MOVING FORWARD TOGETHER

As our city changes, so do our public transit needs. The **Moving Forward Together Plan** will improve our transit system to better meet the needs of residents in the Halifax region, now and in the future.

HOW IS HALIFAX TRANSIT CHANGING?

The **Moving Forward Together Plan** includes a redesign of the Halifax Transit route network which will consist of eight service types. To easily understand each route's service type, every service type will have a unique range of route numbers. For example:

- **Corridor Routes: 1-10**
- **Local Routes: 20-99**
- **Express Routes: 100-199**
- **Regional Express Routes: 300-399**
- **Rural Routes: 400-499**

With this new system, just by looking at the route number, riders will be able to understand the service type and frequency of the route.

The revamped transit system allows for new, more direct and frequent routes to make our transit network faster, more reliable and easier to understand.

WATCH FOR NEW SIGNS AT YOUR BUS STOP!

To support the transition of the bus network redesign, you will notice that many bus stops have a new service notice sign attached.

These new signs have been installed leading up to the launch of the **Moving Forward Together Plan** bus changes on **November 22, 2021** to help you learn about the new and discontinued routes at each bus stop.

For more information about the changes at your bus stop, as of **November 22, 2021**, visit halifax.ca/servicechanges

TRANSIT TIP!

Call 311 for more information about routes at your bus stop, but remember to note the bus stop number for the most accurate information!

CORRIDOR ROUTES ROUTES 1–10

All day service along major streets providing direct connections to terminals.

Corridor routes form the backbone of the revamped transit network to provide:

- Frequent service along high demand routes.
- Connections from residential neighbourhoods to regional destinations, like shopping, employment, schools, and services.
- Consistent service 7 days a week from early morning to late evening.

NEW ROUTES

5 Portland

6 A/B/C Eastern Passage

7A/B Peninsula

ROUTE 5 Portland

New Corridor Route providing service between Portland Hills Terminal → Downtown Halifax

7 DAYS/WEEK

CHANGE

- **5 Portland** replaces portions of former Routes 59, 61, and 68.
- **5 Portland** provides service between Portland Hills Terminal (Dartmouth) → Scotia Square (Downtown Halifax).

WHY

- This new **Corridor Route** introduces reliable, consistent service along Portland Street and between Dartmouth and Halifax.

TRANSIT TIP!

- Download the “Transit App”, use “Google Maps”, or visit halifax.ca/transit on your smartphone or computer to help plan your trip.
- Not tech saavy? No worries! Just call 311 and someone will be glad to help you.

INTRODUCING NEW BRANCHED ROUTE 6A/B/C!

Halifax Transit's new **6 A/B/C Eastern Passage** replaces former routes 60 and 63. This new route has branches including:

- **6A** Bridge Terminal to Woodside Ferry Terminal
- **6B** Bridge Terminal to Eastern Passage
- **6C** Bridge Terminal to Heritage Hills

WHAT IS A ROUTE BRANCH?

A route with “branches”, for example Route 6A/B/C, is a bus route which splits in order to serve two or more destinations.

On the busiest part or “trunk” of the route, all branches provide the highest level of service, as all buses on this route will travel this section. At the ends of the route, where demand is less, the route splits into two or more “branches” in order to provide service to multiple destinations.

A ROUTE BRANCH IN ACTION

Starting in Dartmouth, 6A, 6B, & 6C all depart from the Bridge Terminal and travel to Woodside Ferry Terminal. This section would be the “trunk” of the route.

From there, these routes split or “branch” off, with the 6B continuing to Eastern Passage and the 6C continuing to Eastern Passage and the community of Heritage Hills.

ROUTE 6A/B/C Eastern Passage

 New Corridor Route replacing **Route 60 Eastern Passage/Heritage Hills & Route 63 Woodside**

7 DAYS/WEEK
6A does not provide service on weekends

CHANGE

- New **Route 6 A/B/C** replaces discontinued Routes 60 & 63.
- This new route has three branches which provide service between:
 - 6A** Bridge Terminal (Dartmouth) → Woodside Ferry Terminal
 - 6B** Bridge Terminal (Dartmouth) → Woodside Ferry Terminal → Eastern Passage
 - 6C** Bridge Terminal (Dartmouth) → Woodside Ferry Terminal → Heritage Hills
- No service will be provided on Irving, Franklyn or Everette Street.
- The amount of service will be reduced on Cow Bay Road, Caldwell Road, Shore Road loop.
- All day and weekend two-way service will be provided to Heritage Hills.

