

NEIGHBOURHOOD SEED KIT APPLICATION

Part of Parks & Recreation's Neighbourhood Placemaking Program

Applications due Friday, March 31, 2023

Neighbourhood Seeds Kits provide residents an opportunity to connect with more of their neighbours by taking part in a common activity. Share gardening tips, ask questions, share progress or favourite recipes come harvest time. Each kit comes with seeds for roughly 30 households in your neighbourhood. Each household will get seeds for five different vegetables: kale, beans, swiss chard, basil and zucchini. Neighbourhood Seed Kits are free and limited in number.

Neighbourhood Seed Kits are a feeder initiative under Parks & Recreation's Neighbourhood Placemaking program. If you're interested in creating a placemaking project with your neighbours, **find out more at halifax.ca/placemaking**.

This program is managed by Halifax Regional Municipality's Neighbourhood & Volunteer Services Team. To learn about other ways the team can support community groups, visit: halifax.ca/volunteer.

PROJECT NAME: _____

PROJECT LEADERS

(A minimum of two households are required to lead the project.)

Name community member #1: _____

Email: _____

Phone: _____

Civic Address: _____

Name community member #2: _____

Email: _____

Phone: _____

Civic Address: _____

Name and email of other neighbours involved: _____

(Optional)

PROJECT DETAILS

What area will you be targeting to execute the project?

(Ex. Slayter St from School St to Thistle St or The Community of Port Dufferin)

How many households will you share the seeds with? _____

How do you plan to engage a majority of your neighbours to inspire them to participate?

How will your project help neighbours get to know one another?

Additional comments you'd like us to know about your team, neighbourhood or project?

Please note, successful and unsuccessful applicants will be contacted before the end of April.

PLEASE SEND APPLICATIONS TO YOUR LOCAL COMMUNITY DEVELOPER:

Dartmouth, Cole Harbour to Eastern Shore
