2. Pre-Authorized Debit Details

Please choose the type of plan that best suits your needs:

Regular – Available to both monthly and quarterly billed customers.

Payment of bill on due date. You will receive your bill in the normal manner as you do now so you will know the amount of your bill before it is deducted from your bank account. The bill will have "Pre-Authorized Payment – Do Not Pay"; printed on the bottom of the bill.

Budget – Only available to quarterly billed customers.

A fixed amount is withdrawn each month. The amount is based on your estimated annual usage, and will be withdrawn each month on a selected date convenient to you. This method has the effect of spreading your costs more evenly over the year. You will receive a monthly bill that will reflect your budget amount and the budget payment(s) made. In the event that the fixed amount changes, we will send you a written notice identifying the new amount at least 10 days before the first pre-authorized debit amount. The minimum monthly payment under this plan is \$20.00.

Choose the date which you would like to have the budget amount taken out (from 1st to 28th)

Information Regarding the Plan

- To be eligible for the Pre-Authorized Payment Plan, your current water bill must be paid in full.
- Please provide a void cheque with your application.
- To change your banking information, please provide a new void cheque at least 10 business days prior to your next pre-authorized debit.
- If you wish to switch from one pre-authorized debit plan to another, please advise our office in writing or by fax. Please note, customers can switch only once per calendar year.
- It is important to note that if the money is not in your account on the day the bill is due to be paid, there will be a 'Non-Sufficient Fund (NSF)' charge from your bank and also a NSF charge from Halifax Water. If this happens more than twice in one year, unfortunately your account will no longer be eligible for this payment plan.