WHY

- Service reduction on Caldwell Road was necessary in order to provide equitable service to both areas, including Heritage Hills.
- This new Corridor Route will also introduce more reliable and consistent service from Bridge Terminal to Woodside, Eastern Passage and Heritage Hills.

TRANSIT TIP!

When reporting an issue to 311, please include the bus number, the route number and if it is the A, B, or C of the route. The more information, the better!

Example: Bus # 1048, Route 6B at 11:01 a.m.

ROUTE 6A/B/C Eastern Passage

ROUTE 7A/B Peninsula

New Corridor Route providing service between North Ridge Road $\leftrightarrow$ South Street, replacing former **Route 7**

7 DAYS/WEEK

CHANGE

- Route 7 Peninsula** will provide service between the north and south of the Halifax peninsula from North Ridge Road to South Street (South End, Halifax). This route will start and end at Samuel Prince Manor.
- Route 7 Peninsula** will provide similar routing and service as previous Route 7 but instead, the **7A/B Peninsula** will operate as a two-way loop.

Route 7A will travel clockwise and Route 7B will travel counterclockwise, enabling frequent transfer connections with other routes.

WHY

- New Route **7 Peninsula** will introduce more reliable and consistent service in either direction to improve the on-time performance of the route.

TRANSIT TIP!

- If you rode the bus which formerly displayed “7 Robie” on its destination sign, you can now take Route 7A.
- If you rode the bus which formerly displayed “7 Gottingen” on its destination sign, you can now take Route 7B.

ROUTE 7A/B Peninsula

LOCAL ROUTES
ROUTES 20–99

Connecting communities with
Corridor Routes.

- Most Local Routes provide all day service, but do not operate as frequently as Corridor Routes.
- They provide connections between neighbourhoods or communities to Corridor Routes at Transit Terminals.
- Some local routes are replaced by one-way Express Routes during weekday rush hours to provide service between local areas and Downtown Halifax to support the high volumes of passengers in the peak direction.

NEW ROUTES

- 24 Leiblin Park
- 26 Springvale
- 53 Highfield
- 54 Montebello
- 55 Port Wallace
- 57 Portland Estates
- 62 Grahams Grove
- 63 Mount Edward
- 67 Baker
- 90 Larry Uteck
- 91 Hemlock Ravine

ROUTE 24 Leiblin Park

 New Local Route providing service from Leiblin Park → South Street, replacing former **Route 14 Leiblin Park**

7 DAYS/WEEK

CHANGE

- Route 24 Leiblin Park** will follow the same routing from Leiblin Park → South Street (South End, Halifax) as the former Route 14.
- Route 24 Leiblin Park** will end at Inglis Street near Saint Mary's University and will not provide service between Saint Mary's University and Scotia Square.

WHY

- Route 24 Leiblin Park** will introduce more reliable and consistent service improving on-time performance.

TRANSIT TIP!

- You can buy bus tickets and passes at one of our many participating retailers.
- Visit page 85 or halifax.ca/transit to see a full list.

ROUTE 24 Leiblin Park

ROUTE 26 Springvale

 New Local Route providing service from Springvale → Mumford Terminal, replacing former **Route 5 Chebucto**

