Re: 8 Walker Avenue, Sackville

Dear Maggie,

Please accept the enclosed planning application for a substantive amendment under section 6.2 of Case 19060 - registered on December 4, 2015.

The purpose of this application is to extend the commencement and completion dates as stipulated under sections 7.3 and 7.4. Unfortunately, the Development Agreement expired last year, and the owners missed the timeline to submit for an extension.

We are not seeking any other changes to the expired DA, but if given the opportunity we would like to improve on the building articulation (materials and colors) by providing new schedules (D-I). The siting and form will remain the same.

Thank you for your consideration.

Yours truly,

Original Signed

Cesar Saleh, P.Eng.
