The Mayor of Halifax.

Dear Sir,

I have been requested by the Executive of the Clergy Committee, which is a representative body of all the Churches except the Roman Catholic, to request you to appoint by Proclamation, Tuesday Jan. 1st. 1918 as a Day of Memorial for those who have perished in the late calamity and intercession for all who have suffered.

As there is no single building which could be used for a general gathering of all it is proposed that each Denomination should arrange for a service in some central place but that all should be held at the same hour .

I have the honor to be

Yours truly
