SUBJECT: Review of Report Requests

ORIGIN

Staff report to Regional Council to review the list of report requests in accordance with Administrative Order 1, Section 76(2).

LEGISLATIVE AUTHORITY

Administrative Order 1 Section 76(2) "At the first meeting of the subsequent Council following the swearing into office of the new Members, the status sheet shall be tabled and upon review Council may withdraw any item(s) from the status sheet."

RECOMMENDATION

It is recommended that Halifax Regional Council review the attached list of report requests, as outlined in Attachment 1, and bring forward any items recommended to be withdrawn.

BACKGROUND

Council may, by motion, request that a staff report be requested through the Chief Administrative Officer. Prior to September 2014, requests for reports were maintained by the Office of the Municipal Clerk in a tracking document referred to as a “status sheet”. In September 2014, a new corporate tracking tool was launched called “Report Centre;” to allow for centralized tracking, and older requests for reports were added into Report Centre. All new requests for reports are now tracked via this tool.

DISCUSSION

Administrative Order 1, the Procedure of the Council Administrative Order, section 76(2), allows for the review of report requests following a Municipal Election and the Swearing In of a new Mayor and Council.

Council may review the requests as outlined in Attachment 1 and advise if any of these items should be withdrawn.

Following the review, any item(s) recommended to be withdrawn will be archived from Report Centre, cancelling the previous request for a staff report.

FINANCIAL IMPLICATIONS

There are no financial implications associated with this report.

RISK CONSIDERATION

If subsequent to this review, a member wishes to withdraw a motion which previously approved a request for a staff report, notice of motion would be required prior to the motion being considered in accordance with Administrative Order 1.

COMMUNITY ENGAGEMENT

Halifax Regional Council meetings are open to the public

ENVIRONMENTAL IMPLICATIONS
