

EXPLOSION-TAXATION OF PROPERTIES IN DEVASTATED AREA.

City Hall, August 1st, 1918.

The City Council.

Gentlemen:-

Agreeably to the recommendation of the City Council the Board of Control has given further consideration to the matter of the issuing of tax bills of properties in the devastated area and it is now recommended that all tax bills be at once sent out by the Assessor.

It is also recommended that in all cases affected by the explosion in which property owners appeared before the City Collector to promptly pay their taxes in order to take advantage of the discount, but were unable to do so because the bills were not sent out, The Collector be authorized to allow the discount.

Respectfully submitted,

*L. B. O'Sullivan*

Secretary Board of Control.
