

DISTRICT 10

Adora Fernando

Adora is aware of the needs in her local community and at a global level. She sees the importance of being part of the solution and acts on it. Whether building homes in Kenya or Dominican Republic, providing artwork or baked goods for fundraising in her local community, or coaching kids in water polo, she delivers all with strong leadership and a magnificent attitude. Adora leads by example as she shows our next group of young people that it can be rewarding to give of yourself.
