

DISTRICT 11

Haille Hersey

Haille has successfully completed the Youth Live program, graduating with new found confidence in addition to job experience. Haille took every opportunity to go above and beyond expectations and make the most of her experience. We are so proud of her accomplishments such as presenting to a large group of HRM staff and creating a video that will be used to promote the Youth Live program for years to come. Haille's leadership with her peers will be missed!
