

DISTRICT 14

Twan Jansen

Twan has been a supporter of the Lucasville Greenway, and the Association, since its inception. He took on a larger volunteer role to help us achieve our dream of a safe method to travel without a car in Lucasville and to surrounding communities. Twan has helped us better define our goals and to convert them into manageable tasks. Twan also volunteered to organize and run our first annual

Lucasville Greenway Walk and BBQ this past summer. Without his help, we would not be where we are today.
