#### **10.1.1 Case 19117: Development for 525-unit Mobile Home Park on the Old Truro Road, Enfield – Supplementary Report dated February 22, 2021 and Staff Report dated May 4, 2020**

The following was before Community Council:

- Supplementary staff report dated February 22, 2021
- Staff recommendation report dated May 4, 2020
- Correspondence from James Taylor, Janet Dares, Patricia Crowe, Gerry Louis, Pat Poirier, Bob Poirier, Adrian Spencer, Derek MacIsaac, Joanne Hamilton, Carrie MacDougall, Lydia MacIsaac, Gary Meade, Mike Musolino, Shawn Romaine, Bill and Charlotte Smith, Robert Stevens, Scott Allan, Stephen Boudreau, Shannon Doane, Terry Fogarty, Joanne Franklin, Jason and Angela Kainola, Melanie Lawson, Laura Lee Lyttle, Angus Poulain and Luke Taylor
- Staff presentation dated April 12, 2021

Shayne Vipond, Planner III, Rural Policy & Applications presented case 19117. The site is approximately 1,078 acres and is currently vacant. A Public Information Meeting was held on June 23, 2014, as well as two community open houses in 2018. Feedback from the community was generally unsupportive of the proposal. Concerns included impacts to the water table, impacts to wilderness, traffic, impacts on property

values, and environmental concerns.

The enabling policy under the Municipal Planning Strategy is MU-3, which permits the development of mobile home parks by development agreement only. A copy of the staff presentation is on file.

The Chair opened the Public Hearing and invited the applicant to come forward and address Community Council.

Jennifer Tsang, Sunrose Land Use Consulting, on behalf of the applicant, spoke to the proposal and the concerns of residents. Access to the Hescott Subdivision has been removed to satisfy concerns and there will be approximately 750-1000 feet between the mobile homes and the existing residences. Level 1 and level 2 groundwater assessments have been completed and results indicate there is enough water for approximately one-third of the development. Additional testing would be required at different phases. Tsang further stated there is a desperate need for affordable housing and these homes would be affordable and high-quality.

The Chair reviewed the rules of procedure for public hearings and called for the registered speakers.

**Paul Turbitt, North Kentville**, is part of the Nova Scotia Turtle Patrol which encourages nesting, hatching and breeding of turtles in their natural habitat. It was noted this site is a core wood turtle habitat and cannot be destroyed.

**Karen McKendry, Jollimore**, expressed concerns around this land being a wood turtle habitat and environmental impacts of development. It was noted that the wood turtle is listed as threatened under Federal and Provincial legislation.

**John Murphy, Middle Sackville**, stated these would be high-quality manufactured homes that have evolved tremendously over the years. The need for affordable housing was noted.

**Trevor Harvie, Elmsdale**, expressed concerns around the strain the development would cause on natural resources, in particular the water table. The importance of contingency plans between the residents and the developer was noted should issues arise.

**Shannon Doane, Elmsdale**, stated this development does not represent a positive contribution to the community. Concerns regarding environmental impacts were shared and they would like to see a requirement for an archaeological study.

**Frank Doane, Elmsdale/Halifax**, stated this development is too large for the water supply and is not in keeping with the rural setting. There is no public transit and not enough amenities to support this development.

**Francis MacDonald, Halifax**, indicated that additional ground water studies will be completed and that this would create affordable housing in the \$200,000 range. It is a high-quality product and the homes would be hidden from the existing residences.

**Jordan Crowe, Beaverbrook/Halifax**, has seen wood turtles on this site and feels the development is too much density for the neighborhood. It was also noted that there are not enough medical services or recreational services available to support the amount of density being proposed.

**Shelly Johnson, Representing Manufactured Housing Industry**, stated the developer has followed all environmental policies and this would make homeownership possible for people due to the lack of affordable housing currently.

MOVED by Councillor Lovelace, seconded by Deputy Mayor Outhit

**That the meeting be extended past 9:00 p.m.**

**MOTION PUT AND PASSED.**

**Valerie Peori, Beaverbrook/Elmsdale**, expressed concerns around the lack of pedestrian safety, fire services and police services.

**Arneldo Peori, Beaverbrook/Elmsdale**, echoed concerns around the water table.

**Gary Meade, Hubley**, lives in a manufactured home in Foxwood and loves the fact that they are a source of affordable housing. It was noted that local businesses would benefit from the additional density and that it would a source of tax revenue for HRM.

**Karen Rudman, Beaverbrook**, stated that the schools in the area cannot support the additional density and expressed concerns regarding the displacement of wildlife, the lack of public transit and lack of family doctors in the area.

In response to the speakers, Jennifer Tsang indicated that drilling a well can be hit or miss as water tables are not consistent, discussions are taking place with the Province regarding the wood turtle habitat and the conservation involved. It was also noted these lands are not marked for protection and are allowed to be developed.

MOVED by Deputy Mayor Outhit, seconded by Councillor Blackburn

**THAT the public hearing be closed.**

**MOTION PUT AND PASSED.**

MOVED by Deputy Mayor Outhit, seconded by Cathy Deagle Gammon

**THAT the meeting be extended past 10:00 p.m.**

**MOTION PUT AND PASSED.**

MOVED by Councillor Deagle Gammon, seconded by Councillor Blackburn

**THAT North West Community Council:**

- 1. Approve the proposed development agreement, which shall be substantially of the same form as set out in Attachment A of the supplemental staff report dated February 22, 2021; and**
- 2. Require the development agreement be signed by the property owner within 240 days, or any extension thereof granted by Council on request of the property owner, from the date of final approval by Council and any other bodies as necessary, including applicable appeal periods, whichever is later; otherwise this approval will be void and obligations arising hereunder shall be at an end.**

Community Council indicated that this has been a difficult process and that residents' voices have been heard. The product is not the issue, the biggest concern is the impacts on the water table. The need for affordable housing in the area was acknowledged.

**MOTION PUT AND PASSED. (3 in favour, 2 against)**

In favour: Councillor Russell, Councillor Blackburn and Councillor Lovelace

Against: Councillor Deagle Gammon and Deputy Mayor Outhit
