

Eptehal Nashnoush

Eptehal is a full-time engineering student at Dalhousie University, who dedicates her time to helping others realize their scientific potential through various volunteer roles and leadership positions. She has contributed well over 150 hours volunteering at Innovation Lab, QE2, Engineers NS, Islamic Relief Halifax Chapter, IEEE Dalhousie, and Dalhousie Women in Engineering Society. Because of her outstanding efforts, Eptehal has earned not only this award, but the respect and gratitude of her colleagues and peers.