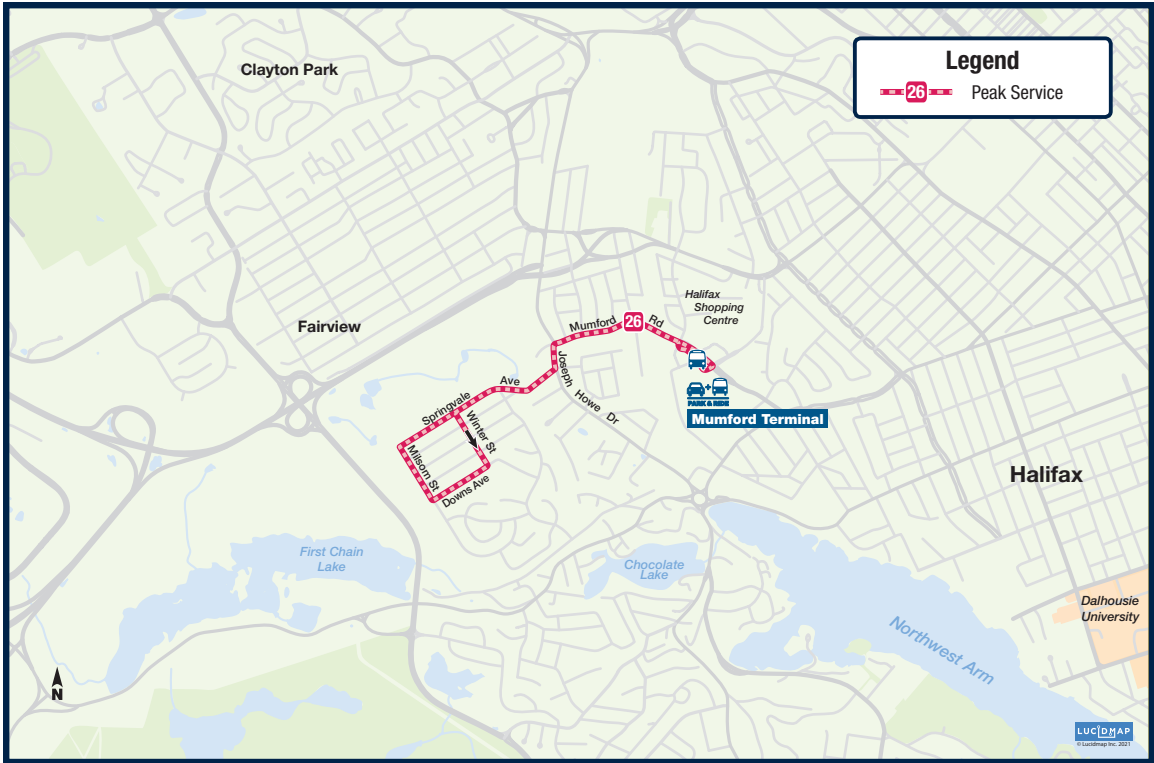

**RUSH-HOUR/PEAK PERIOD
WEEKDAY SERVICE ONLY**

CHANGE

- **Route 26 Springvale** will follow the same routing from Springvale → Mumford Terminal (Halifax) as the former Route 5 Chebucto.
- New **Route 26** will not continue beyond Mumford Terminal to downtown Halifax. However, riders can connect to frequent corridor routes at Mumford Terminal if they wish to travel to downtown.

WHY

- **Route 26 Springvale** will reduce redundancy with other available routes serving Mumford Terminal to downtown.

ROUTE 53 Highfield

 New Local Route providing service from Highfield Terminal → Alderney Gate replacing former **Route 53 Notting Park**

7 DAYS/WEEK

CHANGE

- **Route 53 Highfield** will travel between Highfield Terminal and Alderney Gate (Dartmouth).
- **Route 53** will not continue to Halifax during peak hours but will go to Alderney Gate for a new connection to Halifax.
- It will provide two-way service along the entire route and therefore will not service Victoria Road.

WHY

- Providing two-way service simplifies the network, which is a principle of the **Moving Forward Together Plan**.
- **Route 53 Highfield** will provide a new connection between Highfield and Alderney Gate.

TRANSIT TIP!

Need a new Riders' Guide or Route Map?

They are located at participating retailers and on Halifax Transit buses and ferries. See page 85, or halifax.ca/transit for more information.

ROUTE 53 Highfield

ROUTE 54 Montebello

Minor routing adjustments will be made to provide service from Montebello → Alderney Gate → Bridge Terminal

7 DAYS/WEEK

CHANGE

- Route 54 Montebello will follow similar routing from Montebello → Alderney Gate (Dartmouth) as the former Route 54, but will continue to provide a connection to the Bridge Terminal.
- To provide additional service to the Keystone Village /Montebello area, the route will travel along portions of Breeze Drive, Columbo Drive and Appian Way.

WHY

- Route 54 Montebello will introduce frequent service with more options for connections to other routes.

ROUTE 54 Montebello

ROUTE 55 Port Wallace

Routing and scheduling adjustments, providing service from Charles Keating Drive → Alderney Gate → Micmac Terminal → Bridge Terminal

7 DAYS/WEEK

CHANGE

- Route 55 Port Wallace will follow similar routing as former 55 Port Wallace between Craighburn Drive → Ochterloney Street (Dartmouth) but will be adjusted to service both the Alderney Gate and Bridge Terminal.
- Due to low ridership, Route 55 will no longer provide service along Waverley Road between Montague Road and the Portobello turning loop, near Highway 118.
- Route 55 Port Wallace will travel Waverley Road to Charles Keating Drive and along a portion of Craighburn Drive.

