Applications received pursuant to Administrative Order 2014-020-GOV - Respecting Marketing Levy Special Event Grants.

LEGISLATIVE AUTHORITY

Halifax Regional Municipality Charter Section 79A

(1) Subject to subsections (2) to (4), the Municipality may only spend money for municipal purposes if the expenditure is included in the Municipality's operating budget or capital budget or is otherwise authorized by the Municipality;

Halifax Regional Municipality Marketing Levy Act

Administrative Order 2014-020-GOV – Respecting Marketing Levy Special Event Reserve Grants.

Administrative Order 2014-015 ADM - Respecting Reserve Funding Strategies.

RECOMMENDATION

It is recommended that the Special Events Advisory Committee recommend Halifax Regional Council:

- 1. Approve total funding in the amount of \$1,134,500 from the Community and Events Reserve, Q621 as proposed in the following categories:
 - 3 Distinguished, 12 Signature and 1 Major Hosting Event Grants for a total of \$731,500 as identified in Table 1;
 - 1 New (Emerging) Event Grants (previously approved) for a total of \$13,000 as identified in Table 2:
 - 1 Distinguished and 3 Major Hosting Events (previously approved) for a total of \$390,000 as identified Table 3:
- 2. Pending final approval of the 2023/2024 budget, approve \$766,500 as identified in Table 4 of this report; and,
- 3. Pending final approval of the 2024/2025 budget, approve \$616,500 as identified in Table 5 of this report.

BACKGROUND

This report outlines the recommended Marketing Levy Special Events Reserve (MLSER) grant awards for applications submitted to the 2022/2023 intake. Funding is provided from the Community and Events Reserve (Q621) in which the business case, approved by Regional Council, defines the purpose of the reserve as follows:

- To provide funding to attract and host exceptional large-scale sporting events and tourism
 events that create significant economic impacts, promote Halifax as a multi-experiential event
 destination and attract tourists to HRM for multiple day visits;
- To provide funding to community non-profit and public institutions in support of major capital
 initiatives by facilitating the development of significant community infrastructure to realize
 tangible cultural, sectoral and economic impacts on a national, provincial, regional or sectoral
 scale; and
- To provide funding to support the principles and objectives of the Cultural Plan and the HRM Public Art Policy.

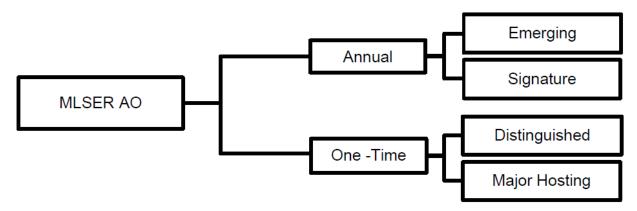

The funding from the Marketing Levy is deposited in Q621 and withdrawals are approved by Regional Council, in accordance with Administrative Order 2014-020-GOV Respecting Marketing Levy Special Events Grants. Approved withdrawals that are not allocated to a particular event in the approval year are allocated to the hosting commitment and funds are carried forward for the major hosting program. This supports Special Events Advisory Committee's (SEAC's) commitment to accumulate funds to build capacity in the reserve to host 'major' events that require significant hosting fees (e.g. Canoe '22). An annual reservation of \$400,000 is generally allocated within the reserve for major hosting opportunities.

However, due to the impact the pandemic has had on tourism and travel, the allocation for 2021/2022 was reduced to \$200,000. As impacts from the pandemic continue to affect the capacity of the marketing levy staff recommend that for 2022/2023 \$100,000 be allocated for investment in future Major Hosting event opportunities. All recommendations respecting the allocations of the MLSER are governed by Administrative Order 2014-020-GOV (AO).

The MLSER AO governs four programs:

- New (Emerging) Events supports organizations that bring or create a developing event with potential and have a minimum budget of \$50,000;
- Distinguished Events supports annual or one-time events that have a minimum budget of \$50,000;
- Signature Events supports large-scale events that have been in existence for 5 years and have a minimum budget of \$100,000;
- Major Hosting Events supports organizations bidding on the rights to host major events that draw tourists, have a minimum budget of \$500,000 and are in receipt of funding from other levels of government.

The MLSER AO also outlines the option for HRM to provide multiple year funding to the New (Emerging) and Signature categories to assist with the sustainability of events. The below chart summarizes the MLSER categories:

With Regional Council's review and approval, large international Major Hosting Events have received multiple year funding, due to the significant size of the event grant and sustainability of the reserve. An example, Canoe '22 was awarded \$800,000 to be released in three fiscal years.

