

## DISTRICT 1

# Marilyn Clarke

The Waverley Heritage Society would like to recognize Marilyn Clarke for her long-term commitment to the success of the Waverley Heritage Museum. Marilyn was the one who 'kept the light shining', becoming the heartbeat of the Waverley Heritage Museum through a period of transition and turnover.

The museum continues today because Marilyn Clarke remained in place to carry it through rough waters and into the hands of a new generation. Her volunteer accomplishments include: museum curator, training, organizing and participating in special events and fund-raising activities such as the Annie Blois Smith Memorial Tea, leading special projects such as the History of the Waverley Volunteer Fire Department & the Waverley Gold Diggers Hockey Team and liaising with other community groups. She continues to be an inspiration to museum volunteers and visitors alike.
