Dear Brittney & Carl,

**RE: TIME EXTENSION FOR DEVELOPMENT AGREEMENT  
AT 181 PLEASANT STREET, DARTMOUTH.**

Thank you for the opportunity to apply for a Development Agreement Time Extension (Non-Substantive Development Agreement Amendment) for the property located at 181 Pleasant Street, Dartmouth Nova Scotia.

At this time, we are applying only for the 1-year time extension for the existing Development Agreement. Please see the attached Planning & Development Non-Substantive Development Agreement Amendment application form. As this is a time-extension request only, we have only included a limited amount of information in the attached application form, as was discussed with Brittney Maclean, Planner II Halifax Planning & Development,.

As discussed with Brittney Maclean, we have not included the required \$5,000.00 fee for the Development Agreement Time Extension, as it is unclear as to how The City of Halifax is receiving these payments due to Covid-19 safety protocols. Brittney Maclean has communicated that The City will provide further direction on how to make this payment once this application is received.

Please do not hesitate to contact me if you require anything further.

Sincerely,

**Zeidler Architecture**

**Original Signed**

**Tyler Loewenhardt**