Intake(s)

Both New (Emerging) and Distinguished Events programs offer two intakes per year. The Signature program offers one intake every three years. There is an open intake for events applying to the Major Hosting program. The second intake for New (Emerging) and Distinguished Events will open in the spring of 2022 to fund events taking place October 1, 2022 through to March 31, 2023.

Program Allocations

In $2\bar{0}16$, SEAC recommended guidelines to set the maximum funding award amounts in each program, as well as a maximum allocation for each program. The program allocations were established to ensure \$400,000 of the total MLSER funding would be earmarked for investment in future Major Hosting event opportunities.

The maximum grant amounts for each of the programs are as follows:

New (Emerging) Events: \$25,000
Signature Events: \$100,000
Distinguished Events: \$55,000

- 4 -

The total allocation for each program is as follows:

• New (Emerging) Events: \$100,000

• Signature Events: \$500,000 *** See below this number is recommended to be increased to \$650,000

Distinguished Events: \$250,000

• The Major Hosting Event program does not have a maximum grant award or program budget.

Approach to MLSER Funding During and Post COVID-19

2020/2021

In 2020/2021 Council approved funding to events in the New (Emerging), Signature and Distinguished programs at 80% of the 2019 grant amount (year 2 of a 3-year funding cycle). This approach was proposed given the anticipated reduction in the hotel levy from COVID-19 impacts on the tourism industry. The rationale, shared with program clients was that if it was possible to return to in-person events in 2021/2022, the need for capacity in the MLSER would be critical to assist with the anticipated lack of sponsorship opportunities and the COVID-19 compliant scenario planning that event organizations would be required to undertake.

2021/2022

In 2021/2022, staff recommended the grant amount for live, in-person events be set at the level of the 2019 grant level (pre-COVID-19 level). For planned virtual events, funding was approved at 80% of the 2019 grant. When planned in-person events had to be held virtually due to a change in public health guidelines, funding was provided at the full 2019 amount.

In addition to the annual grant program in 2021/2022 Council approved \$150,000 to develop a dedicated grant program - The COVID-19 Events Recovery Program. This program supported non-profit community and cultural event organizations to maintain or restart in-person events under the public health guidelines. The temporary grant program was to assist with COVID-19 adaptation expenses incurred directly related to deliver in-person events. At this time a total of \$72,300 has been awarded to 13 clients in both the MLSER and the Regional Special Events Grant programs; which includes funding to five MLSER clients for a total of \$27,028. The 21/22 program was extended to March 31, 2022, with one new application receiving approval.

2022/2023 - 2024/2025

Staff undertakes the grant application process as outlined in the MLSER AO. This report outlines the recommended 2022/2023 MLSER grants for SEAC's consideration for recommendation to Regional Council. The MLSER program allocations were set as guidelines and not included in the AO purposely so there is flexibility should circumstances warrant a change in levels. For the 2022/2023, 2023/2024 and 2024/2025 three-year funding cycle staff recommend an increase to the allocation amount for the Signature program from \$500,000 to \$650,000 with the following rationale:

- events are entering a new 3-year funding cycle facing increasing delivery costs, supply chain challenges and reduced numbers of volunteers;
- events have submitted applications containing new Event Impact Calculator (EIC) data that supports an increase for many of the Signature Events after 3 years at past levels; and,
- effectively resourcing annual events is key to re-animating the urban core post COVID-19.

A review of the allocation amounts for the Signature program will be conducted in advance of the 2024/2025 three-year cycle and will be adjusted as required. It is recommended that funding be awarded to organizations that deliver events under the following scenarios:

- 100% of the grant to organizations that deliver live, in-person events and meet current public health guidelines;
- 100% of the grant to organizations that deliver hybrid events in which the main event is delivered to live, in-person audiences and meets current public health guidelines but there is an opportunity to attend an online, virtual, or digital component which broadens audience engagement;
- 50% of the grant to organizations where there is the intent to return to a live event format but due to public health restrictions no in-person live events are permitted, but an online, virtual, or digital event is delivered; and,
- 25% of the grant to organizations where there is the ability to return to a live, in-person event format, but the preference of the event organization is to remain digital/virtual.

For events in all four categories the first payment equals 80% of the grant; and 20% is held back pending submission of a final report to the municipality.

DISCUSSION

There were 16 applications in total submitted to the 2022/2023 program. Information on the current applications can be found in Attachment 1.

Eligibility

Based upon the eligibility criteria, all 16 events are deemed eligible.

Ineligible

There are no ineligible event applications for the 2022/2023 program.

Evaluation

As per the AO, all applications are evaluated based on tourism impact, economic impact and media/exposure. Other key elements that are considered include the financial stewardship and governance of the event organization, as well the prestige the event offers to enhance Halifax's reputation as a successful event destination. In addition, events applying to the New (Emerging) and Major Hosting programs are assessed on funding commitments from other levels of government.

