This mapping was compiled by photogrammetric methods from aerial photographs flown in Dec. 1960.

Grid shown is a plane rectangular projection based on triangulation stations established by the Geodetic Survey of Canada. Origin was taken at Fort Needham with an assumed value of North 100,000 and East 100,000.

All contours and elevations are based on City of Dartmouth Datum, which is Geodetic plus 100 feet.

Ground control was established by Walter E. Servant, Provincial Land Surveyor, Halifax, N.S.
