

Shikha Sarah Gupta

Shikha has been volunteering for the St. John Ambulance for a year now. Even without any healthcare experience she has learned new skills and is contributing by being a medical first responder at different places across the Municipality. She is a newcomer to Canada and has been living in Halifax for over a year. Her no-quit attitude and taking on challenges outside her comfort zone makes her exceptional. We are proud of how she contributes to her new community and deserves the recognition.
