ensure risk mitigation.

HRP Facilities Plan (Target: March 31, 2021)

The current HQ facility is inadequate and poses an operational risk that will continue until upgrades are completed to address deficiencies or a new facility is constructed. HRP will utilize the HRM capital budget process to continue project development.

Additional Officer Program (Target: March 31, 2021)

There is the potential for a funding gap for Halifax Regional Police if there is any decrease in the provincial program or if it is eliminated entirely. The funding is dependent on provincial budget process. HRP will continue to monitor and track this risk.

#### Staffing in Critical Areas (Target: March 31, 2021)

Current staffing levels in HRP pose an organizational risk that impacts the integrity of investigative services, professional standards and the safety and security of those in HRP care. HRP will review and evaluate resourcing levels to determine appropriate resourcing and advance budget priorities to mitigate public safety risks.

#### HRP Intranet (Target: March 31, 2021)

HRP Intranet is housed on an outdated platform that can no longer be supported and does not meet security requirements. HRP will utilize the Technology Road Map to support the implementation of a secure HRP online communications portal to mitigate this risk.
