REPORT - PUBLIC HEALTH AND WELFARE COMMITTEE

The Public Health and Welfare Committee reported as follows from its meeting of June 25th:

Placement - Disabled Patients - Indian School, Shubenacadie

The recommendation of the Public Health and Welfare Committee read as follows:

"It is recommended that the City of Halifax be prepared to place disabled patients in the former Indian Residential School at Shubenacadie, if it is purchased for use as a Home for the Disabled, with the understanding that no patient be placed without the concurrence of the relatives involved.

The City Manager said that any approval of the recommendation by Council should be "in principle", since it would be dependent on the Municipality of East Hants successfully completing negotiations for the purchase of the School.

Alderman Sullivan said that in any event he felt the recommendation was worded too strongly, and it should read as a "suggestion" that the City of Halifax be prepared, etc.

Alderman Hogan suggested the matter be deferred until the outcome of East Hants' negotiations for purchase were definitely made known. His Worship the Mayor, however, felt rather than carry it on the agenda as a deferred item, it would be better to remove it, and ask staff to bring the matter up again if and when East Hants actually purchases the building.

In the meantime, the recommendation of the Committee was tabled.

Motion passed.
