

Customer Portal Series

How to: Working with Project Functionality

The customer portal has a built-in function to help customers organize their permit applications into folders. The permits can be organized or grouped in folders according to the needs of the customer; by location, but client, by type etc.

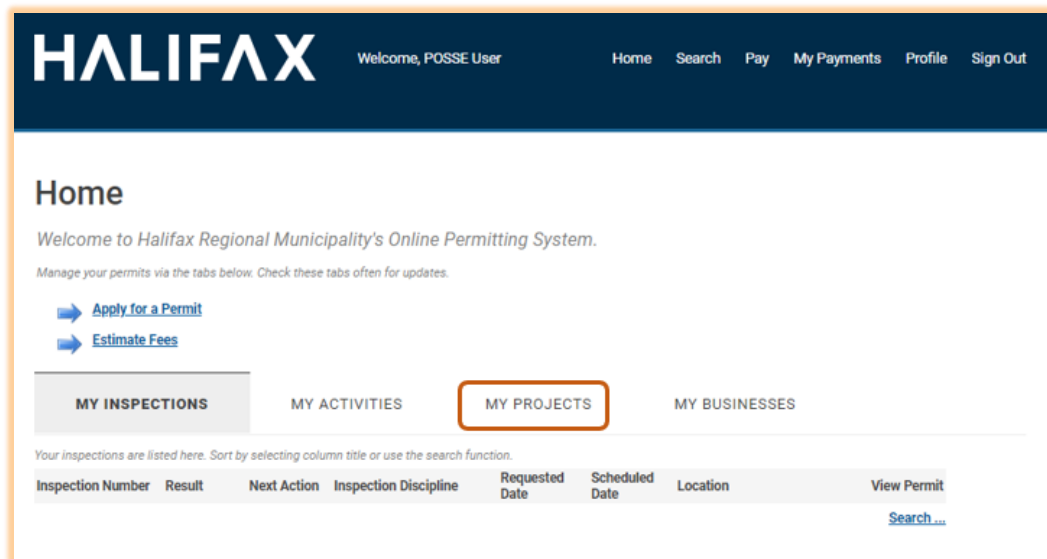

Use of this feature is optional at the discretion of the account owner. The municipality does not use the project folder information and the folders do not impact how the permit applications are processed or prioritized.

The permit file will indicate the folder number if the permit is in a project, however management and visibility in the folders is available only to the account owner -even if the account owner is associated with other contractors. Therefore, the folders are not shareable across an organization.

If you wish to use the project function the follow steps walk through how to create the folders, add permits to the folders and manage the folders from your customer portal account.

Create a Project

1. From the landing page, select the My Projects tab.

The screenshot shows the Halifax Regional Municipality's Online Permitting System home page. The header includes the HALIFAX logo, the user name 'Welcome, POSSE User', and navigation links for Home, Search, Pay, My Payments, Profile, and Sign Out. The main content area is titled 'Home' and includes a welcome message: 'Welcome to Halifax Regional Municipality's Online Permitting System. Manage your permits via the tabs below. Check these tabs often for updates.' Below this are two links: 'Apply for a Permit' and 'Estimate Fees'. A navigation bar contains four tabs: 'MY INSPECTIONS', 'MY ACTIVITIES', 'MY PROJECTS' (highlighted with a red box), and 'MY BUSINESSES'. Below the tabs is a table with columns: 'Inspection Number', 'Result', 'Next Action', 'Inspection Discipline', 'Requested Date', 'Scheduled Date', 'Location', and 'View Permit'. A 'Search...' link is located at the bottom right of the table.

Customer Portal Series

2. To add a project, click the +Project button.

These are your recent Projects. Click "Show more..." to see a larger list. ADMIN

[+ Project](#)

Search...

3. Enter the Name of the Project.

There is already a project folder and you wish to create a sub-folder, enter the existing project folder name in the Parent Project field, and the name of the new sub-project in the name field.

Enter a description of the project in the description field to provide further context.

