MEMORANDUM

TO: Chair and Members of the Halifax and West Community Council
CC: Tyson Simms, Planner II, Planning and Development
FROM: Sarah MacDonald, Chair, Halifax Peninsula Planning Advisory Committee
DATE: September 24, 2018

SUBJECT: Case 20761: Robie Street, College Street and Carlton Street, Halifax

The Halifax Peninsula Planning Advisory Committee considered Case 20761 at their September 24, 2018 meeting. The following motion was approved by the Committee:

THAT the Halifax Peninsula Planning Advisory Committee recommends that the Halifax & West Community Council proceed with the approval of Case 20761.

The committee also:

- Values increased density development in this area;
- Has concerns about the 26-storey tower height and the overall visual mass of the building, and recommends the tower heights conform to current and emerging Centre Plan guidelines;
- Believes the proposal is an improvement on the existing streetscape;
- Appreciates promised effort to maintain and/or restore heritage buildings along the College/Carlton street corner;
- Has concerns about the preservation of character elements of the heritage buildings (i.e. detached homes and below grade elements);
- Encourages additional efforts to improve pedestrian experience and protection of heritage properties along College/Carlton street corner;
- Encourages at-grade bicycle parking storage be incorporated into design;
- Recommends that additional amenity space for residents be incorporated into the building design and landscaping;
- Recommends the 4-storey street wall along Robie and College Streets be reduced to 3 stories to better suit neighbourhood context;
- Recommends the gazebo design element on the Robie/Spring Garden corner be modified to improve building aesthetic;
- Encourages the construction of two proposals (case 20761 and case 20218) be coordinated and happen together if both are approved;
- Recommends a quantitative wind study and joint shadow and traffic study be done for impacts of both proposals (case 20761 and case 20218) combined, and additional proposals or existing buildings in the vicinity, as appropriate;
- Would value a more complete access plan for resident pick-up and drop-off, and active transportation use;
- Encourages efforts to move utilities and wiring underground during construction;
- Recommends that the CH-16 elements be considered by Heritage Advisory Committee; and
- Encourages planning staff to use all available tools to maximize affordable housing within the development.
