### PASSWORD ALERT!

To improve security for our users, our online registration platform will be changing its password requirements. Starting Nov. 16, 2022, the minimum password length to log into a MyRec account will be extended from eight to 10 characters.

New and existing users with passwords less than 10 characters will be required to change their password before logging into their MyRec account. Existing users with passwords of 10 or more characters are unaffected. For enhanced security, users are required to update their own password rather than seek assistance from recreation staff.

We urge all impacted users to change their password to 10 or more characters before the upcoming winter recreation programming registration on Dec. 7 and 8, 2022 or at the next available opportunity. To change your password, visit the account login page and follow the password reset instructions. Questions can be directed to your local recreation centre or call (902) 490.6666.