WHY

- Discontinuing service along parts of the route which had low ridership allows for resources to be reinvested in sections of the route which have high ridership. This is consistent with Principle 1 of the Moving Forward Together Plan which is to “increase the proportion of resources allocated toward high ridership services”.
- Route 55 Port Wallace will provide a new connection to the Alderney Ferry Terminal and introduce more reliable and consistent service.

ROUTE 55 Port Wallace

ROUTE 57 Portland Estates

 New Local Route providing service from Portland Hills Terminal → Penhorn Terminal, replacing former **Route 57 Russell Lake**

**RUSH-HOUR/PEAK PERIOD
WEEKDAY SERVICE ONLY**

CHANGE

- **Route 57 Portland Estates** will follow similar routing as former **57 Russell Lake** from Portland Estates Terminal → Penhorn Terminal (Dartmouth), but will not service the portion between Woodside Ferry Terminal → Penhorn Terminal.
- **Route 57 Portland Estates** will only provide service during weekdays at rush hour/peak periods.

WHY

- Some trips on the former **Route 57** had low ridership. Therefore, the resources from those trips were reallocated and used to improve sections of the route that had higher ridership.
- **Route 57 Portland Estates** will introduce more reliable and consistent service to allow for transfers at Penhorn Terminal.

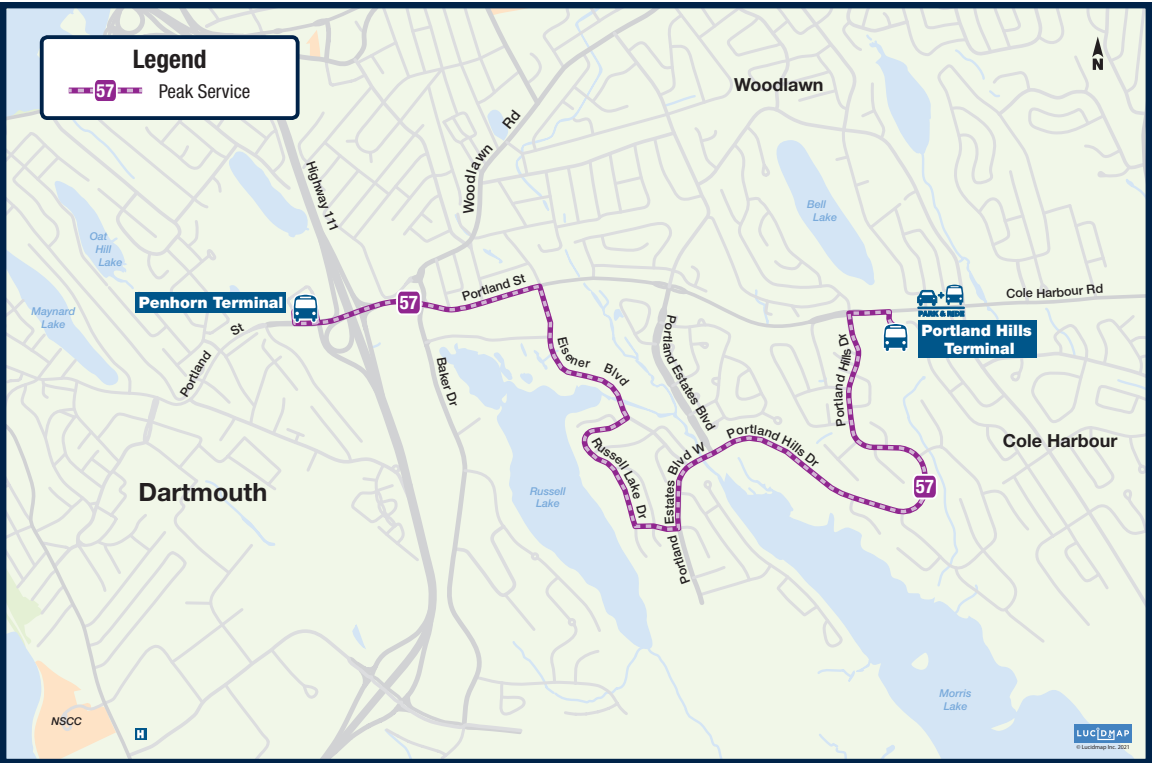

TRANSIT TIP!
Route 67 Baker will replace the portion of former Route 57 Russell Lake between Penhorn Terminal → Woodside Ferry Terminal.
See page 40 for more details.

ROUTE 62 Grahams Grove

New Local Route providing service from Bridge Terminal → Alderney Gate → Penhorn Terminal → Gaston Road Turning Loop, replacing portion of **Route 66 Penhorn** between Penhorn Terminal → Gaston Road Turning Loop

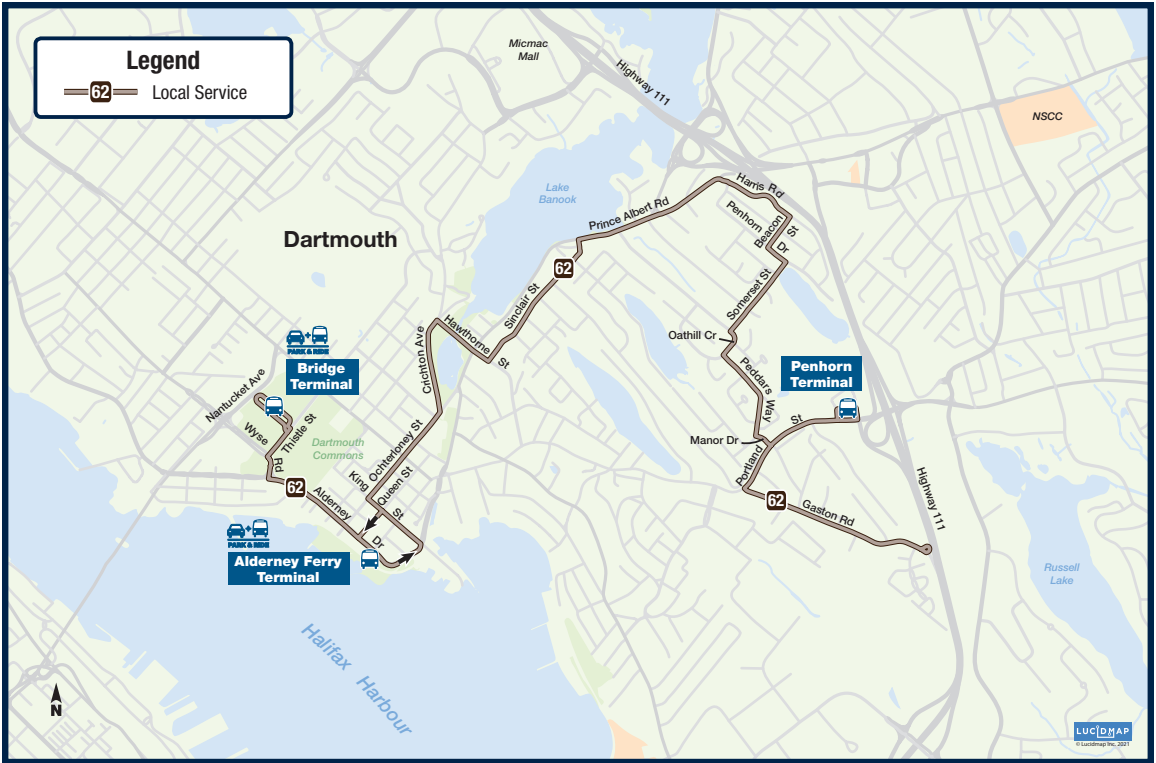

7 DAYS/WEEK

- CHANGE**
- Route 62 Grahams Grove** will follow similar routing as former **62 Wildwood** between the Bridge Terminal → Penhorn Terminal (Dartmouth), but will not go past HWY 111 to Woodlawn or Cole Harbour.
 - Route 62** will also replace part of **Route 66 Penhorn** between Penhorn Terminal and the Gaston Road Turning Loop.

- WHY**
- Route 62 Grahams Grove** will introduce more reliable and consistent service.

ROUTE 62 Grahams Grove

TRANSIT TIP!

- Did you know that shorter routes are easier to keep on time, as they are less susceptible to traffic delays?
- Halifax Transit wants you to arrive on time! That is why you may notice new, shorter routes in the network redesign.

ROUTE 63 Mount Edward

 New Local Route providing service from Penhorn Terminal → Portland Hills Terminal via Mount Edward Road, replacing former **Route 62 Wildwood**

7 DAYS/WEEK

CHANGE

- Route 63 Mount Edward** will follow similar routing as former **62 Wildwood** between the Bridge Terminal → Forest Hills Parkway (Dartmouth) but will not service the southern portion of Flying Cloud Drive.
- Route 63** will travel the southern portion of Forest Hills Parkway and Cole Harbour Road.
- It will provide two-way service along the entire route and provide a connection to Portland Hills Terminal.

WHY

- Route 63 Mount Edward** will introduce more reliable and consistent service and provide a connection to Portland Hills Terminal.

ROUTE 67 Baker

ROUTE 90 Larry Uteck

 Minor routing adjustments will be made to provide service to the new West Bedford Park & Ride

7 DAYS/WEEK

CHANGE

- **Route 90 Larry Uteck** will be adjusted to travel along Gary Martin Drive as far as Innovation Drive (Bedford), to provide service to the new West Bedford Park & Ride.
- The route will be removed from Gary Martin Drive north of Innovation Drive, Hammonds Plains Road and Innovation Drive east of the Park & Ride.

WHY

- **Route 90 Larry Uteck** will introduce more comfortable transfer connections to other routes via West Bedford Park & Ride.
- These changes allow for the most direct, two-way service to the West Bedford Park & Ride.

TRANSIT TIP!

There is a multi-use path that connects to the Park & Ride. This means you can ride your bike all the way there!

See page 48 for a list of all Park & Rides.

ROUTE 90 Larry Uteck

ROUTE 91 Hemlock Ravine

Minor routing adjustments will be made to provide service to the new West Bedford Park & Ride

7 DAYS/WEEK

CHANGE

- Route 91 Hemlock Ravine will be adjusted to travel between Hammonds Plains Road → Innovation Drive to provide service to the new West Bedford Park & Ride.
- The route will be removed from Hammonds Plains Road west of Innovation Drive, Gary Martin Drive and Innovation Drive west of the Park & Ride.

WHY

- Route 91 Hemlock Ravine will introduce more comfortable transfer connections to other routes via West Bedford Park & Ride.
- These changes allow for the most direct, two-way service to the West Bedford Park & Ride.

**Zatzman Sportsplex sells parking passes for \$135 for 3 months for Halifax Transit monthly pass holders. Visit halifax.ca/transit for more info.

***The Mumford Terminal Park & Ride is located along the fence, in the lower parking lot between Tim Hortons and Walmart. There is signage onsite to indicate Park & Ride parking.

LOCAL / EXPRESS ROUTES ROUTES 100–199

Rush hour, one-way, limited stop service.

- Express Routes provide service during rush hour and service limited stops to get you where you need to go, more directly.
- These routes provide one-way service in the direction that has the highest ridership — like morning trips to Downtown Halifax, for example.
- They provide commuters streamlined transit service between residential communities and downtown.
- Some local routes are replaced by Express Routes during weekday rush hours to provide local service as well as direct trips in and out of Downtown Halifax.

ROUTES 58 Woodlawn / 158 Woodlawn Express

Minor routing adjustments to local route **58 Woodlawn**, provides service from Portland Hills Terminal → Penhorn Terminal via Woodlawn

7 DAYS/WEEK

New Express Route **158 Woodlawn Express** during peak hours in peak direction, provides service from Penhorn Terminal → Downtown Halifax

RUSH-HOUR/PEAK PERIOD WEEKDAY SERVICE ONLY

CHANGE

- Route 58 Woodlawn** will no longer service the northern part of Spring Avenue.
- Instead, **Route 58 Woodlawn** will provide two-way service and travel the southern part of Spring Avenue, Collins Grove and Regal Road to connect to Portland Street.
- Route 58** will end at Penhorn Terminal and be replaced by the new **Route 158 Woodlawn Express** during rush hour, in the peak direction, to provide express service from the Penhorn Terminal → Downtown Halifax.

WHY

- Route 58 Woodlawn** will introduce more reliable and consistent service and provide a connection to Portland Hills Terminal.
- Route 158 Woodlawn Express** provides new express service which allows for more direct trips to and from Penhorn Terminal → Downtown Halifax.

ROUTES 68 Cherry Brook / 168A Auburn Express / 168B Cherry Brook Express

ROUTE 127 Cowie Hill Express¹

 New Express Route providing service from Cowie Hill → Downtown Halifax, replacing former **Route 32 Cowie Hill Express**

**RUSH-HOUR/PEAK PERIOD
WEEKDAY SERVICE ONLY**

- CHANGE**
- 127 Cowie Hill Express** will follow similar routing as former **Route 32 Cowie Hill Express**, but instead travel on Chebucto Road rather than Quinpool Road, to be consistent with other express service routing.
 - Routing will be adjusted to provide service to Long Lake Village, removing service from Old Sambro Road east of Dunbrack Street.
 - The new **Route 127 Cowie Hill Express** will provide service during rush hour, in the peak direction, to provide express service from the Cowie Hill → Downtown Halifax.

- WHY**
- 127 Cowie Hill Express** will serve the existing and developing neighbourhood.

ROUTE 178 Mount Edward Express¹

 New Express Route providing service from Mount Edward → Woodside Ferry Terminal, replacing former **Route 78 Mount Edward**

**RUSH-HOUR/PEAK PERIOD
WEEKDAY SERVICE ONLY**

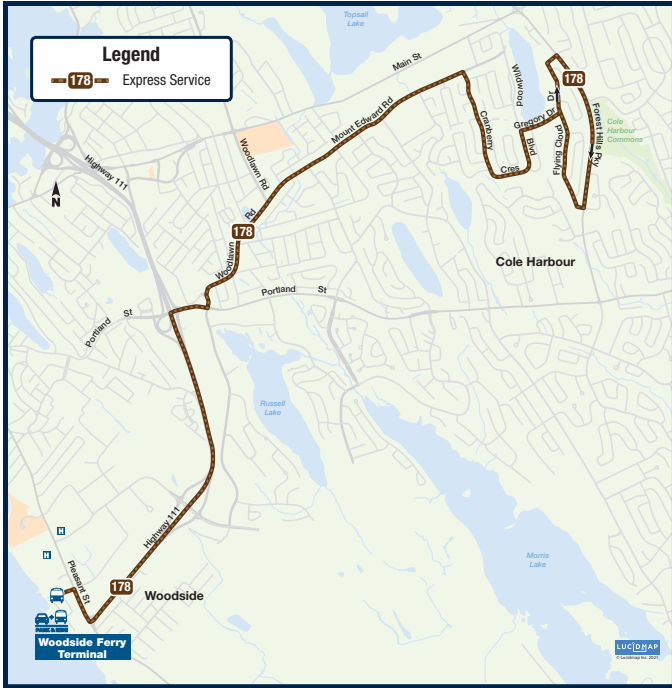

- CHANGE**
- Route 178 Mount Edward Express** will follow the same routing as the former **Route 78 Mount Edward Express** but due to low ridership, some trips have been removed from the schedule.
 - The new **Route 178 Mount Edward Express** will provide service during rush hour, in the peak direction, to provide express service from Mount Edward → Woodside Ferry Terminal to provide a possible connection to the ferry.

- WHY**
- Route 178 Mount Edward Express** will introduce improved on-time performance and transfer connections.

ROUTE 194 West Bedford Express¹

Minor routing adjustments will be made to provide service to the new West Bedford Park & Ride

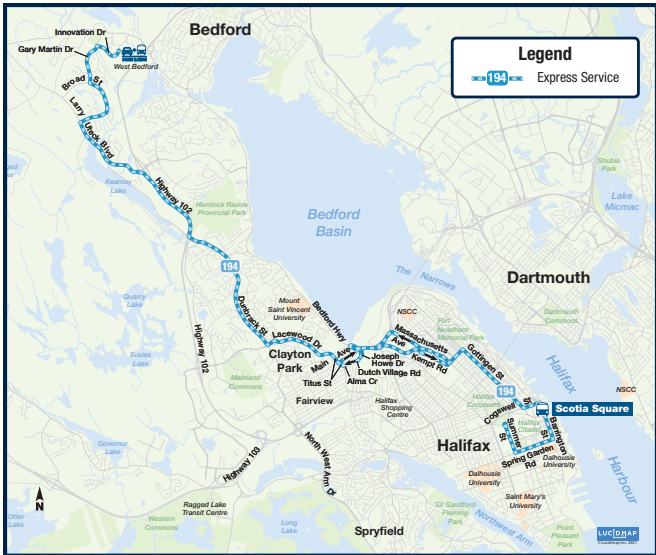

**RUSH-HOUR/PEAK PERIOD
WEEKDAY SERVICE ONLY**

CHANGE

- **Route 194 West Bedford Express** will be adjusted to travel along Gary Martin Drive as far as Innovation Drive (Bedford), to provide service to the new West Bedford Park & Ride.
- The route will be removed from Gary Martin Drive north of Innovation Drive, Hammonds Plains Road and Innovation Drive east of the Park & Ride.

WHY

- **Route 194 West Bedford Express** will introduce more comfortable transfer connections to other routes via West Bedford Park & Ride.
- These changes allow for the most direct, two-way service to the West Bedford Park & Ride.

Please see page 80 for Combined Route Map servicing West Bedford Park & Ride.

RURAL ROUTES ROUTES 400–499

Connect rural communities to transit service in urban areas.

- Rural routes provide transit service to communities located outside of the Urban Transit Service Boundary (UTSB) and were established before the boundary was adopted.
- These routes provide connections between rural communities and transit service in the urban area by bringing passengers to the nearest transit terminal.

NEW ROUTES
401 Porters Lake
433 Tantallon

ROUTE 401 Porters Lake

🚌 Routing adjustments will be made to allow for new weekend service

7 DAYS/WEEK

CHANGE

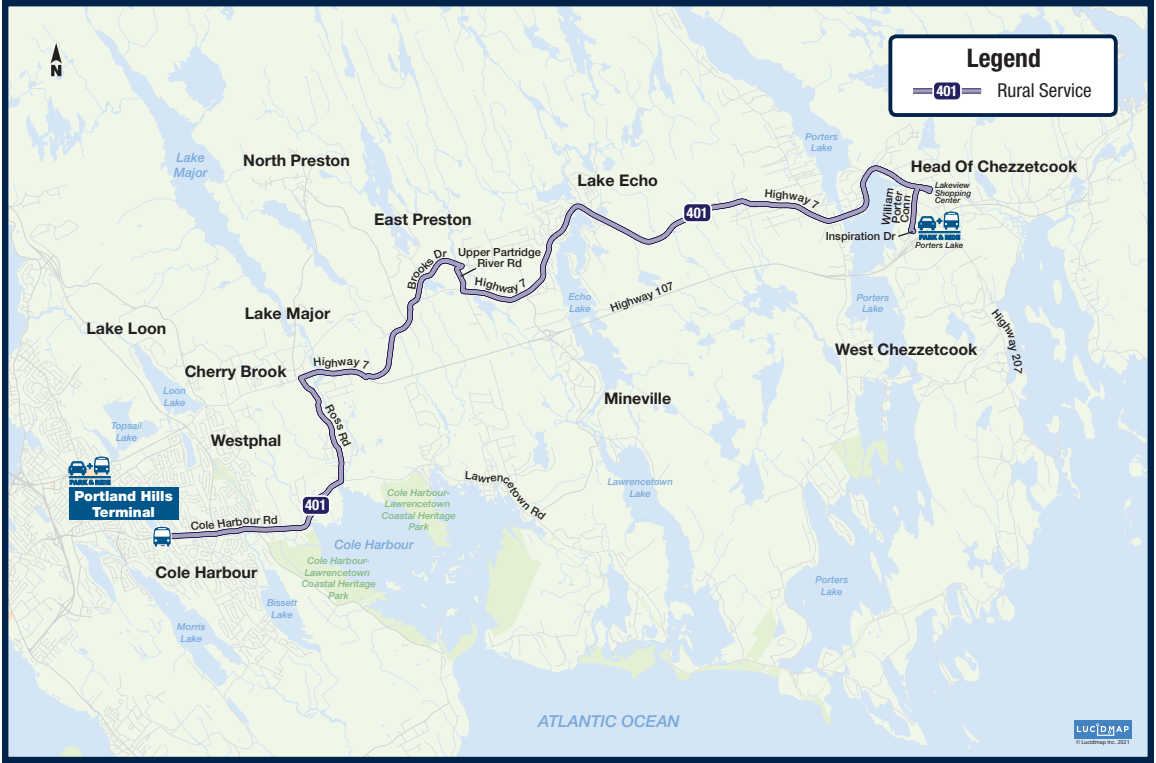

- **Route 401 Porters Lake** will be altered by removing service from Grand Desert and Back Road, due to low ridership.
- Instead, **Route 401** will service the Lakeview Shopping Centre and continue to the Porters Lake Park & Ride, which will be the new ending to the route.
- This adjustment allows for new weekend service to be added to the route.

WHY

- Shortened routing on **Route 401 Porters Lake** allows for more trips along the most used portion of the route.
- **Route 401 Porters Lake** will introduce new weekend service as well as more reliable and consistent service.
- **Route 401** connects to the Porters Lake Park & Ride. This provides commuters with the option of parking, and to then ride transit.
