RE: Discharge of Development Resolution at PID 00003954

Dear Carl,

On behalf of United Gulf Developments Limited I am applying to discharge the Development Resolution registered on PID 00003954. The Resolution was registered June 21, 2001 as Doc#21006.

The Resolution is related to approval for the MetroPark parking garage, which now sits on its own lot with its own separate registration of the Resolution.

The subject site is the location of the proposed "Skye Halifax" project approved by site plan approval at the November 14, 2019 Design Review Committee meeting. The current application is simply an administrative request in order to clear the subject site for issuance of permits related to the Skye Halifax project. Enclosed you will find a copy of the application form; however, I have not enclosed any additional supporting material as this is a request for discharge.

This request is in keeping with the Downtown Halifax Municipal Planning Strategy and Land Use By-law because it enables a proposal approved under those documents.

Please do not hesitate to reach out if you require and further information.

Sincerely,

Original Signed

Ian Watson
Senior Planner