- Tourism impacts are assessed based on room nights (guaranteed and estimated), along with seasonality and location (urban vs suburban vs rural).
- Economic impacts are assessed by applying an industry recognized economic assessment tool.
- Media impacts (enhanced visibility of the Municipality) are assessed using information outlined in proposed media plans representing live streaming, television broadcast and social media campaigns.

In addition to the 16 new applications to the current fiscal for review (Table 1), five organizations have previously applied and have been approved for funding in 2022/2023 (Tables 2 & 3), pending approval of the 2022/2023 budget:

- New (Emerging) Event Halifax Black Film Festival
- Distinguished Event U SPORTS Men's Final 8 Basketball Championships
- Major Hosting Event 2022 Archery Youth and Masters Pan American Championships
- Major Hosting Event 2022 49er, 49erFX, Nacra 17 World Sailing Championships
- Major Hosting Event Canoe '22 (third allotment)

The New (Emerging) Event for the 2022/2023 fiscal and the funding amount can be found in Table 2. The funding amounts for the Distinguished Event and three Major Hosting Events for the 2022/2023 are found in Table 3.

In total, the 2022/2023 Marketing Levy has applications to fund 21 events this year, with 1 New (Emerging), 4 Distinguished Events, 12 Signature Events and 4 Major Hosting Events.

<u>Destination International's Event Impact Calculator (EIC)</u>

Staff work in partnership with Discover Halifax to use an online economic assessment tool - Destination International's Event Impact Calculator (EIC). This online tool provides localized metrics on the value of meetings, conventions and for sporting, festival and cultural events in which the basic parameters of an event are translated into a full economic impact analysis. The system provides an economic impact analysis of an event focusing on business sales by industry and source, the impact of sales on jobs, wages, and local taxes, as well as the return on investment against hosting costs and incentives. Applicants' EIC's are found in Attachment 2.

New (Emerging) Events

Towards the end of the 2019/2020 funding intake, events that had received funding in the New (Emerging) Events category were about to complete the three-year funding cycle. Under Section 4 (a) of the AO for Signature Events it states: "(ii) The special event must be in existence for a minimum of five (5) consecutive

^{**}Previously funded through New (Emerging)

^{***2018} ECMA's grant award

^{****}Additional funding of \$150,000 recommended in 2023/2024.

years and have a minimum budget of \$100,000." Since the majority of the newly established have not operated consistently for a five-year term, they would not qualify as Signature Events.

After further review, staff determined the most efficient way to bridge this program gap is to extend the maximum length of consistent operation in the New (Emerging) Events program to state "up to five (5) years" from the current "up to three (3) years."

On March 25, 2021, Audit and Finance Standing Committee reviewed and approved the revisions to the AO, to bridge the program gap to extend the maximum length of consistent operation in the New Events (Emerging) program to state "up to five (5) years" from the current "up to three (3) years." One New (Emerging) event already receiving funding in this category is shown below in Table 2. The previously Regional Council approved funding allotments have been extended to 5 years. The Downtown Dartmouth Ice Festival has received New (Emerging) funding for the past three years and has been re-directed into the Regional Special Events funding program under the Established Community Festivals category.

2020 International Ice Hockey Federation (IIHF) Women's World Championship

In 2018/2019 Regional Council approved \$300,000 to the 2020 International Ice Hockey Federation (IIHF) Women's World Championship. A grant of \$240,000 (80%) was released to the Society, however the event was canceled due to COVID-19. Recently, the Society returned the grant in full to the municipality. The \$240,000 will be visible in the next quarter of the Community and Events Reserve, Q621, but was considered and included in the 2022/2023 staff recommendations.

FINANCIAL IMPLICATIONS

Projected Net Available Balance 2022/23	971,694

Operating Withdrawals of \$1,708,000 included in 2022/23 budget.

RISK CONSIDERATION

There are no significant risks associated with the recommendations in this Report. The risks considered rate Low. To reach this conclusion, consideration was given to financial and reputational risks.

A contribution agreement, using HRM's standard form of contribution agreement, will be negotiated between the event organizers and the municipality prior to the release of funding. The agreements will include details regarding the rights and benefits outlined including media coverage and advertising opportunities.

COMMUNITY ENGAGEMENT

The Special Events Advisory Committee includes members of the public.

ENVIRONMENTAL IMPLICATIONS

No environmental implications were identified.

<u>ALTERNATIVES</u>

The Special Events Advisory Committee may choose to recommend Halifax Regional Council increase or reduce the amount of the event grant.
