10. HEARINGS

10.1 PUBLIC HEARINGS

10.1.1 PLANAPP 2023-00563: Development Agreement for 870 and 874/876 Herring Cove Road, Herring Cove

The following was before Community Council:
- Supplementary staff report dated June 26, 2024
- Staff report dated April 26, 2024
- Extract from the May 14, 2024 Halifax and West Community Council draft minutes
- Correspondence from Kathleen Hall and Martha R. Leary, David Crowe, Shawn Rosvold, Roy Shipley and Christian Larivee, Sean Sangster
- Staff presentation dated July 16, 2024
- Applicant presentation dated July 16, 2024

Claire Tusz, Planner III gave a presentation and responded to questions of clarification from Community Council. Tusz explained that an easement to Herring Cove Road was not feasible as the lots were privately owned and were subdivided from the property.
These minutes are considered draft and will require approval by Halifax and West Community Council at a future meeting.

Halifax and West Community Council
Draft Minutes
July 16, 2024

The hearing opened at 6:20 p.m.

The Chair invited the applicant to come forward and address Community Council.

**Chrystal Fuller** and **Marius Ardelean, Applicant** gave a presentation and responded to questions of clarification from Community Council. Fuller explained that the detailed storm water management design and that property’s greenspace assisted to minimize floods. Ardelean stated they would be responsible to maintain the undisturbed area. Ardelean confirmed they did not own the property to allow for an easement to Herring Cove Road and stated the property’s topography did not allow for a trail that would meet the Halifax Regional Municipality’s accessibility policy.

The Chair reviewed the rules of procedure for public hearings and called for anyone wishing to speak on the matter.

**Alan Borenstein, District 10** spoke in opposition to the proposed development agreement because the Housing Accelerator Fund (HAF) encouraged the building of multi-unit and denser housing over the single family homes and duplexes proposed by the applicant. Borenstein spoke to their concerns that the proposed subdivision was unwalkable, was not readily accessible to amenities or reliable transit and that the local wetlands were put at risk for the sake of low density housing.

**Dr. Devom Kronisch, District 11** spoke to the steepness of properties in the area which resulted in their concerns about poor water drainage and storm water management issues like those that currently existed in their neighbouring subdivision. Kronisch also spoke to the need to preserve wetlands for the area’s wildlife.

The Chair invited the applicant to respond to questions raised by the public.

**Chrystal Fuller** and **Marius Ardelean** responded to questions raised by the public. Fuller explained the enabling policy for the development predated the HAF amendments and did not permit high density in the area. Fuller also explained that the proposed development’s storm water management system conformed with Provincial and Municipal standards. Ardelean explained that Halifax Water would determine the type of storm water management system to be used and that they would try to negotiate the use of a natural pond.

MOVED by Councillor Smith, seconded by Councillor Cleary

**THAT the hearing be closed.**

MOTION PUT AND PASSED.

The hearing closed at 6:50 p.m.

Claire Tusz responded to questions of clarification from Community Council. Tusz detailed how the proposed storm water management system would mimic natural drainage conditions and that the design followed Halifax Water Design Guidelines. Tusz indicated that the property’s steepness complicated the inclusion of a wildlife corridor on the property. Tusz explained that the property’s enabling policy was not yet amended to comply with the HAF amendments and that the current transportation, sewer and water infrastructure did not allow for higher density for the proposed development.

MOVED by Councillor Cuttell, seconded by Councillor Cleary

**THAT Halifax and West Community Council:**

1. Approve the proposed development agreement, which shall be substantially of the same form as set out in Attachment A of the supplementary staff report dated June 26, 2024; and
2. Require the development agreement be signed by the property owner within 120 days, or any extension thereof granted by Council on request of the property owner, from the date of final approval by Council and any other bodies as necessary, including applicable appeal periods, whichever is later; otherwise this approval will be void and obligations arising hereunder shall be at an end.

Community Council noted the proposed development was well planned, provided needed housing and satisfied the enabling policy’s requirements. Community Council also spoke to concerns about traffic impacts, transit capacity and the lack of a wildlife corridor.

MOTION PUT AND PASSED.
