# Land Use By-law

## Sackville LUB

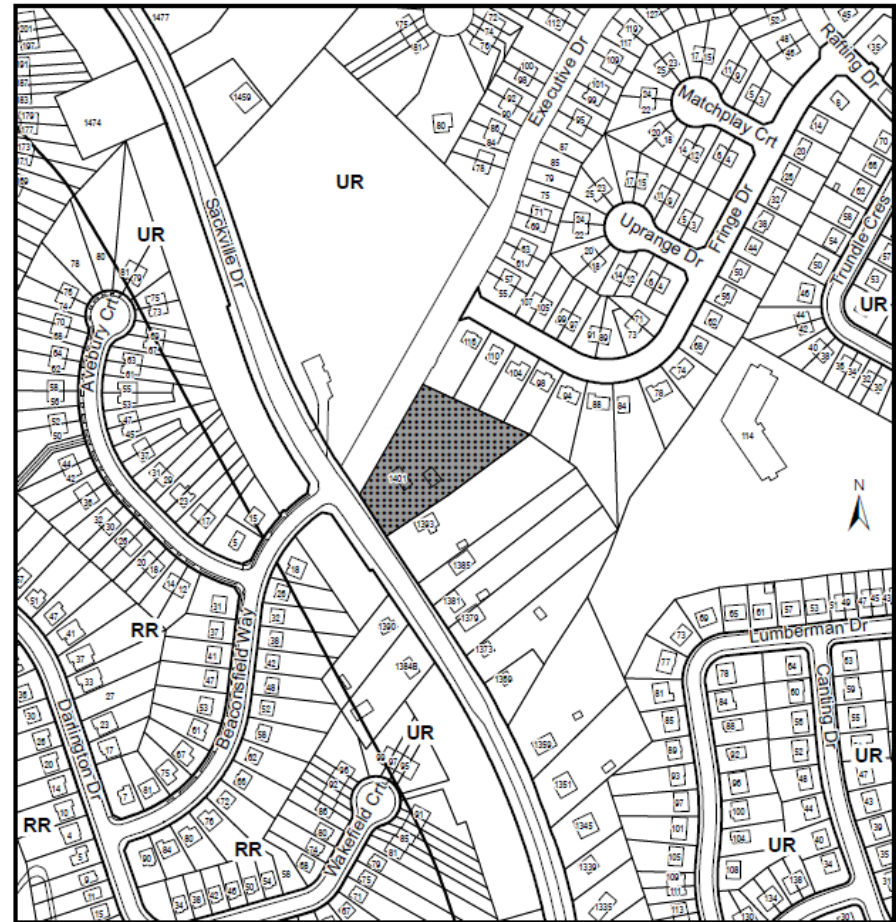

- R-6 (Rural Residential) Zone
- Permitted uses include:
  - Single unit dwellings;
  - Day care facilities,
  - Bed and breakfasts;
  - Business uses;
  - Pet care facilities, all in conjunction with dwellings.
  - Resource and community uses are also permitted.

# Planning Policy

## Sackville Municipal Planning Strategy

- Urban Residential Designation
- Intent of designation is to protect the residential environment of the community while allowing for a variety of housing types and other uses which are compatible with continuing residential development.
- Proposal is enabled under Policy UR-20, which permits commercial uses, by development agreement, to acknowledge the area history of low-density residential interspersed with commercial.

# Policy Consideration

---

Enabling Policy UR-20: Requires any new commercial use in this area to go through a development agreement process. The policy requires Council to consider the following in rendering their decision on a Development Agreement:

- Site design
- Height, bulk, and lot coverage - compatible with adjacent land uses.
- Buffering and screening
- Environmental concerns
- Traffic generation and adequacy of municipal services

# Public Engagement Feedback

Slide 12

- Level of engagement completed was consultation achieved through a mail out notification and a public information meeting (August 15, 2019)
- Feedback from the community generally included the following:
  - •Concerns regarding traffic;
  - •Concerns regarding permitted uses (potential obnoxious uses)

# North West PAC Recommendation

Slide 13

September 4, 2019

---

The PAC recommended that the application proceed with the following considerations:

- that the parking lot lights shine towards the parking lot and not towards the houses along the back;
- that the maximum sightline is available for turning left out of the parking lot to Executive Drive;
- that additional accessible parking spots be added;
- that the roof be sloped to enhance the look of the building and to blend with existing the neighborhood; and
- that the commercial uses be limited to neighborhood services and uses.

## Summary: Key Aspects of Proposed Development Agreement

---

- Maximum one storey - approximately 10.6 m. (35 ft.) tall commercial building;
- 650 sq. m. (7,000 sq. ft.) gross leasehold space;
- Permitted uses are those found in the C-2A Zone, with the addition of Automotive Tire Sale and Repair Outlet, and Restaurant – Full Service uses.
- 40 parking spaces located in the rear of the building; and
- Landscaping, fencing, and lighting requirements.

# Non-Substantive Amendments

Slide 15

A 'Non-Substantive Amendment' is a change to the agreement which could be made without a formal Public Hearing. Instead, Community Council could authorize this change by resolution.

As proposed, Non-Substantive Amendments within this agreement include the following:

- Changes to the landscaping measures; and
- The granting of an extension to the date of commencement and completion of the development.

# Staff Recommendation

---

Staff recommend that North West Community Council:

1. Approve the proposed development agreement, which shall be substantially of the same form as set out in Attachment A of the staff report; and
2. Require the agreement be signed by the property owner within 120 days, or any extension thereof granted by Council on request of the property owner, from the date of final approval by Council and any other bodies as necessary, including applicable appeal periods, whichever is later; otherwise this approval will be void and obligations arising hereunder shall be at an end.
