RECOMMENDATION

It is recommended that Halifax Regional Council:

1. Authorize the Chief Administrative Officer to negotiate and execute a Facility Operating Agreement with Eastern Shore Recreation Commission substantially in the same form as set out in Attachment 2 of this report.
2. **BACKGROUND**

The Eastern Shore Recreation Commission (ESRC) is a not for profit organization incorporated through an Act of the Provincial Legislature in 1971 and currently provides stewardship to the Eastern Shore Community Centre. The ESRC has operated the Eastern Shore Community Centre since the facility’s inception in 1973.

The Eastern Shore Arena, a 37,400 sq. ft facility, located in Musquodoboit Harbour, includes a full-size arena, community hall, and a heated mezzanine. The facility was purchased from the ESRC by the Halifax Regional Municipality in 2002, and a Management Agreement with the Eastern Shore Community Association Board of Directors was executed that same year for the operation of the facility. A Property Management and Operating Agreement was prepared in 2004, and is the current document being utilized to manage the facility. Staff have been unable to find record of the agreement having been fully executed.

HRM Parks and ESRC also have an annual Parks Partnership agreement which provides funding to the ESRC for the maintenance of the surrounding park grounds. The terms and funding requirements are evaluated and agreed upon annually between the Parks and Recreation business unit and the ESRC. Reference to the park partnership agreement has been included in the new Facility Operating Agreement in order to outline the relationship between the two.

This report addresses the operating responsibilities in a new agreement between ESRC and HRM for the facility.

**DISCUSSION**

HRM and ESRC have a common interest in providing the best experience and value to the users of the indoor and outdoor facilities. The Eastern Shore Arena is one of the nine arena facilities, being managed by a community partner on behalf of the Municipality and is included in the Community Access Plan [https://www.halifax.ca/about-halifax/regional-community-planning/community-facility-planning](https://www.halifax.ca/about-halifax/regional-community-planning/community-facility-planning). The Eastern Shore Arena staff continue to work collaboratively with HRM to ensure standards of fair play and allocation formulas are implemented. A key initiative identified in the Parks & Recreation Business Plan is to continue to implement new and updated partnership agreements. HRM entered into new agreements with several of the facilities through the Multi-District Facility project and staff are now negotiating updated agreements with other partnership facilities. It is the intention of Parks & Recreation to subsequently negotiate similar updated agreements with the Centennial Arena as well as the Spryfield Arena.

There are no proposed changes to the operating model of the Eastern Shore Community Centre or the ball diamonds at this location. The ESRC continues to focus on providing excellent service to the community through the operation of the community center and the surrounding park. A revised and updated Facility Operating Agreement is required as a matter of responsible municipal governance. Also, the agreement accurately reflects the operating governance model as well as updated and modernized terms.

Under the proposed Facility Operating Agreement, HRM would continue to be responsible for and pay all costs associated with capital work, major facility repairs and major building operating equipment, as detailed in Attachment 2 of this report.

The Commission would continue to be responsible for and pay all costs associated with the delivery of the services including, staffing, programming costs, utilities and general maintenance of the facility.

**Facility Operating Agreement**

The Facility Operating Agreement as currently drafted has been agreed to by the Board of the Eastern Shore Recreation Commission and is included as Attachment #2. An overview of the key terms and conditions is outlined in Table 1:

FINANCIAL IMPLICATIONS

The 2020/21 proposed operated budget included an operating subsidy of $7,000 in C705-8001. Any maintenance or repair costs related to HRM’s responsibilities under the agreement will go through HRM Facility Management and Operations account (W212/213), which has sufficient budget for operating maintenance.

Additionally, the annual cost of $25,500, of the Community Partnership Agreement is included in the 2020/21 Parks operating budget (W187).

RISK CONSIDERATION

There are no significant risks associated with the recommendations in this report. The risks considered rate Low. To reach this conclusion, consideration was given to operational and financial risks for both HRM and the ESRC. An approved agreement in place between the parties mitigates risk.
COMMUNITY ENGAGEMENT

The Board of Directors for the Eastern Shore Recreation Commission is made up of members of the community.

ENVIRONMENTAL IMPLICATIONS

No environmental implications.

ALTERNATIVES

Alternative 1: Regional Council could direct the Chief Administrative Officer to not approve the agreement and direct staff to assume operation and management of the facility.

Alternative 2: Regional Council could direct the Chief Administrative Officer to negotiate a Less than Market Value lease with the Eastern Shore Recreation Commission. This would change the operating model from the group providing alternative service delivery to a straight lease of the building with no operating support from HRM.

Alternative 3: Regional Council could direct the Chief Administrative Officer to negotiate alternative terms. This would require additional negotiation with the group and a subsequent report to Council.
