

DISTRICT 9

Yasmin Abd El-Rahaman

Yasmin is a young volunteer that has been making a difference in her many volunteer roles. She started volunteering in junior high by helping with school events and supporting newcomer students. She believes that everyone should have the same opportunities regardless of their background. She is determined, respectful, fearless, and kind with all people young and old. We are very lucky to have her as a volunteer and as part of our community at the YMCA Centre for Immigrant Programs.
