

## APPLICATION TO FILM IN HALIFAX REGIONAL MUNICIPALITY

Halifax Regional Municipality is film-friendly. The role of the municipal Film Liaison is to facilitate access to municipal services, locations, and resources. With the exception of news media, all location filming taking place in the region must contact the Film Liaison.

Individuals or companies wishing to film in Halifax Regional Municipality must complete and return the following documents, ideally at least **five (5) business days prior to filming**:

Application to film in Halifax Regional Municipality
Release and Indemnification Form
Certificate of Insurance (COI) with appropriate limits of insurance and naming "Halifax Regional Municipality" as additionally insured
Notification of filming to Councillors and Residents

Please note that additional permits may be required for the full or partial closure of municipal roadways, use of municipal services such as transit or emergency vehicles and staff, aerial filming and other circumstances. Following a risk assessment, other production aspects such as certain special effects or location requirements may also require further documentation.

It is the responsibility of the applicant to inform the Film Liaison of all changes to the filming plan. Additional approvals may be necessary in the case of major changes, added locations, new effects, and/or heightened risk.

Once all documents are received, the Film Liaison will co-sign and return the application to the applicant. This document constitutes a filming approval and **must** be available on site during filming to be presented if requested.

Please return the application package to:
