RECOMMENDATION

It is recommended that Halifax Regional Council:

1. Adopt By-law T-1004, the purpose of which is to amend By-law T-1000, the Halifax Regional Municipality Taxi and Limousine By-law as set out in Attachment 2 to this report;
2. Adopt the amending Administrative Order, the purpose of which is to amend Administrative Order Number 15, Respecting License, Permit and Processing Fees, as set out in Attachment 4 to this report; and
3. Direct the Chief Administrative Officer to establish a staff board, pursuant to Section 6.2 of the Public Appointment Policy Staff Review, consisting of the Manager of Buildings and Compliance (or designate), the Municipal Solicitor (or designate), the Deputy Municipal Clerk, and the CAO (or designate) to review applications to the Taxi License Appeal Committee and bring forward recommendations to Regional Council.

BACKGROUND

Further to their consideration of a staff report dated December 17, 2019¹, Regional Council on January 14, 2020 directed the Chief Administrative Officer to prepare amendments to By-law T-1000 and the respective administrative orders to include the regulation and licensing of TNCs and brokers.

On March 10, 2020, Regional Council considered a staff report dated January 2, 2020² on revising the appeal process under By-law T-1000 and creating an arm’s-length committee to adjudicate appeals. Regional Council directed the Chief Administrative Officer to prepared amendments to By-law T-1000 as set out in the report.

This report contains the amendments to By-law T-1000 and Administrative Order 15 for Council’s consideration.

DISCUSSION

1. Amendments to By-law T-1000 and Administrative Order 15

The supplementary report³ that was before the Transportation Standing Committee on December 12, 2019, outlined the potential challenges and opportunities that HRM programs could face if Transportation Networking Companies (TNCs) were regulated to operate in the Municipality. Taking this into consideration, staff has outlined the recommend changes to By-law T-1000 and Administrative Order 15 as noted below.

Licensing of Brokers

Based on the jurisdictional scan completed and noted as an Attachment in the Standing Committee supplementary report, the recommended amendments include the licensing of brokers. The amendments include an annual fee, reporting capabilities and the responsibility for ensuring the taxis that operate under their company name are licensed by the HRM Licensing Authority.

Independent owner/operators that are not currently affiliated with a broker will be required to become a licensed broker if they wish to remain independent.

Fees

The annual fee is \$300.00 and must be paid at the time of licensing.

Reporting

To support evidence-based decision making, regular data reporting is required. The data is to be retained by the broker or independent owner for a minimum period of 1 year. Reports are to be provided quarterly and on demand for investigations within 24 hours.

Broker Reporting:

The data will include:

- the total number of trips requested and fulfilled, and requested and not fulfilled, with the reason for cancellation of the trip and the geographic start point, by longitude and latitude, quarterly;
- the total number of taxi drivers providing a ride, quarterly;
- the total number of taxi vehicles providing a ride, quarterly;
- the taxi driver and vehicle information corresponding with each requested ride, including:
 - the full name of the taxi driver;
 - the licence plate number of the vehicle;
 - the date, time and duration of the ride; and
 - the longitude and latitude where the passenger was picked up and dropped off.

Independent Owner Reporting:

The data will include:

- the total number of trips fulfilled, quarterly;
- the total number of taxi drivers providing a ride, quarterly;
- the taxi driver and vehicle information corresponding with each requested ride, including:
 - the full name of the taxi driver;
 - the licence plate number of the vehicle;
 - the date, time and duration of the ride; and
 - the longitude and latitude where the passenger was picked up and dropped off.

Licensing of Transportation Networking Companies

For TNCs to operate within the municipality, amendments to By-law T-1000 and Administrative Order 15 are required. In consultation with stakeholders, the following amendments are recommended:

Annual Fee

Regional Council requested that the licensing fee for registering a TNC be tiered based on the number of vehicles. By tiering the annual fee based on the number of vehicles in the TNC fleet, it will open the market to potential smaller start-up companies. Staff recommend the following tiered system in keeping with the jurisdictional scan which indicated it is utilized by many other municipalities. The tiered system is set out in Table 1.

Table 1: Annual Fee for Transportation Networking Companies

Number of Vehicles	Annual Fee
1 – 10 Vehicles	\$2,000
11 – 25 Vehicles	\$5,000
26 – 100 Vehicles	\$15,000
100+ Vehicles	\$25,000

Driver Requirements

All vehicle for hire operators, including taxi drivers and owners and TNC drivers, will be required to hold the Classification of Drivers' License as noted in the *Classification of Drivers' Licenses Regulations*⁴. The proposed by-law amendments reflect the legislated requirements.

In addition to an approved driver's license by the Registry of Motor Vehicles, licensing of TNC drivers will include:

- Minimum of 3 years driving experience;
- Criminal Record Check dated within 30 days of approval by the TNC;
- Vulnerable Sector Check dated within 30 days of approval by the TNC;
- Child Abuse Registry check dated within 30 days of approval by the TNC;
- Drivers abstract dated within 30 days of approval by the TNC;
- Approval by the TNC to operate as a driver.

All documentation must be provided to the TNC prior to becoming a driver.

Drivers are disqualified from being a TNC driver if:

- they accumulate ten or more demerit points on the driving record abstract at the time the application for a license or renewal is made: or
- they have been convicted of any of the following offences under the *Motor Vehicle Act* in the preceding five years:
 - Careless or imprudent driving;
 - Speeding or dangerous driving;
 - Failing to stop at an accident or to perform any duty;
 - Racing;
 - Blood Alcohol Content exceeds .05; or

⁴ <https://novascotia.ca/just/regulations/regs/mvclasdl.htm>

- Driving with a suspended license.

Insurance

TNCs are required to obtain and maintain an SPF No. 9 – Transportation Network for Nova Scotia Automobile Policy while licensed under this by-law.

The TNC shall direct the insurance company to notify the Licensing Authority if there are any changes to coverage and terms of the insurance policy.

A TNC vehicle owner is required to obtain and maintain an SPF 1 – Automobile Insurance Policy issued in the name of the TNC Vehicle owner. The TNC shall ensure every TNC Vehicle owner obtains and maintains the required automobile insurance.

Reporting

To support evidence-based decision making, regular data reporting is required. The data is to be retained by the TNC for a minimum period of 1 year. The reports are to be provided quarterly and on demand for investigations within 24 hours.

The data will include:

- The full name of all registered drivers;
- the total number of trips requested and fulfilled, and requested and not fulfilled, with the reason for cancellation of the trip and the geographic start point, by longitude and latitude, quarterly;
- the total number of drivers providing a ride, quarterly;
- the total number of vehicles providing a ride, quarterly;
- the driver and vehicle information corresponding with each requested ride, including:
 - the full name of the driver;
 - the license plate number, year, make and model of the vehicle;
 - the date, time and duration of the ride; and
 - the longitude and latitude where the passenger was picked up and dropped off.

Penalties and Fines

The introduction of licensing brokers and TNC companies requires penalties to be created to mirror what is currently charged to taxi drivers and owners who are in violation and not complying with the by-law. A jurisdictional scan was completed, and most regions delineated between individuals and company violations. Staff recommend differentiating the penalties for individuals (taxi drivers, taxi owners, TNC drivers or TNC owners) from companies (brokers, independent brokers and TNCs). Both individuals and companies will be subject to first, second and third offence penalties if found to be non-compliant with the by-law as outlined in Table 2. A tiered penalty system is intended to deter repeat offences.

Table 2: Penalties for Individuals and Companies

Individuals (taxi driver, taxi owner, TNC driver, or TNC vehicle owner)	Companies (brokers, independent brokers and TNCs)
First Offence: Minimum \$100	First Offence: Minimum \$500.00
Second Offence: \$200	Second Offence: \$800
Third Offence: \$400	Third Offence \$1,200

Housekeeping Amendments

Administrative Order 15 – Respecting License, Permit and Processing Fees – Section 6B

In September 2019, Part 11 – Semi-annual Hotel Standard vehicle inspection fee was repealed and will be removed from Section 6B – Schedule A as the fees no longer apply.

To reflect current practice, the addition of fees will be added to recover the cost of administrative work and inspections that are required for taxis. These fees are outlined in Table 3.

Table 3: Addition of Fees for Taxis

Change of Vehicle Fee	\$35
Change of Business Name Fee	\$25
Change of Broker Fee	\$25

The Taxi, limousine, or accessible taxi bumper sticker fee is being repealed and is reflected in the addition of fees above. The housekeeping amendments are reflected in Attachment 4 of this report.

By-law T-1000

1. Zones

The previous by-law amendments completed in September 2019 removed all reference to zones within the by-law. The definition of zone will be removed from Section 3.0 – Interpretation, as zones no longer exists.

2. Per-trip Fee

On February 18, 2020, a letter from Mayor Savage was sent to the Province requesting the required amendments to the *Motor Vehicle Act* (MVA) to enable the Municipality to charge TNCs a per-trip fee.

At this time, reference to the per-trip fee is not included in the by-law amendments as there is no change in the Provincial legislation. Changes to the by-law may be considered and further amendments brought forward to Regional Council for consideration once the Provincial legislation is amended.

3. Transportation Networking Company Drivers

On January 14, 2020, Regional Council requested a supplementary report on licensing TNC drivers. Ensuring safety of passengers and drivers is a priority of the Municipality. To aid in this objective, staff are recommending that any taxi driver or owner who has had their license revoked be unable to become a TNC driver. Staff also recommend that any driver that has been removed from a TNC platform due to safety issues may not become a driver for another TNC.

4. Per-trip Fee in Support of the Integrated Mobility Plan

As noted above, Regional Council requested that an additional \$0.05 be added to the proposed \$0.20 per-trip fee which would be charged to all TNCs and be allocated to Integrated Mobility Plan (IMP) initiatives.

The magnitude of expected revenue would need to be understood prior to allocating a percentage of the funds to the various needs of the IMP. Some of the needs are lower in cost such as education and promotion and range to higher cost needs such as a change management plan for Transportation Demand Management and studies to move outstanding actions of the IMP forward. The largest need is associated with infrastructure costs. All of the needs vary in cost and will have associated resource implications.

If an additional \$0.05 was to be added to the proposed \$0.20 per-trip fee and allocated to the IMP, the capital budget for transportation should not be reduced by a corresponding amount as revenue would vary from year to year. As noted above, the introduction of a per-trip fee requires an amendment to the MVA. The proposed amendments to By-law T-1000 do not include a per-trip fee at this time.

5. Restriction of Vehicles

On January 14, 2020, Regional Council requested a staff report with respect to the restriction of vehicles permitted by TNCs to fuel efficient and hybrid vehicles, to be considered as part of HalifACT 2050.

HalifACT 2050 does not specifically address fuel efficient and hybrid vehicles, but rather sets a target for all new vehicle sales to be electric by 2030. Switching to electric vehicles for private, public, and commercial transportation will reduce fuel costs, improve air quality, and reduce maintenance requirements. Wide-spread adoption of electric vehicles will require planning for and building charging infrastructure throughout Halifax, and coordination with local partners and industry specialists to prepare for a shift from gasoline to electricity.

At present, the lack of electronic vehicle infrastructure in HRM is an impediment for expanding the wide use of electric vehicles. In February 2020, the Municipality issued an RFP for evaluating possible policy levers, corporate and community infrastructure needs, and public education that would advance the municipality in becoming an EV-ready city. The study is currently underway and is expected to be completed in December with a report to Council targeted for early in 2021 for direction on priority actions and associated capital investment.

Rather than restrict TNCs to a specific vehicle type, staff recommend the use of an incentive-based option of charging the per-trip fee at a reduced rate for electric or hybrid vehicles. A jurisdictional scan shows that other municipalities provide discounted per-trip fees to those with electric or hybrid vehicles. An incentive of a discounted per-trip fee will promote the use of hybrid vehicles which will assist with the targets outlined in HalifACT 2050. At this time staff are unable to charge a per-trip fee until an amendment is made to the MVA. Further amendments will be brought forward to Regional Council once Provincial legislation is amended.

Appeal Committee

On September 24, 2019, Regional Council requested a staff report on an appropriate structure, composition and operation of an arm's length committee to adjudicate appeals under By-law T-1000. The resulting staff report⁵ provided a review of various models of appeal committees and tribunals in other jurisdictions, with a recommendation to adopt a structure that has a single appeal officer hearing taxi license appeals. That recommendation was approved by Regional Council on March 10, 2020.

As directed, the proposed new "License Appeal Committee" is created in the amendments attached to this report. The term "Taxi" was taken out of the title of the new appeal committee to reflect the Committee's responsibility for hearing all appeals under By-law T-1000, which will also include brokers, independent brokers and Transportation Network Companies, as well as taxis, accessible taxis and limousines.

Recruitment for the Taxi License Appeal Committee will occur in the fall. It is recommended that a staff board be convened to review and present the applications to Regional Council in early November.

Conclusion

There is strong public support for TNCs to operate in the Municipality. Licensing brokers and TNCs will provide residents with transportation options. The reporting requirements will provide staff with accurate

⁵ <https://www.halifax.ca/sites/default/files/documents/city-hall/regional-council/200310rc1521.pdf>

data, enabling them to monitor the impact that ride-hailing will have on our streets and services.

While charging a per-trip fee may offset the cost of administering the program and provide support to transportation programs and grants, there is no legislation that permits the municipality to charge such a fee at this time. Further amendments will be brought forward to Regional Council once Provincial legislation is amended.

The current Appeal Committee will be unable to hear any appeal put forward relative to TNCs, Brokers or Independent Brokers. To allow for a License Appeal Committee to be created and approved by Regional Council in November, the by-law amendments will be effective November 1, 2020.

FINANCIAL IMPLICATIONS

The introduction of licensing fees to TNCs and brokers will generate a new source of revenue for the Municipality. Existing staff resources and in-house skill sets will not be able to absorb and accomplish all of the work associated with the statistical and policy analysis of this very large set of data. Coordination with existing strategic initiatives, including the Integrated Mobility Plan and HalifACT 2050, is crucial, and alignment with stakeholders, such as Diversity and Inclusion and Halifax Transit, is imperative.

It is anticipated that there will be a need for 3 new full time equivalent (FTE's). 2 FTE's to facilitate data collection and analysis of the new data collected and 1 FTE for the administration of new broker fee and TNC's annual licensing. The approximate annual cost for these 3 positions would be approximately \$240K. The cost would be offset by new revenues ranging from \$50K to \$142K. Because the license fees for TNC's are tiered based on the size of their fleet, it is difficult to predict the amount of new revenues the TNC license fees will generate. The result is a net incremental annual cost of approximately \$98K to \$190K.

For the remainder of 20/21, the positions will be filled by overstaffing existing positions when they are deemed to be required. The funds for these overstaffing's will be offset by vacancy savings. Permanent ongoing funding for the support and implementation of this work will be addressed through future Council budget cycles.

Anticipated New Revenues:

Annual Licensing Fee – Taxi

The licensing fee for brokers is \$300 annually. At this time there are 4 brokers and 135 independent owners who would have to become their own brokers. This would potentially add a yearly revenue of \$41,700.

Annual Licensing Fee – TNCs

The licensing fee for TNCs varies on a tiered system ranging from \$2,000 to \$25,000 annually. This is dependent on the number of vehicles in each TNCs fleet. The range could be from \$8K to \$100K pending the size of each fleet.

Housekeeping Amendments

To reflect current practice, the addition of fees will be added to recover the cost of administrative work and inspections that are required for taxis. A Change of Vehicle Fee - \$35, Change of Business Name Fee - \$25 and a Change of Broker Fee - \$25 will be added to Administrative Order 15. There is an average of 230 change-type fees processed within a fiscal year, resulting in additional potential annual revenue of \$8,050. The average number of business or broker changes processed within a year are 40, which could potentially add \$1,000 revenue.

RISK CONSIDERATION

There are potentially significant risks of impact to strategic priorities established by Council, including but not limited to: The Integrated Mobility Plan (IMP), Rapid Transit Strategy (RTS), Moving Forward Together Plan (MFTP), and the Climate Action Plan - HalifACT 2050. At a high level, these risks have been considered in the table below.

Recommendation: Regulating TNCs based on existing Provincial legislation				
Risk	Likelihood (1-5)	Impact (1-5)	Risk (L/M/H/VH)	Mitigation
Impact to potential revenue and operations; Inability to charge a per-trip fee	5	5	Potential Impact to Revenue. At this time amendments to the MVA are required to charge a per-trip fee.	Staff will continue to work with the Province to encourage amending the MVA to allow the charging of a per-trip fee.
IMP: Transit ridership (MFTP & RTS), congestion, curbside usage, achieving mode share targets	5	5	If data collected shows that transit and active transportation trips are diminishing, and vehicle trips are increasing due to TNCs then there is a high risk to achieving mode share targets.	A review of the data collected will need to be analyzed over a period of two years to effectively measure impacts to the IMP.
Climate Impact – HalifACT 2050	3	4	If the data collected shows that transit and active transportation trips are diminishing and vehicle trips are increasing due to TNCs, then there is a risk to succeeding in achieving climate mitigation goals.	If the MVA is amended, explore using per-trip fees oriented toward climate objectives (e.g., based on typical GHG emissions by vehicle type). Charging a reduced per-trip fee for fuel efficient or hybrid vehicles will provide an incentive to TNCs to ensure those vehicles are in their fleet. A review of the data collected will need to be analyzed over a period of two years to effectively measure impacts to HalifACT 2050.

There is a risk associated with not being able to charge a per-trip fee. The cost of administering the program is unknown at this time and the proposed annual license fee may not offset the costs. The impact to introducing TNCs in the Municipality will be better understood once there is access to trip data. There is also some risk in warehousing data that HRM does not have the resources to use for evidence-based decision-making.

Some of the proposed by-law amendments could pose moderate to high risks to holders of existing taxi owner licences and may result in litigation. Conversely, there is a risk that the perceived lack of service and other issues noted through various consultations will continue should the vehicle-for-hire industry not include TNCs.

COMMUNITY ENGAGEMENT

Citizens, industry, Council and staff were contacted by Hara Associates. The online citizen survey resulted in 13,400 responses clearly supporting TNCs. National jurisdictional scans were completed by both Hara Associates and staff. In addition, advocacy groups in support of TNCs have also been consulted.

The external stakeholders include but are not limited to: The Province of Nova Scotia, Halifax International Airport Authority, the taxi and limousine industry, TNCs, and citizens.

ENVIRONMENTAL IMPLICATIONS

There are environmental implications from the potential increase in vehicle trips, trip kilometres and idling associated with providing a vehicle-for-hire service, thereby increasing greenhouse gas emissions. Should a per-trip fee be enabled, incentives could be used to promote zero emissions vehicles.

ALTERNATIVES

Regional Council may choose to direct the Chief Administrative Officer to prepare amendments to:

1. By-law T – 1000, Respecting the Regulation of Taxis, Accessible Taxis and Limousines that are different from those recommended in this report;
2. Administrative Order 15, Respecting License, Permit and Processing Fees that are different from those recommended in the report.

Additional amendments may require a Supplementary Report.
