

DISTRICT 5

Bonie Moore

Bonie has shared her time and talents with her community in many ways; she considers it 'her calling' in life. From helping to increase adult literacy, supporting animal welfare in Nova Scotia, promoting the beautification of our community parks and gardens, preserving the history of a local museum or supporting friends and neighbours in need, she has generously given back to her community for more than 30 years with organizations such as the Dartmouth Learning Network, SPCA, Dartmouth Heritage Farm Garden, and numerous horticultural organizations. Her dedicated volunteerism has enhanced the lives of others and has helped to make her community a much better place to live and grow.
