

DISTRICT 1

Jacob Lucas Andre Boudreau

5 years ago, at the age of 9, Jacob asked if he / we could donate our Thanksgiving meal to a family in need. That Thanksgiving, through awareness in social media, others came forward matching his request and 25 families were provided with a Thanksgiving meal. Since that time Jacob's compassion has touched people across the country. His focus is to ensure that the homeless are treated with dignity. Jacob believes that we can never lose sight of the importance of inclusion and that we can never allow the less fortunate to become invisible.