Manage your Projects - Using The Project Tabs

1. My Projects Tab: this tab is visible at all times on the customer portal dashboard.
 - Once a project folder is created it will be listed in this tab and the permit applications within it are easily accessible.
 - From this tab you can manage and create new projects.

2. From My Project Tab, clicking a project folder will open the project further.
 - Each tab allows you to manage an aspect of the project-related information.
 - Remove permits from the project folder by clicking the red (X)(this does not delete the permit application. It only removes it from the project folder.)

Customer Portal Series

3. The Details Tab:

- Shows the project folder name
- Shows the description added during folder creation
- Shows any subfolders within the project folder
- Lists all permit applications linked to the project with their job description.

Individual permit files can be opened by clicking the rectangle icon beside the permit.

The screenshot shows the 'Project PR-2021-000035 (Active)' interface. The 'DETAILS' tab is selected and highlighted with a red box. Below the tabs, the 'DETAILS' section includes a 'Parent Project' field with a value of 'Nadia Drive Townhouse 1' and a 'Description' field. Below this, the 'LINKED ACTIVITIES' section lists three permit applications with their respective details and a 'Save' button at the bottom left. A 'Screen ID: 1318461' is visible in the bottom right corner.

5. Location Tab:

The location tab provides parcel information for each permit.
If the permits are from different parcels, multiple parcels will be listed.

The screenshot shows a project page for 'Project PR-2020-000035 (Draft)'. At the top, there are four tabs: 'DETAILS', 'PROJECT ACTIVITY', 'LOCATION', and 'CONTACTS'. The 'LOCATION' tab is highlighted with a red border. Below the tabs, there is a section titled 'Parcel' with three entries, each with a small landscape icon:

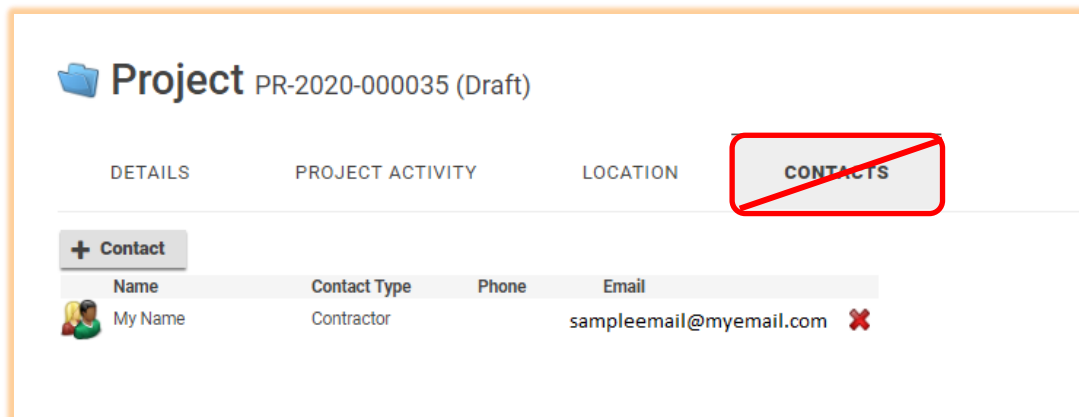

- 00-604-140
9 RUSSELL RD, CLAM HARBOUR, B0J1Y0
- 40-438-053
4 SILVER TERR, BEDFORD, B4A3R8
- 40-505-448
51 BUMPY LANE, LAKE ECHO, B3E1B8

At the bottom left of the parcel list, there is a 'Save' button.

6. Contacts Tab:

The Contacts Tab allows contact information to be added to the project folder.

NOTE: The Project Function is only used by you as the customer portal account owner, therefore any information stored here is only visible to you and will not be communicated to the municipality or to associated contractors. This tab is optional and for your use only.

The screenshot shows the same project page as above, but with the 'CONTACTS' tab highlighted with a red border and a diagonal line through it. Below the tabs, there is a '+ Contact' button. Below that, there is a table with the following data:

Name	Contact Type	Phone	Email
 My Name	Contractor		sampleemail@myemail.com ✕
